

**KPR INSTITUTE OF ENGINEERING AND TECHNOLOGY**  
Arasur, Coimbatore - 641 407  
(Approved by AICTE, New Delhi, Chennai-25, Accredited by NAAC with 'A' Grade)

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

**DEPARTMENT LIBRARY BOOKS LIST AS ON 12.10.2026**

| Access No  | Author                        | Title                                            | Publisher           |
|------------|-------------------------------|--------------------------------------------------|---------------------|
| KPRCSEL001 | Kamthane                      | Computer Programming                             | Pearson             |
| KPRCSEL002 | Balagurusamy                  | Object oriented Programming with C++             | TMH                 |
| KPRCSEL003 | R.Shankar,M.Senthil, K.Palani | Fundamentals of Computing and programming        | Sri Krishna         |
| KPRCSEL004 | Balagurusamy                  | Fundamentals of computing programming            | TMH                 |
| KPRCSEL005 | Balagurusamy                  | Fundamentals of computing programming            | TMH                 |
| KPRCSEL006 | P.Chitra                      | Fundamentals of computing and programming        | Anuradha            |
| KPRCSEL007 | H.Azath                       | Software Engineering and Quality Assurance       | Anuradha            |
| KPRCSEL008 | E.Punitha                     | Embedded Systems Real time systems               | Anuradha            |
| KPRCSEL009 | Balagurusamy                  | Object oriented Programming with C++             | TMH                 |
| KPRCSEL010 | Pressman                      | Software Engineering : A practitioner's approach | TMH                 |
| KPRCSEL011 | Pradip Dey                    | Fundamentals of computing and programming in C   | Oxford              |
| KPRCSEL012 | V.S.Bagad                     | Computer Networks                                | Technical           |
| KPRCSEL013 | Silberschatz                  | Operating system concepts                        | Wiley               |
| KPRCSEL014 | Balagurusamy                  | Object oriented Programming with C++             | TMH                 |
| KPRCSEL015 | Sakthidevi                    | Software Project Management                      | ARS                 |
| KPRCSEL016 | Dr.A.Singaravelu              | Engineering Mathematics -I                       | Meenakshi agency    |
| KPRCSEL017 | Pradip dy                     | Fundamentals of computing and programming in C   | Oxford              |
| KPRCSEL018 | Bhushan Trivedi               | Programming with ANSI C++                        | Oxford              |
| KPRCSEL019 | S.Kavitha                     | Design and Analysis of Algorithms                | Sree Magnus         |
| KPRCSEL020 | Kamthane                      | Computer Programming                             | Pearson             |
| KPRCSEL021 | G.Balaji                      | Engineering Mathematics -I                       | G.Balaji Publishers |
| KPRCSEL022 | A.Ravikrishana                | Environmental science and engineering            | SKP                 |
| KPRCSEL023 | N.Rajganes                    | C# and .NET Framework                            | Lakshmi             |
| KPRCSEL024 | Anamitra Deshmukh             | Artificial Intelligence a Moden Approach         | Technical           |
| KPRCSEL025 | Balagurusamy                  | Object oriented Programming with C++             | TMH                 |
| KPRCSEL026 | Kamthane                      | Computer Programming                             | Pearson             |
| KPRCSEL027 | P.Ramesh Babu                 | Electronic Devices and circuits                  | Scitech             |
| KPRCSEL028 | A.Ramachandra Arvasri         | Engineering Economics and Financial Accounting   | TMH                 |
| KPRCSEL029 | K.Ezhilarasi                  | Java Programming                                 | Lakshmi             |
| KPRCSEL030 | Balagurusamy                  | Fundamentals of computing programming            | TMH                 |
| KPRCSEL031 | Raghavan V                    | Principles of compiler design                    | McGrawHill          |
| KPRCSEL032 | Puntambekar                   | Object oriented programming                      | Technical           |
| KPRCSEL033 | Deepak Khemani                | Artificial intelligence                          | McGrawHill          |
| KPRCSEL034 | Morris Mano                   | Digital design                                   | PHI                 |
| KPRCSEL035 | Donald Hearn                  | Computer graphics                                | PHI                 |
| KPRCSEL036 | J.S.Chitode                   | Information theory and coding                    | Technical           |
| KPRCSEL037 | Kamthane                      | Computer Programming                             | Pearson             |
| KPRCSEL038 | Balagurusamy                  | Fundamentals of computing programming            | TMH                 |
| KPRCSEL039 | Seema kedar                   | Database management systems                      | Technical           |
| KPRCSEL040 | Nitin Upadhyay                | Design and Analysis of Algorithms                | S.K.Kataria         |
| KPRCSEL041 | A.Ravikrishana                | Environmental science and engineering            | SKP                 |
| KPRCSEL042 | V.Raghavan                    | Principles of compiler design                    | TMH                 |
| KPRCSEL043 | Bhrathi Ashok                 | Operating systems                                | Sree Magnus         |
| KPRCSEL044 | P.Chitra                      | Fundamentals of computing and programming        | Anuradha            |
| KPRCSEL045 | Shari Lawrence Pfleeger       | Software engineering - Theory and practice       | Pearson             |
| KPRCSEL046 | L.Jabashela                   | Operating systems                                | Lakshmi             |
| KPRCSEL047 | Balagurusamy                  | Object oriented Programming with C++             | TMH                 |
| KPRCSEL048 | K.Krishnakumar                | Theory of computation                            | ARS                 |
| KPRCSEL049 | A.P.Godse                     | Computer Architecture and Organization           | Technical           |
| KPRCSEL050 | Kamthane                      | Computer Programming                             | Pearson             |
| KPRCSEL051 | Leland L Beck                 | System software                                  | Pearson             |
| KPRCSEL052 | Francesco balena              | Programming Microsoft Visual Basic 6.0           | World Press         |

|            |                     |                                                            |             |
|------------|---------------------|------------------------------------------------------------|-------------|
| KPRCSEL053 | K. Brinda           | Data Structures and OOPS in C++                            | Lakshmi     |
| KPRCSEL054 | Hamacher            | Computer Organization                                      | TMH         |
| KPRCSEL055 | D.P.Nagpal          | Web Designing Technology                                   | S.Chand     |
| KPRCSEL056 | Krishnakumari       | Principles of compiler design                              | ARS         |
| KPRCSEL057 | Balagurusamy        | Object oriented Programming with C++                       | TMH         |
| KPRCSEL058 | Phemina Selvi       | High Speed Networks                                        | Lakshmi     |
| KPRCSEL059 | K.Ezhilarasi        | Computer graphics                                          | ARS         |
| KPRCSEL060 | Kamthane            | Computer Programming                                       | Pearson     |
| KPRCSEL061 | G.Balaji            | Probability and Queueing theory                            | G.Balaji    |
| KPRCSEL062 | Kamthane            | Computer Programming                                       | Pearson     |
| KPRCSEL063 | Balagurusamy        | Object oriented Programming with C++                       | TMH         |
| KPRCSEL064 | David J.Kruglairski | Programming Microsoft Visual C++                           | World Press |
| KPRCSEL065 | A.A.Puntambekar     | Theory of computation                                      | Technical   |
| KPRCSEL066 | A.A.Puntambekar     | Data Structures and OOPS in C++                            | Technical   |
| KPRCSEL067 | A.A.Puntambekar     | Design and Analysis of Algorithms                          | Technical   |
| KPRCSEL068 | Balagurusamy        | Fundamentals of computing programming                      | TMH         |
| KPRCSEL069 | Kaveh Pahlavan      | Principles of Wireless networks                            | PHI         |
| KPRCSEL070 | A.P.Godse           | Computer Architecture                                      | Technical   |
| KPRCSEL071 | Pradip Dey          | Fundamentals of computing and programming in C             | Oxford      |
| KPRCSEL072 | Balagurusamy        | Fundamentals of computing programming                      | TMH         |
| KPRCSEL073 | Sanjay Sharma       | A Course in Computer Networks                              | S.K.Kataria |
| KPRCSEL074 | K.Krishnakumar      | Theory of computation                                      | ARS         |
| KPRCSEL075 | Kamthane            | Computer Programming                                       | Pearson     |
| KPRCSEL076 | Bharathi Ashok      | Database management systems                                | Sree Magnus |
| KPRCSEL077 | V.S.Bagad           | Cryptography and network Security                          | Technical   |
| KPRCSEL078 | K.Brindha           | Design and Analysis of Algorithms                          | Lakshmi     |
| KPRCSEL079 | Balagurusamy        | Fundamentals of computing programming                      | TMH         |
| KPRCSEL080 | Balagurusamy        | Fundamentals of computing programming                      | TMH         |
| KPRCSEL081 | S.Baghavathi Priya  | Operating systems                                          | Anuradha    |
| KPRCSEL082 | Silberschatz        | Database Ststem concepts                                   | McGrawHill  |
| KPRCSEL083 | Ali Bahrami         | Object oriented System development                         | McGraw Hill |
| KPRCSEL084 | A.A.Puntambekar     | Object oriented Programming with C++                       | Technical   |
| KPRCSEL085 | Bharathi Ashok      | Object oriented Programming                                | Sruthi      |
| KPRCSEL086 | Pradip dy           | Fundamentals of computing and programming in C             | Oxford      |
| KPRCSEL087 | William Stallings   | Cryptography and network Security, Principles and Practice | Pearson     |
| KPRCSEL088 | A.P.Godse           | Computer Architecture                                      | Technical   |
| KPRCSEL089 | Kamthane            | Computer Programming                                       | Pearson     |
| KPRCSEL090 | A.A.Puntambekar     | Data Structures                                            | Technical   |
