VISION AND MISSION OF THE DEPARTMENT

Vision:

To be the **centre of higher learning** in the field of Electrical and Electronics Engineering by educating the students to meet the **global challenges** with **professional ethics and social consciousness**.

Mission:

- ❖ Providing **technical, intellectual and ethical** environment to the students through **knowledge centric education and research**.
- ❖ Collaborating with industries in the vicinity, nationally and internationally for exposure and **innovation**.
- ❖ Enabling the students to **serve the society** through **prolific ideas**.

Programme Educational Objectives (PEOs)

The Graduates of Electrical and Electronics Engineering will

PEO1 Possess an adequate knowledge to meet the needs of the stakeholders and excel in their chosen profession with good communication and managerial skills.

PEO2 Adapt to emerging technologies and practice their profession confirming to ethical and human values.

PEO3 Continuously improve the habit of self-study through professional development activities.

Programme Outcomes (POs)

Graduates of Electrical and Electronics Engineering will be able to:

PO1 Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2 Problem Analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3 Design/development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO4 Conduct Investigations of Complex Problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO5 Modern Tool Usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO6 The Engineer and Society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7 Environment and Sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8 Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9 Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO10 Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO11 Project Management and Finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12 Life-long Learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

Programme Specific Outcomes (PSOs)

Graduates of Electrical and Electronics Engineering will able to:

PSO1. Develop skills to the expectations of the dynamic industrial practices in Electrical Engineering and allied areas.

PSO2. Analyse, design and integrate various renewable energy sources to meet the energy demand.

Association Activities

Industrial Visit – Final Year

The Department of Electrical and Electronics Engineering of KPR Institute of Engineering and Technology organized two days industrial visit (06.09.2019 & 07.09.2019) for final year students to Vivekanand Electrical Industries Pvt. Ltd and JVS Electronics, Bangalore. The team visited the transformer manufacturing and relay manufacturing plants.

TECHETHRA'19

The Department of Electrical and Electronics Engineering of KPR Institute of Engineering and Technology conducted the Intra Department Frolic “**TECHETHRA'19**” on 21.09.2019. The planned events are Poster presentation, Entrepreneurship & Startup ideas, Photography, Short film, Sports and Talent zone to enhance the skills in different fields. The students participated and presented their ideas, the best innovative works are awarded with mementos and certificates.

Industry Visit - L&T Valves Limited

The PALS is an educational initiative by volunteers from Alumni Fraternity of IITs for the benefit of students, faculty, and management of engineering Institutions. The PALS was organized the L&T Valves limited (LTVL) industrial visit on 11.10.2019. Our faculty Mr. G. Saravanan was participated in this event. The LTVL team presented about evolutionary of LTVL, products and development, process, safety precaution of the plant in the session. The team of LTVL was carried out all the 15 participation to the plant. The LTVL is a leader in flow control solutions.

Parents Teachers Meeting

The Department of Electrical and Electronics Engineering of KPR Institute of Engineering and Technology conducted the parents' meeting on 14.09.2019 (Saturday) in Veena Hall at 2.30 pm. Dr. R. Uthirasamy, Associate Professor, Department of Electrical and Electronics Engineering welcomed the gathering and Dr. V. Kumar Chinnaiyan, Professor & Head, Department of Electrical and Electronics Engineering presided over the function and presented the Vision & Mission, Salient features of the Department & Institution to the parents. Prof. D. Sathishkumar, Assistant Professor (Sr.G), Department of Electrical and Electronics Engineering shared his views and delivered the vote of thanks. The meeting was attended by around 230 parents.

Ero Intec 2019

The Ready 2 Market (R2M) display event was conducted at Ero Intec 2019 on 21-23 September 2019 at Parimalam Mahal, Erode. Our second year Students Ms. R. Aishwaryaa and Ms. S. Divya presented their project Smart Garbage System in this event.

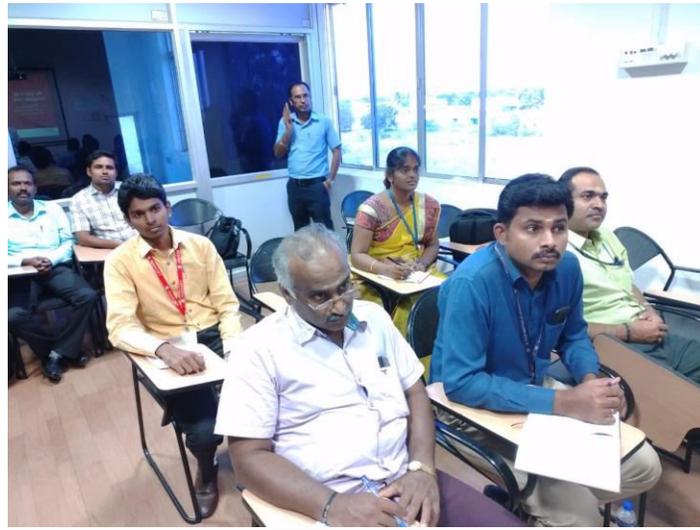

Alumni – Product Launch

The Alumni Mohan Kumar P. and Johnthar R. of 2018 batch students of Electrical and Electronics Engineering department became entrepreneur in the field of water purifier “ADYA AQUA TECH (GSTIN : 33ABNFA4008N1ZD) under manufacturing license from Bhabha Atomic Research Centre, Mumbai”. The alumni launched a product “Thulir Purifier – Advanced Ultra Filtration Technology” on 18.10.2019 in our Institution in the presence of Shri. K.P.D.Sigamani, Managing Director, KPR Mill Limited, Scientist Dr. J.Daniel Chellappa, Senior Scientist (TCW), BARC, Chennai, Dr. A.M.Natarajan, Chief Executive, KPRIET, Dr. M.Akila, Principal, KPRIET and Dr. V.Kumar Chinnaiyan, HoD/EEE, KPRIET. Dr. M.Akila, Principal/KPRIET welcomed the gathering for the product launch. The Chief Executive felicitates the work done by the Alumni’s and appreciated their hard work to make the product success towards the National needs. The Alumni briefed their product and success stories towards the brand “Adya Aqua Tech”, the technology needs to avoid the day zero. The event is presided by our beloved Managing Director, Shri. K.P.D.Sigamani and his speech inspired with “entrepreneur success happens through societal welfare good communication skills”. The chief guest Dr. J.Daniel Chellappa inspired the gathering with latest technological researches happening in the Bhabha Atomic Research Centre, Mumbai and motivated the students towards the need of technology development in our Nation depending the nearby countries. The first product is received by Shri. K.P.D.Sigamani, Managing Director, KPR Mill Limited from the Scientist Dr. J.Daniel Chellappa, BARC, Chennai. The product launch ends with Dr. V.Kumar Chinnaiyan, HoD/EEE positive note “Smart work, be professional and build your empire”.

Industry Visit - Shanthi Gears Pvt. Ltd

The PALS is an educational initiative by volunteers from Alumni Fraternity of IITs for the benefit of students, faculty, and management of engineering Institutions. The PALS was organized at M/s Shanthi Gears Private Ltd., Coimbatore industrial visit on 01.11.2019. Our faculty member Ms. S.Divya was participated in this event. The team presented about evolution of M/s Shanthi Gears and its products, development, process, safety precaution of the plant in the session. M/s Shanthi Gears is a pioneer in gear manufacturing and ranks amongst India's top gear manufacturers.

IIT PALS InnoWAH 2019-20

The PALS is an educational initiative by volunteers from Alumni Fraternity of IITs for the benefit of students, faculty, and management of engineering Institutions. The PALS will organize PALS InnoWAH 2019-20 - Innovation Challenge Competition. Our second year and third year students Ms. R.Aishwarya, Ms. S.Divya, Ms. A.Haripriyadharshini and Ms. S.Bhavana team was shortlisted to participate in the final round of PALS Innovation Challenge Competition.

AICTE Sponsored Short Term Training Program on Innovative Andragogical and Effective Teaching – Learning Methodologies for Millennium Generation Learners

- ❖ The Department of Electrical and Electronics Engineering of KPR Institute of Engineering and Technology conducted the AICTE Sponsored Short Term Training Program on Innovative Andragogical and Effective Teaching – Learning Methodologies for Millennium Generation Learners from 18/11/2019 to 23/11/2019. The first day (18/11/2019) sessions taken over by **Dr. Richa Verma, Senior Project Officer, Teaching Learning Center, IIT Madras** regarding Evolution of Teaching Learning Methodology, Necessity for adapting TLM and Mind set and Attitude of present generation students followed by Inauguration.
- ❖ The second day (19/11/2019) sessions was handled by **Dr. U.S. Ragupathy, Professor & Head, Department of EIE, Kongu Engineering College** about Effective Teaching Techniques in Higher Education and activity based learning. The third day (20/11/2019) FN session was handled by **Dr. B. Selvaraj, Professor, Government Arts College, Coimbatore** in the topic Impact of Stress management on Learning Process. The AN session was handled by **Dr. S.U Prabha, Professor & Head, Department of EEE, Sri Ramakrishna Engineering College** about Challenges for Teachers in Knowledge Society and Classroom Competency.

- ❖ The fourth day (21/11/2019) **Dr.P. Suresh Kumar, Visiting Professor, Knowledge Institute of Technology, Salem** in the topic of Andragogical Approach in Multidiscipline Teaching and Learning Interactive Andragogical Methods. The AN session was handled by **Dr. S.Bhaskar Professor, Department of Mechanical Engineering, Kumaraguru College of Technology** about lifelong learning. The fifth day (22/11/2019) sessions was handled by **Dr. G.Janaki Senior Project Officer, Teaching Learning Centre, IIT Madras** about Role of ICT in Teaching and Learning, Learner Centred Approaches and Effective Classroom Management.
- ❖ The last day (23/11/2019) sessions was handled by **Dr.S.Moorthi, Associate Professor, Department of EEE, NIT, Trichy** in the topic of Best Practices in Mode of Assessment and QP Setting. After completing all lecture sessions the participants were divided into groups and they were asked to prepare, present and assess a topic and open discussion was conducted regarding the strength and scope of improvement and it was graded out of 5 scale. Finally the convenor presided the function and distributed the certificate for the participants and participants shared their feedback. The sessions were concluded with National anthem. The 45 external faculty members and 8 internal faculty members were benefited during this short term training program.

Prakash

Industrial Engineer
ALSTOM Transport India Ltd.,

As Albert Einstein said "The value of a college education is not the learning of many facts but the training of mind to think", My department has given me all the freedom to think and do what I was really interested in and made me placed in the same sector. It was overall an awesome experience in spending four years of my life to equip myself, the learnings things required for life.

Malarvizhi

Project Engineer - Electrical
Siemens

I had the most wonderful time of my life when I studied in KPRIET. I met most of my friends and made the base of my career there. If people consider me as a knowledgeable person then it is because of the faculties who taught me the basics of engineering. All the best my fellow friends.
