

Department of English

1. About the Department:

Established in 2009, the Department of English addresses the diverse communication needs of engineering students through a range of courses tailored to modern professional demands. Our eight-expert faculty specialize in English Language Teaching, fostering academic and professional excellence. Committed to innovative instruction, we integrate social and ethical dimensions of engineering into the curriculum. By bridging technical skills and effective communication, we prepare engineers for success in collaborative, interdisciplinary environments.

Industry Collaboration:

Zing Languages Pvt Ltd partners with the department to offer an array of Foreign Language certification courses, including German, French, Japanese, Korean, Spanish, and more.

Thrust Areas:

English Language Teaching, Science Fiction, English Literature, Comparative Literature, Education, etc.

2. Facilities Available for Industry Collaboration

The department features a state-of-the-art Communication Laboratory with advanced tools for enhancing communication skills, Clarity English Success Software for refining listening, speaking, reading, and writing, and a CARE Studio for group discussions, recording, and reviewing spoken language. Additionally, expert research assistance and guidance are provided to support academic and professional language needs.

3. Consultancy

The Department specializes in Research Guidance and Skill Development Programs, offering expert solutions tailored to meet the academic and professional needs of individuals and organizations.

Consultancy Domains:

Research Guidance – Providing specialized assistance and mentorship for academic and applied research endeavors. Skill Development Programs – Designing and delivering transformative programs to enhance professional competencies and drive career growth. These services are meticulously crafted to empower clients with the knowledge, skills, and tools essential for achieving excellence in their respective fields.

4. Executive Development Programs

The Department offers a suite of Executive Development Programs, thoughtfully curated to meet the dynamic demands of professionals and organizations striving for excellence.

Program Highlights

Our programs are designed to foster leadership, enhance workplace competencies, and drive professional growth. We have a proven track record of delivering impactful solutions, with detailed case studies available upon request.

Key programs include:

The department offers comprehensive programs including soft skills development, leadership excellence, advanced communicative English, and business communication mastery to enhance professional competencies. Additional initiatives include work-life balance strategies, stress management workshops, professional development programs, and etiquette training to promote personal well-being, career growth, and a polished professional image.

These Executive Development Programs are tailored to cultivate high-performing professionals, enabling them to excel in competitive and collaborative environments.

5. Achievements and Success Stories

1. **Strategic Collaboration with Mosaïque Pvt. Ltd.** – Partnered with a leading Japanese-based company in Bangalore to offer Japanese Language Certification Courses, delivering intensive language training that led to paid internships and lucrative placement **opportunities** for students.
2. **Innovative Partnership with Denmark Pvt. Ltd. (Japan)** – Established a successful collaboration to facilitate paid internships and launch a startup initiative within the institution. The partnership culminated in the completion of a pioneering project on AI-based chick sex identification, earning students widespread appreciation and recognition for their contributions.
