Description about the event: A webinar on “Solar Technology – Challenges and Opportunities” was organized by the Mechanical Engineering Association on 30.10.21, between 11.00 a.m. and 12.00 p.m. through Online using Google Meet platform. Dr. Vimal Kumar Eswarlal, CEO, Mangla Smart Enrgy Solutions (P) Limited, Tirupur had consented to be the guest speaker and handled the session. Dr.P.Manoj Kumar, AP(Sl.G)/Mech delivered the welcome address introduced the guest speaker to the web gathering. Then, the session had been handled by the speaker. He explained the importance and role of solar energy technologies to protect the environment			

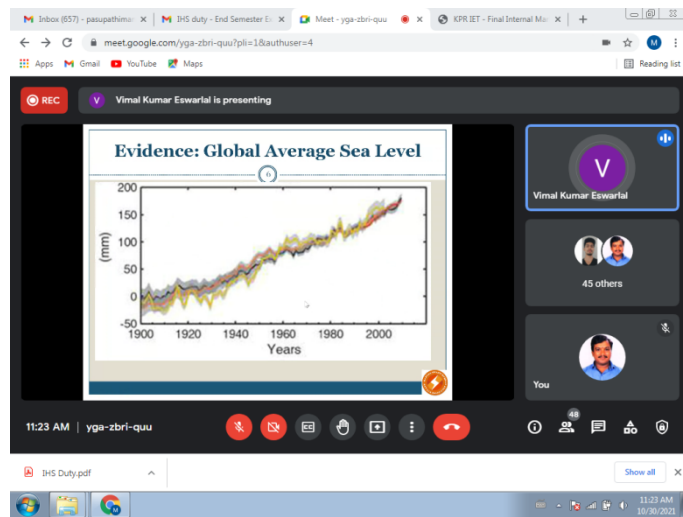

from adverse greenhouse gas emissions and to attain the sustainability in energy production. He further enlightened the students with the career opportunities for the mechanical engineers in solar technology related firms and in business. At the end of the session, the participants were interacted with the speaker and clarified their queries.

Outcome of the event with relevant PO& PSO mapping(Specify the mapping levels):

1. Students will get awareness on the opportunities in PSUs, and other engineering fields to take as the career option.
