Event Description

The KPRIET Rotaract Club is organizing its Installation Function to officially induct the newly elected office bearers for the academic year. The event aims to foster leadership, service, and fellowship among students. Distinguished guests, faculty members, and Rotaract members will participate in this occasion, marking the beginning of a new term of community service and impactful initiatives.

Actual Outcome and Report of the Event

The Rotaract Installation Function was successfully conducted with active participation from students, faculty members, and guests. The newly elected office bearers were officially installed and motivated to undertake leadership responsibilities. The event strengthened teamwork, enhanced awareness of community service, and inspired members to actively contribute to future social and developmental initiatives of the club.

Table with 6 columns: No, Type, Name, Designation, Email, Organization. It lists two resource persons: Dr. M. Prakash and Dr. K. S. Keerthana Shri, both Assistant Professors at KPRIET.

Event Description

FDP on LaTeX from installation to journal publication and professional presentations.

Actual Outcome and Report of the Event

The Faculty Development Programme (FDP) was conducted virtually over three days, focusing on enhancing participants' skills in LaTeX for academic and research writing. The sessions covered:
Day 1: Installation, basic commands, and document structuring.
Day 2: Advanced formatting, mathematical typesetting, and table/figure integration.
Day 3: Thesis and journal preparation, citation management, and best practices for professional publishing.
The FDP provided hands-on demonstrations, interactive exercises, and practical guidance. Participants gained confidence in preparing academic documents, research papers, and journals using LaTeX. The program successfully met its objective of equipping faculty and researchers with essential technical writing skills.

Event Description

The Awareness Campaign on the Swadeshi Movement – Impact on Rural Economy was conducted as a General Management activity for MBA students to create awareness about the importance of promoting indigenous products and supporting rural communities. The activity focused on five categories: traditional agricultural and food products, handicrafts and village products, traditional textiles, natural and herbal products, and eco-friendly and sustainable products. Students were encouraged to identify suitable rural products and develop innovative brand names, taglines, packaging concepts, and marketing strategies. Through presentations, they explored customer preferences, product differentiation, digital marketing, competitive pricing, and promotional techniques. The activity enhanced students' managerial, entrepreneurial, communication, and marketing skills while highlighting the role of Swadeshi

products in increasing farmers' income, supporting rural artisans, generating employment, preserving traditional skills, and strengthening the rural economy.

Department	Online Quiz Contest on World Organ Donation Day
Associate Departments	IEEE
Students Internal Participants	59

Staffs Involved

No	Full Name	Role
1	BME29 - KRISHNA KUMAR R	Convenor

Event Description

The IEEE Engineering in Medicine and Biology Society (EMBS), KPRIET Student Branch, successfully organized an Online Quiz Contest on the Occasion of World Organ Donation Day on 13th August 2026 from 6:00 PM to 7:00 PM in online mode. The event aimed to create awareness about organ donation, transplantation, and its importance in saving lives, while providing students with an engaging platform to enhance their knowledge of this important healthcare topic.

Actual Outcome and Report of the Event

The event was coordinated by Ms. Harshini A, Executive Member and Student Coordinator, with the support of the IEEE EMBS Society members. The quiz received 111 registrations, out of which 59 participants actively took part in the event.

The quiz consisted of multiple-choice questions covering various aspects of organ donation and transplantation. The questions focused on the importance of organ donation, organs and tissues that can be donated, the donation and transplantation process, eligibility, myths and misconceptions, and the role of organ donation in saving and improving lives. The quiz was designed to test participants' existing knowledge while also providing them with valuable information about organ donation.

The online format allowed students to participate conveniently from different locations and encouraged wider involvement. The quiz combined health awareness with interactive learning, making the event both informative and engaging. Participants were encouraged to explore the importance of becoming informed about organ donation and spreading awareness among their peers and communities.

The event also highlighted the significance of World Organ Donation Day in promoting a culture of voluntary organ donation. Through the quiz, students gained a better understanding of how organ donation can provide a second chance at life for individuals suffering from severe organ failure and why awareness is essential for increasing the number of potential donors.

The event concluded successfully after the one-hour quiz session.

To recognize the efforts of all participants, e-certificates were awarded to everyone who took part in the quiz. In addition, the top performers were honoured with special recognition for their outstanding performance:

First Place: Sivasankari – 24BM050, KPR Institute of Engineering and Technology

Second Place: Jenofiya – 25IT071, KPR Institute of Engineering and Technology

Third Place: Lavanya M – 25CB019 & Vithya S – 25CS309, KPR Institute of Engineering and Technology

Overall, the Online Quiz Contest on World Organ Donation Day served as an effective awareness initiative that combined learning and healthy competition. The active participation of 59 students and the support of the IEEE EMBS Society members contributed to the successful execution of the event. The initiative encouraged students to learn more about organ donation and recognize its valuable contribution to healthcare and society.

Event Description

The event aims to create awareness among school students on important social, educational, digital and environmental issues through interactive awareness sessions and Fun activities.
The major activities planned for the programme include:
Gender Equality, Equal Opportunities and Child Marriage Awareness
Education Opportunities and Government Schemes
Environmental Awareness and Tree Plantation
Educational Games, Interactive Activities and Prizes

Actual Outcome and Report of the Event

Awareness on Gender Equality: Students will understand the importance of gender equality, equal opportunities, mutual respect, and the harmful effects of discrimination and child marriage.
Improved Educational Awareness: Students will gain knowledge about the importance of education, higher education opportunities, scholarships, and relevant government welfare schemes available to them.
Environmental Responsibility: Students will develop awareness about environmental conservation, protection of natural resources, and the importance of trees and biodiversity.
Hands-on Environmental Participation: Through tree plantation activities, students will actively participate in creating a greener and healthier environment and

develop a sense of responsibility towards nature.

Enhanced Social and Communication Skills: Interactive sessions and group activities will encourage students to communicate, collaborate, share ideas, and participate confidently.

Learning Through Fun: Educational games and fun-based activities will make learning more engaging and help students understand important social and educational concepts effectively.

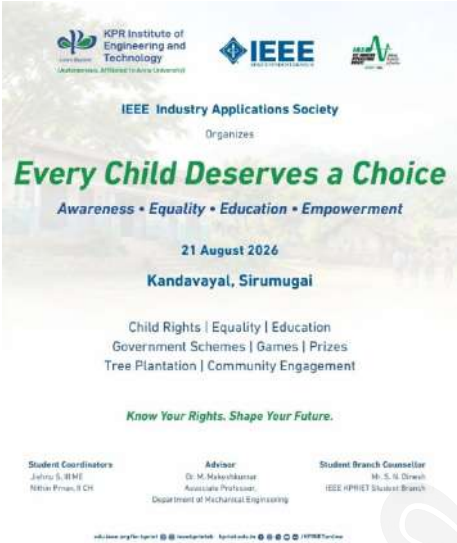

Increased Awareness of Social Issues: Students will become more informed about important social issues affecting children and communities and understand the importance of making informed and responsible decisions.

Motivation and Confidence: Prizes and appreciation will motivate students to actively participate in educational activities and encourage a positive attitude towards learning.

Sustainable Behaviour: The programme will encourage students to adopt responsible practices related to education, equality, digital/social awareness, and environmental protection in their daily lives.

Community Impact: The programme is expected to create a positive awareness among students, which can further be shared with their families and local community, strengthening social responsibility and community participation.

Title: Engineers to Entrepreneurs – Expert Talk

Date: 13.08.2026

Time: 09:00 AM

Venue: III EC A Lecture Hall, Aryabhatta Block

Speaker: Ms. Barani Rajagopalan, Founder, Arockiya Adumanai, Coimbatore

Description:

The Department of Electronics and Communication Engineering organized an expert talk on “Engineers to Entrepreneurs” to inspire students to explore entrepreneurship and transform innovative ideas into successful ventures. Ms. Barani Rajagopalan shared her entrepreneurial journey and practical insights on opportunity identification, innovation, business development, customer needs, and overcoming challenges. The session encouraged students to develop an entrepreneurial mindset and motivated them to pursue technology-driven startup opportunities.

Event Report The Department of Electronics and Communication Engineering, KPR Institute of Engineering and Technology, organized an expert talk titled "Engineers to Entrepreneurs" on 13.08.2026 at 09:00 AM. The session was aimed at creating awareness among engineering students about entrepreneurship, innovation, business opportunities, and the transformation of technical ideas into sustainable ventures.

Ms. Barani Rajagopalan, Founder of Arockiya Adumanai, shared valuable insights from her entrepreneurial journey and practical business experience. The session highlighted the importance of identifying opportunities, understanding customer needs, developing innovative ideas, taking calculated risks, building confidence, and overcoming challenges while establishing a business.

The interaction provided students with a practical perspective on entrepreneurship beyond conventional employment opportunities. Students actively participated in the discussion and gained an understanding of how engineering knowledge, creativity, problem-solving skills, communication, leadership, and perseverance can contribute to entrepreneurial success.

Actual Outcomes Students gained practical awareness of the entrepreneurial journey and startup ecosystem.

Participants understood how to transform ideas and skills into viable business opportunities.

Students developed awareness of innovation, creativity, risk-taking, and problem-solving in entrepreneurship.

The session motivated students to consider entrepreneurship as an alternative career pathway.

Students gained insights into the importance of customer needs, market opportunities, and business planning.

The interaction enhanced students' communication, leadership, confidence, and decision-making skills.

Real-world entrepreneurial experiences helped students connect engineering education with practical business applications.

The session encouraged students to develop an entrepreneurial mindset and innovation-oriented approach.

Conclusion The expert talk was successfully conducted and provided students with valuable exposure to entrepreneurship and real-world business practices. The session effectively bridged the gap between engineering education, innovation, and entrepreneurship, motivating students to explore opportunities as future entrepreneurs and job creators. This outcome is aligned with the ECE department's emphasis on skill development, industry collaboration, innovation, and professional growth.

Event Description

Enhanced Awareness: Students gained a clear understanding of the harmful effects of drug abuse on physical health, mental well-being, academic performance, and future career prospects.

Prevention Through Education: The program empowered students to recognize risk factors, resist peer pressure, and make informed, healthy lifestyle choices.

Positive Behavioral Change: Students developed a stronger commitment to adopting a drug-free lifestyle by understanding the importance of self-discipline, responsibility, and good decision-making.

Improved Social Responsibility: The awareness session encouraged students to support their peers, promote a safe school environment, and actively participate in anti-drug initiatives within their community.

Long-Term Community Impact: The program fostered a culture of awareness and prevention, inspiring students to become ambassadors for drug-free living and contribute to building healthier families and communities.

Actual Outcome and Report of the Event

The Drug Awareness Program was conducted successfully for school students to create awareness about the dangers of drugs and promote a healthy, drug-free lifestyle. During the session, students actively listened to the speaker and showed keen interest in understanding the topic. Real-life examples and practical discussions helped them relate the issue to everyday situations and understand the serious consequences of substances.

The program effectively enhanced students' awareness of the importance of making wise decisions, resisting peer pressure, and maintaining physical and mental well-being. It also motivated them to become responsible individuals who can spread awareness among their peers, families, and society. Overall, the event achieved its purpose by inspiring students to choose a positive path and contribute towards building a drug-free future.

Event Description

The School Dropout Awareness Programme was organized to motivate government school students to continue their education and understand the importance of completing their schooling. The programme aimed to create awareness about the causes and consequences of school dropout and encourage students to pursue their education at least up to the 12th standard.

Actual Outcome and Report of the Event

The School Dropout Awareness Programme(Learning Today Leading Tomorrow) successfully created awareness among government school students about the importance of continuing their education and completing at least the 12th standard. The interactive session helped students understand the causes and consequences of school dropout and motivated them to overcome challenges through determination and support from teachers and parents.

The programme highlighted the various educational opportunities available after school and familiarized students with the Government of Tamil Nadu's welfare schemes that support their education. Students actively participated in the discussions, responded enthusiastically to real-life success stories, and took a pledge to attend school regularly, study sincerely, and encourage their peers to continue their education.

Key Outcomes:

Increased awareness about the importance of school education and career opportunities.

Better understanding of the reasons for school dropout and practical ways to overcome them.

Improved knowledge of government educational assistance and welfare schemes.

Enhanced motivation to continue education up to at least the 12th standard.

Strengthened confidence among students to seek help from teachers and parents whenever they face difficulties.

Positive commitment from students to attend school regularly, reduce distractions, and work towards achieving their future goals.

Event Description

The Department of Mechanical Engineering organized the Orientation Programme for II and III Year students to familiarize them with the academic framework, departmental portfolios, student governance structure, career development opportunities, industry engagement activities, research prospects, and professional growth pathways available during their course of study. The programme commenced with an address by the Head of the Department highlighting the department vision, mission, academic expectations, and opportunities available to students.

The sessions covered mentoring and student governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE initiatives, employability and placement readiness, value-added certifications, innovation and entrepreneurship activities through CIIED, and research and publication opportunities. Students were introduced to industrial visits, internships, higher studies pathways, competitive examinations, professional certifications, startup opportunities, funded projects, technical competitions, and campus automation platform activities. The programme also provided an interactive platform for clarifications, feedback, and action planning, enabling students to understand the resources and support systems available for their academic and professional development.

Actual Outcome and Report of the Event

Actual Outcome of the EventThe Orientation Programme was successfully conducted for the students of the Department of Mechanical Engineering. The programme enabled students to gain a comprehensive understanding of the department's academic ecosystem, mentoring framework, student governance structure, and various opportunities available for their professional growth. Students actively interacted with faculty coordinators and mentors, clarified academic and career-related queries, and demonstrated enthusiasm towards participating in departmental activities.

The sessions created awareness about Outcome Based Education (OBE), higher education opportunities, placement preparation strategies, industry collaborations, internships, value-added certifications, innovation and entrepreneurship initiatives, and research activities. Students expressed keen interest in joining professional societies, participating in hackathons, pursuing certifications through NPTEL and SWAYAM, and engaging in research, project development, and publication activities. The programme also facilitated the identification of student representatives and coordinators for various departmental portfolios, thereby strengthening student participation and leadership.

As a result of the programme, students developed a clear roadmap for academic progression, career planning, skill enhancement, and industry readiness. The orientation effectively motivated students to make optimum use of the opportunities provided by the department and institution for achieving academic excellence and professional success.

Report of the EventThe Department of Mechanical Engineering, KPR Institute of Engineering and Technology, organized the Orientation Programme for II and III Year students for the Academic Year 2026–2027. The programme commenced with the address by the Head of the Department, who welcomed the students and outlined the department's vision, mission, academic expectations, and opportunities available for holistic development.

The programme included sessions on Mentoring System and Student Governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE Skill Development Initiatives, Employability and Industry Readiness, Certifications and Professional Development, Innovation and Entrepreneurship through CIIED, and Research, Publications, and Career Opportunities. Faculty coordinators presented the objectives, activities, and benefits associated with each portfolio and highlighted the opportunities available for student engagement.

Students were briefed on academic regulations, credit requirements, assessment processes, professional ethics, code of conduct, and campus facilities.

Events

KPR Institute of Engineering and Technology

Sessions on higher studies, GATE preparation, research fellowships, internships, industrial visits, placement readiness, technical skill development, and entrepreneurship encouraged students to plan their academic and professional careers effectively. The research and innovation session provided insights into project development, publications, patents, funded projects, competitive coding, and participation in national-level competitions.

The programme concluded with an open house interaction where students shared feedback and clarified their queries regarding academics, placements, research, and extracurricular activities. Overall, the event served as an effective platform to orient students towards departmental objectives, enhance awareness of available opportunities, and motivate them to actively participate in academic, research, innovation, and career development activities throughout the academic year.

Event Description

The IEEE Women in Engineering (WIE) Affinity Group is planning to conduct the "WIE Nutrikids" Health and Nutrition Awareness Session for school students at P.R. Sidha Naidu Memorial Matriculation Higher Secondary School, Sidhapudur, Coimbatore, on July 03, 2026. The objective of this program is to create awareness among school students regarding the importance of nutrition, healthy eating habits, personal hygiene, and overall well-being. In this regard, kind approval is requested.

Actual Outcome and Report of the Event

Healthy living awareness means focusing on balanced nutrition, regular physical activity, and good mental well-being to prevent serious illness. Making small daily choices helps protect your body and improves your quality of life.

Core Pillars of Health

Balanced Diet: Eat fresh fruits, green leafy vegetables, whole grains, and lean proteins while cutting down on sugar, salt, and bad fats.

Physical Activity: Stay active with at least 150 minutes of moderate exercise each week, such as walking, cycling, or swimming.

Quality Sleep: Get around 7 to 8 hours of rest each night and keep a fixed sleep schedule.

Mental Health: Manage stress using relaxation techniques, meditation, and staying connected with family and friends.

Preventive Care: Avoid tobacco, limit alcohol use, and go for routine health screenings.

Actual Outcome and Report of the Event

Events

KPR Institute of Engineering and Technology

The talk was on "Survival to Sustainability- Redefining the Fight Against Poverty:Government Schemes" and delivered to total 9 classes of first years. The focused first year classes are AD D, AD B, CSE A, CSE B, CSE C, ECE C, ECE D, CE and Cyber. The session was conducted at 8.50 Am to 9.45 AM on 18/04/2026. Dr. R. Jagadeeswari has delivered lecture at I ECE D and 8 more trained senior students were delivered the same PPT presentation to the remaining classes.

This presentation focused on:

- 1.Sustainable Development Goals (SDGs)
- 2.Understanding poverty and its dimensions
- 3.Differences between survival-based and sustainability-based approaches
- 4.Overview of government poverty alleviation schemes in India
- 5.Special focus on Tamil Nadu initiatives

Event Description

As part of our community outreach and social responsibility initiatives, a visit to the Universal Peace Foundation, Nalla Goundan Palayam, Coimbatore, is scheduled for tomorrow. The visit will be carried out by faculty members along with two additional faculty coordinators.

The objective of this event is to extend support and care to the elders and children residing at the foundation through meaningful interaction, assistance, and compassionate engagement. The program aims to promote social awareness, empathy, and a sense of responsibility among the participants while contributing positively to the well-being of the residents.

This visit reflects the institution's commitment to community service and holistic development by fostering values of kindness, inclusiveness, and social harmony.

Actual Outcome and Report of the Event

The community service visit to the Universal Peace Foundation, Nalla Goundan Palayam, Coimbatore, was successfully completed.

The event was organized with the objective of supporting and engaging with the elders and children of the orphanage.

A total of six faculty members actively participated in the program.

Around 50 members from the orphanage, including elders and children, took part in the event.

The Pongal festival was celebrated with enthusiasm, promoting cultural bonding and togetherness.

Traditional activities and joyful interactions created a warm and inclusive environment.

T-shirts were distributed to all participants as a token of care and remembrance.

Various fun and recreational events were conducted for the children and elders.

Prizes were awarded to the participants to encourage active involvement and happiness.

Overall, the event was meaningful and strengthened the spirit of compassion and social responsibility.

Event Description

The Youth Press Conference is a unique simulation event that allows participants to step into the roles of national leaders and sharp reporters. Designed to reflect the dynamism of real political interactions, the event provides a platform for students to debate, defend and decide that is mirroring the high-pressure environment of governance and journalism.

Actual Outcome and Report of the Event

The rehearsal was structured as follows:

Role Play: Participants will be assigned roles such as Prime Minister, Cabinet Ministers, or Opposition Leader etc., two days before the event.

Leadership Speeches: Leaders must present the key activities and initiatives of their ministry before facing the press.

Press Interaction: Fellow participants, acting as reporters, will pose challenging and sharp questions aimed at testing the leader's competency.

Role Switch: After speaking as a leader, each participant will take on the role of a reporter, questioning others and evaluating their responses.

Key Outputs:

Improved Leadership Skills: Participants acting as Prime Minister, Ministers or Opposition Leader developed confidence in presenting ministry activities and defending their viewpoints.

Sharper Questioning Ability: Acting as reporters, students learned to frame sharp, relevant and challenging questions that tested the depth of responses.

Enhanced Public Speaking and Communication: Participants practiced clear, persuasive and impactful speech delivery while handling press-style interactions.

Critical Thinking and Responsiveness: The event encouraged participants to think on their feet and provide wise, well-structured answers under pressure.

Collaborative Learning Experience: The dual role of leader and reporter fostered mutual learning, as participants observed, questioned, and responded to each other in a constructive environment.

Overall, the Youth Press Conference was very successful, giving participants a good opportunity to experience leadership and media interaction. The participants showed enthusiasm, creativity and confidence, which set a strong foundation for future Youth Parliament events.

Event Description

The Civic Policy Showdown will be conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills and creativity in policy formulation.

Actual Outcome and Report of the Event

The Civic Policy Showdown was conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills, and creativity in policy formulation. The format of the event was structured as follows:

1. Opening Session: The event began with a warm welcome to all participants and the judge, followed by an introduction to the competition rules and regulations.
2. Policy Presentation: Each participant delivered a 5-minute presentation (3–5 slides) covering the problem, solution and impact of their proposed policy.
3. Q&A Session: The judge posed insightful questions to participants, testing the depth, feasibility and originality of their ideas.
4. Closing Session: The event concluded with the announcement of winners and final remarks from the judge and coordinators.

The event witnessed enthusiastic participation, with students showcasing creativity, critical thinking and persuasive communication.

The Civic Policy Showdown was successfully conducted, providing a valuable platform for students to present innovative policy ideas on real-world challenges. The participants showed great creativity, confidence, and problem-solving skills, reflecting the spirit of youth working towards positive change.

Event Description

The event “Think Green, Live Clean: Stop Plastic Pollution” aims to create awareness about the harmful impact of plastic on our environment and promote sustainable alternatives.

It will bring together students, faculty, and environmental enthusiasts to engage in interactive sessions, workshops, and activities focused on reducing plastic usage.

The program will highlight innovative eco-friendly practices and showcase successful case studies of plastic-free initiatives.

Expert speakers will share insights on policy, technology, and lifestyle changes to curb plastic waste.

Competitions such as poster making and idea pitching will encourage creative solutions from participants.

Stalls and exhibitions will display biodegradable products and alternatives to single-use plastics.

The event also emphasizes community participation and collective responsibility for a greener future.

Together, we pledge to reduce plastic consumption and safeguard our planet for future generations.

Actual Outcome and Report of the Event

Awareness Raised: Participants gained a deeper understanding of the environmental hazards of plastic pollution and the urgent need to adopt sustainable practices.

Engagement & Participation: Students, faculty, and environmental enthusiasts actively participated in workshops, interactive sessions, and competitions, fostering a hands-on approach to learning about plastic reduction.

Innovative Solutions Highlighted: Creative ideas and eco-friendly practices were shared through poster-making, idea-pitching competitions, and showcases of successful plastic-free initiatives.

Knowledge Sharing: Expert speakers provided valuable insights on policies, technologies, and lifestyle changes that can help minimize plastic waste.

Promotion of Alternatives: Exhibitions and stalls introduced biodegradable products and alternatives to single-use plastics, encouraging practical adoption by the community.

Community Involvement: The event emphasized collective responsibility, inspiring attendees to pledge reducing plastic consumption in their daily lives.

Commitment to Sustainability: Overall, the event reinforced a culture of environmental consciousness, motivating participants to contribute actively toward a cleaner, greener planet.

Event Description

The special session on “Career Guidance: What Next After 12th?” is designed to empower and guide the 12th-grade students, as they stand at a crucial crossroads in their academic and personal journey. The event aims to provide a clear understanding of the diverse opportunities available after completing higher secondary education, helping students make informed and confident decisions about their future.

The session will cover a wide range of options, including higher education streams such as engineering, medicine, arts, commerce, and emerging fields like data science, design, and entrepreneurship. It will also highlight vocational courses, competitive exams, skill-based programs, and scholarships that can support students financially and academically. Through real-life examples and practical insights, students will gain clarity on aligning their strengths, interests, and career goals.

In addition to academic pathways, the session will focus on essential skills for success, such as critical thinking, adaptability, and continuous learning. The objective is to inspire students to dream big, plan effectively, and choose a career that matches their passion and potential. This interactive and motivational session promises to be an eye-opener, guiding young minds toward a bright and fulfilling future.

Actual Outcome and Report of the Event

The Career Guidance: What Next After 12th? session conducted for the 12th-grade students concluded successfully with an overwhelming response from the participants. The session created a significant impact by providing clarity and direction at a crucial stage in the students' academic journey. Students actively engaged throughout the program, asking insightful questions about various career paths, eligibility criteria, and opportunities in higher education.

One of the key outcomes was the increased awareness among students about the diverse options available beyond the traditional streams. They gained valuable insights into emerging career fields, competitive exams, vocational programs, and skill-development courses that can open new doors for growth. The session also helped them understand the importance of aligning personal interests and strengths with career choices, rather than following societal pressure or random trends.

Many students expressed confidence in planning their future with a clear roadmap and showed enthusiasm toward exploring scholarships, internships, and higher education opportunities. Teachers and faculty appreciated the initiative for motivating the students to think beyond limitations and aim high. Overall, the event successfully empowered young learners to make informed decisions and take their first step toward a successful and fulfilling career.

Event Description

This event aimed to enlighten newly inducted YRC volunteers of Nirmala College on the vision, mission, and purpose of the Youth Red Cross, as well as to inspire them through real-life examples and field experiences

Actual Outcome and Report of the Event

Dr. R. Subramaniyan Raja began the session with a warm address, introducing the legacy of the Indian Red Cross Society and the global Red Cross movement. He emphasized how YRC acts as a bridge between students and society, nurturing compassion, leadership, and civic duty. He also outlined the three fundamental principles of YRC:

- Ø Protection of health and life
- Ø Service to the sick and suffering
- Ø Promotion of national and international friendship

The presentation touched upon a variety of past initiatives undertaken by the YRC unit at KPRIET — from blood donation drives and disaster relief efforts to community development activities and health awareness campaigns. Dr. Raja motivated the students to participate not just as volunteers, but as leaders with empathy.

Adding to the session's impact, Mr. Roopmann V shared his personal journey as a YRC volunteer. His experiences as a student leader, including organizing awareness camps and community outreach, resonated strongly with the audience. He encouraged peers to take initiative, think innovatively, and develop leadership skills while serving society. His enthusiastic delivery and first-hand stories of fieldwork added authenticity and inspiration to the orientation.

A special emphasis was given to the Seven Fundamental Principles of the Red Cross and Red Crescent Movement, which guide all YRC activities globally:

Humanity – Serving people in need without discrimination.

Impartiality – No discrimination based on nationality, race, religion, or political beliefs.

Neutrality – The movement does not take sides in hostilities or controversies.

Independence – YRC remains autonomous while cooperating with governments and institutions.

Voluntary Service – It is a voluntary relief movement not prompted by any desire for gain.

Unity – Only one Red Cross or Red Crescent society exists in one country, open to all.

Universality – All societies have equal status and share equal responsibilities and duties in helping each other.

These principles were discussed in depth, supported with examples from YRC-led initiatives at KPRIET and across the region.

Event Description

We are pleased to announce the Sustainability Conclave 2025, a series of events aligned with the 17 Sustainable Development Goals (SDGs). The conclave will feature awareness programs, competitions, workshops, and community-driven initiatives to promote sustainability and social responsibility.

? Date: 01.04.2025 – 28.04.2025

? Venue: Various locations across the campus

? Organized by: Team SDG & Team Sangamam

We encourage active participation from all students and faculty to make this initiative a success. Let’s work together towards a greener and more sustainable future!

Actual Outcome and Report of the Event

KPRIET’s Sustainability Conclave 2025 and MOU with BSG: Igniting Action for a Sustainable Future

COIMBATORE – April 28, 2025 – KPR Institute of Engineering and Technology (KPRIET) successfully completed its Sustainability month through Sustainability Conclave 2025, a month-long initiative dedicated to raising awareness, inspiring action, and fostering collaborations towards the United Nations Sustainable Development Goals (SDGs). The event united students, faculty members, experts, and various organizations in a collective commitment to build a sustainable and equitable future.

The Conclave featured 17 impactful events, each meticulously aligned with one of the 17 SDGs, promoting understanding, encouraging innovation, and showcasing best practices. The Sustainability Conclave 2025 at KPRIET served as a powerful catalyst for fostering a culture of sustainability and inspiring the next generation of leaders to actively contribute to the global agenda for a better future.

As the Sustainability Conclave 2025 drew to a close, a significant Memorandum of Understanding was signed between KPR Institute of Engineering and Technology and Bharat Soka Gakkai (BSG), New Delhi symbolized the strength of partnerships, ensuring that these efforts would continue to thrive. This collaboration signifies a shared commitment to advancing the Sustainable Development Goals and fostering a more sustainable and equitable future. The partnership aims to leverage the strengths of both Organisation to promote awareness, inspire action, and create impactful initiatives aligned with the SDGs.

Event Description

Kindness Connect is an Institutional Social Responsibility (ISR) initiative organized by our students to spread love and compassion. As part of this program, we visited a local orphanage to spend quality time with the children and bring smiles to their faces. Essential items including dresses and monetary donations were contributed to support their daily needs. The visit was filled with interactive sessions, games, and heartfelt moments. Through this act of kindness, we aimed to make a meaningful difference in their lives and inspire continued community engagement.

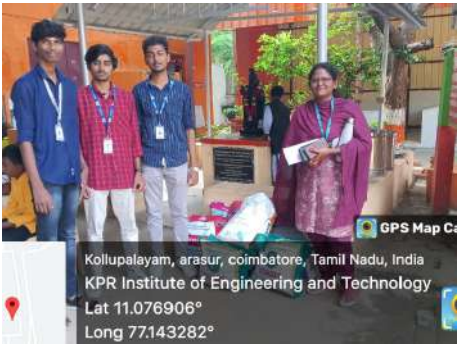

Actual Outcome and Report of the Event

The “Kindness Connect” initiative successfully fostered a spirit of compassion and community engagement among the students. The children at the orphanage were delighted by the interaction, gifts, and warm gestures shared during the visit. A total of [insert amount] was donated along with clothing items, which will help meet some of their essential needs. The event strengthened the values of empathy and social responsibility in participants. It also opened doors for future outreach programs and long-term support initiatives.

Event Description

Unlock the power of the Business Model Canvas (BMC) in this dynamic and hands-on session designed specifically for aspiring and early-stage entrepreneurs. "Mastering the BMC for Entrepreneurs: Build, Validate, Scale" is a practical workshop that guides our students through the essential components of the BMC to help you design, test, and grow your startup idea.

Actual Outcome and Report of the Event

Understand and apply the Business Model Canvas (BMC) framework to design, iterate, and refine business models for startup ventures. Identify and articulate key components of a business model including value propositions, customer segments, channels, revenue streams, and cost structures.

Event Description

The Department of AD organized an insightful guest lecture on "IP Addressing and Network Layer Protocols" to strengthen students' foundational knowledge in computer networks. The session aimed to provide an in-depth understanding of the structure, classification, and significance of IP addresses, along with the functioning and roles of key network layer protocols such as IPv4, IPv6, ICMP, ARP, and routing protocols like OSPF and BGP.

Actual Outcome and Report of the Event

Students gained a clear understanding of IP addressing schemes, subnetting, and the roles of network layer protocols such as IPv4, IPv6, ICMP, and routing protocols.
Exposure to real-time applications and case studies helped students relate theoretical concepts to practical networking scenarios, enhancing their readiness for industry roles in networking and cybersecurity.

FDP on Sustainable Technologies for Water Treatment and Environmental Protection-2025

Expert Talk Schedule

Inauguration- 24/03/25; 6.45 pm

Dr. S. Meenakshi

Director R&D,

Senior Professor,

Department of Chemistry,

The Gandhigram Rural Institute-DU, Dindigul, Tamil Nadu.

Sustainable technologies for the detection and removal of water pollutants using nanocomposites

24/03/2025

7 – 8 pm

Dr. S. Vasudevan

Chief Scientist & Professor, Electroinorganic Chemicals Division, CSIR- Central Electrochemical Research Institute, Karaikudi, Tamil Nadu.

New insight into the electrochemical processes for continuous water desalination

25/03/2025;

7 – 8 pm

Dr. Mahendra Chinthala

Assistant Professor

Department of Chemical Engineering, National Institute of Technology Rourkela, Odisha, India.

Mechanistic insights into multifunctional photocatalysts for environmental remediation

26/03/2025;

7 – 8 pm

Dr. R. A. Senthil,

Research Professor

Department of Chemistry,

Gyeongsang National University,

South Korea.

POSTER

The poster is titled "Faculty Development Program on Sustainable Technologies for Water Treatment and Environmental Protection" and is organized by the Department of Chemistry at KPR Institute of Engineering and Technology. It features a grid of eight panel experts with their names, titles, and affiliations. The program is scheduled for 24.03.2025 to 29.03.2025, from 07.00 PM to 08.00 PM, with an online mode. The registration fee is Rs.200. Contact information for Dr. A. Suresh and Dr. R. Jagadeeswarar is provided at the bottom.

Panel Experts			
Dr. S. Manikandan Director R&D Senior Professor, Department of Chemistry, Thiagarajar Engineering College, Tirunelveli, Tamil Nadu	Dr. S. Vasudevan Chief Scientist & Project Manager Chemicals Division, CSIR- Central Electrochemical Research Institute, Karaikudi, Tamil Nadu	Dr. Mahesh Chinnai Assistant Professor Department of Chemical Engineering, Anna University, Chennai	Dr. S. A. Sudhakar Research Professor Department of Chemistry, Anna University, Chennai
Dr. N. Viswanathan Senior Assistant Professor Department of Chemistry, Anna University, University College of Engineering-Dindigul, Tamil Nadu	Dr. Putrakumar Balla Research Professor/Data Scientist, Department of Chemical Engineering and Applied Chemistry, Chungnam National University, South Korea	Dr. Ashish Kapoor Professor, Department of Chemical Engineering, Harcourt Butler Technical University, Kanpur, Uttar Pradesh	Dr. R. Malini Senior Scientist, Electroinorganic Chemicals Division, CSIR- Central Electrochemical Research Institute, Karaikudi, Tamil Nadu

No	Type	Name	Designation	Email	Organization
1	Resource Person	Mr SELVA SHANKAR S	Deputy state tax officer		Department of commercial taxes

Event Description

To help students navigate career opportunities in the public sector, an awareness session on government exams and job opportunities is being organized for Annexure B students. This session aims to provide valuable insights into various government recruitment exams, eligibility criteria, application processes, and preparation strategies.

Actual Outcome and Report of the Event

This event appears to be a workshop aimed at providing guidance and information about government career opportunities and the process of preparing for competitive exams. The speaker, Mr.S.Sleva Shankar, Deputy State Tax Officer, suggests a focus on careers within the Indian government, particularly in the realm of state tax administration

Event Description

The Department of Computer Science and Engineering, in association with the IEEE Computer Society Student Branch at KPR Institute of Engineering and Technology, is organizing a one-day outreach program titled "Innovative Extension Activities to Promote Accessibility."

This initiative aims to foster inclusivity and technological empowerment for differently-abled individuals by introducing innovative solutions and interactive activities.

Actual Outcome and Report of the Event

Empowerment and Motivation – The event will provide a platform for differently-abled individuals to engage in inspiring and interactive activities, boosting their confidence and self-esteem.

Promotion of Inclusivity – By hosting this event, KPR Campus will reinforce its commitment to inclusivity and equal opportunities for all, fostering a sense of belonging among the participants.

Community Engagement and Awareness – The event will enhance awareness among students and faculty about the challenges faced by differently-abled individuals, encouraging empathy and proactive support.

Skill Development and Interaction – Through various activities, participants will have the opportunity to learn new skills, engage in social interactions, and build valuable connections within the community.

Support and Well-being – Providing transportation, refreshments, and meals will ensure a comfortable and enjoyable experience for the attendees, demonstrating our commitment to their well-being.

Strengthening Institutional Social Responsibility (ISR) – This initiative will enhance the social responsibility efforts of the IEEE CS Chapter and KPR Campus, setting an example for future community-focused events.

Positive Impact on Participants – The event aims to leave a lasting impact on the participants, instilling hope, encouragement, and a sense of achievement.

Sustainable Initiatives – This event can serve as a stepping stone for more such inclusive programs, encouraging long-term engagement and support for differently-abled individuals in the community.

Table with 3 columns: No, Full Name, Role. Row 1: 1, EE042 - Dr. RAVI KUMAR P, Convenor.

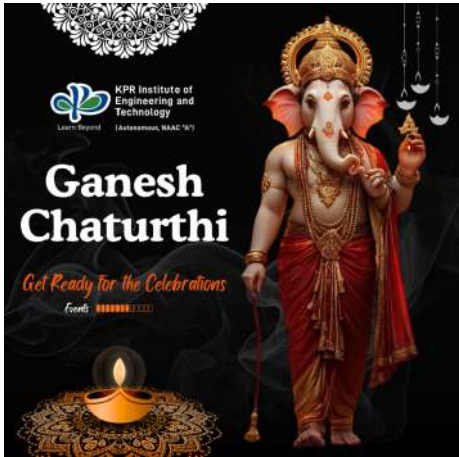

Event Description

The Vinayagar Chaturthi Celebration was a vibrant and joyous occasion that brought together students and staff to honor Lord Ganesha. The celebration featured a variety of engaging activities including Rangoli competitions, traditional Tug of War, Breaking the Pot games, Dodge Ball matches, and creative Vinayagar idol-making. This event aimed to blend cultural heritage with recreational fun, fostering a spirit of unity, creativity, and enthusiasm among the participants.

Actual Outcome and Report of the Event

- Active participation from students and staff.
A lively atmosphere filled with cultural and creative expressions.
Enhanced teamwork and camaraderie among participants.

Event Description

An informative webinar titled 'Smart Investing: Insights into the Stock Market and Mutual Funds' is aimed at educating participants on the principles of effective investment strategies. The session catered to both novice and experienced investors, providing a comprehensive overview of stock market dynamics and mutual fund investments. The webinar will focus on key areas such as market trend analysis, risk management, and portfolio diversification.

Actual Outcome and Report of the Event

Overview:The event "Smart Investing: Insights into the Stock Market and Mutual Funds" was organized on 17th August 2024 as part of the MTMx series. The session aimed to provide an in-depth understanding of stock market operations and mutual fund investments to the participants, primarily students and recent graduates. Sasidharan Ravikumar, a 2020 alumnus of the Mechanical Engineering department, was the resource person for the session.

Key Insights Delivered:Introduction to Stock Markets: Sasidharan started the session with an introduction to stock markets, explaining how they operate, the key players involved (brokers, traders, regulators), and the basic terminologies like equities, shares, bonds, and indices.

Mutual Funds and Portfolio Management: He delved into mutual funds, highlighting the types (equity, debt, hybrid) and their benefits. The concept of portfolio management and diversification was also discussed, explaining how a well-structured investment can minimize risk and maximize returns.

Investment Strategies for Beginners: A significant part of the session focused on practical investment strategies suitable for beginners. He emphasized the importance of disciplined investing, long-term growth, and how to analyze companies before making investment decisions.

Risk Management: Sasidharan stressed the significance of understanding risk in investments, explaining different types of risks such as market risk, interest rate risk, and inflation risk. He also offered tips on risk mitigation, particularly through diversification and informed decision-making.

Technological Tools for Investors: He introduced several technological platforms and apps that can assist investors in tracking market movements, analyzing stocks, and managing their portfolios effectively.

Real-Life Case Studies: To make the session more interactive, Sasidharan presented real-life case studies of successful and unsuccessful investments. These case studies helped the participants understand the complexities and dynamics of stock market investing.

Interactive Q&A Session:Towards the end of the session, a 30-minute Q&A was held where participants raised questions about market trends, the potential of mutual funds in long-term wealth creation, and how to stay informed about economic changes. Sasidharan provided thoughtful and detailed responses, sharing his experiences and guiding attendees on how to stay vigilant in a constantly fluctuating market.

Feedback and Participation:The event saw enthusiastic participation, with over 80 attendees, including students, alumni, and faculty. Participants appreciated the clarity and practical insights Sasidharan provided, particularly noting how the session made complex investment concepts easy to understand.

Key Outcomes:

Participants gained a fundamental understanding of stock market mechanisms and mutual funds.
Increased awareness of risk management strategies in personal investments.
Insight into the use of technological tools for smart investing.
Encouragement for students to begin early investments with a focus on long-term financial security.
Conclusion: The event successfully met its objectives of educating and empowering young investors with the knowledge and tools required for smart investing. Sasidharan Ravikumar's expertise and real-world experience greatly contributed to making the session both informative and engaging. The event concluded on a high note, leaving participants more confident about their future investment decisions.

Event Description

A panel discussion is arranged between our visiting Professor Prof. Thomas Carolus and the NGOs to discuss about the possible avenues for potential collaboration to take forward the social welfare activities. The event is arranged and coordinated by the Department of Mechanical Engineering, KPRIET. Prof. Thomas Carolus has been acted as the moderator of the discussion.

Actual Outcome and Report of the Event

- Networking opportunities with NGOs which can help to enhance the ISR activities of the department.
- Opportunities to work with Non-Conventional Energy & Rural Development Society (NERD) for Bio-Energy Projects.
