3.	Record can be in printed form	Printed laboratory records are being used wherever appropriate, depending on the nature of the lab.
4.	Please look after the mental health of students	Qualified counsellors regularly interact with students to provide mental health support.
Placement		
1.	Placement wise need to improve	Placement wise we are improving year by year by strengthening our Industry connections, enhancing Training & Skill development. Average CTC also improving year by year.
2.	Need proper Placement Training for every student	Full-fledged proper placement Training offered to all placement interested students from their 5th semester onwards. Also, company specific Training were conducted.
3.	Need support to involve in internships	Career Development Centre offers full Time paid Internship cum placement opportunity from the end of sixth semester onwards. More than 40% of the placement was done through Internships.
4.	I didn't get proper placement training	Full-fledged proper placement Training offered to all placement interested students from their 5th semester onwards. Also, company specific Training were conducted.
5.	Not giving equal opportunity and training.	Students are given equal opportunity in all campus drives. As per the eligibility criteria set by the company, if they are eligible, they can attend the placement drive. Full-fledged proper placement Training offered to all placement interested students from their 5th semester onwards. Also, company specific Training were conducted.

6.	No proper training given for all the students only supporting few students	Full-fledged proper placement Training offered to all placement interested students from their 5th semester onwards. Also, company specific Training were conducted. Equal support for all students, as career of each and every student is equally important for the placement cell
7.	Not giving equal opportunity and partiality is main things need to be changed especially in placement	Students are given equal opportunity in all campus drives. As per the eligibility criteria set by the company, if they are eligible, they can attend the placement drive.
8.	Please improve placements training more	With the increasing complexity and expectations from the industry, we are planning to increase the training duration for upcoming batches
9.	Not treating all equal, 1st batch had placement training for 2 years but 2nd batch had only 3 months training, please change	All students are given equal number of placement Training and company specific training. Students also instructed to avail 360-degree training facility after college hours.
10.	Core Placements equality for all students, especially in placement time we could not get sufficient net speed, so students suffer a lot.	Even though the demand in IT sector is slightly greater than the core sector, excellent core opportunities from reputed companies were offered from the placement cell. Internet connection is same for both IT & Core placements.
11.	They didn't gave placement classes	Full-fledged proper placement Training & Value-added Training programs offered to all students from their 5th semester onwards. Also, company specific Training were conducted.
12.	Please strict and focus on the students studies they struggling more in interviews.	Academic classes are conducted as per the schedule. More focus on students' studies will be emphasised in the future.
