Event Description

MEGA AUDITION – KPRIET Dance Club

The KPRIET Dance Club proudly presents MEGA AUDITION 2026, inviting both first-year students (freshers) and existing club members to showcase their dance talent and become part of one of the institute's most vibrant student communities. Whether you are passionate about classical, contemporary, hip-hop, freestyle, folk, or any other dance form, this is your opportunity to perform, learn, and grow.

Participants are requested to prepare a dance performance of up to 2 minutes on a song of their choice. The audition will evaluate creativity, stage presence, rhythm, coordination, expression, and overall performance. Selected participants will represent KPRIET Dance Club in various intra- and inter-collegiate cultural events throughout the academic year.

Event Details:

Event: MEGA AUDITION – KPRIET Dance Club

Date: 1 August

Venue: Thanam Hall

Time: 10:00 AM – 4:00 PM

Performance Duration: Maximum 2 Minutes

Song Genre: Participant's Choice

Eligibility: Open to both Freshers and Existing Club Members

Student Coordinators:

Kavin Y: 6382965006

Harshini A P: 8122630194

Tagline: Move. Express. Inspire.

Join us to showcase your passion for dance, express your creativity, and become a part of the dynamic KPRIET Dance Club. Let your talent take center stage!

Event Description

A Team Building Activity was organized for the first-year students of BME, CHE, VLSI, MI, and EE departments on 29.08.2026 from 1.30 p.m. to 4.00 p.m. at Mythreyi Block, KPRIET. The activity was conducted by the respective mentors of the participating departments.

The programme was designed to strengthen teamwork, communication, interpersonal relationships, leadership, coordination, and collaborative problem-solving skills among students. Through engaging and interactive team-based activities, students were encouraged to work together, understand individual strengths, share responsibilities, and achieve common goals.

Actual Outcome and Report of the Event

The mentors guided the students throughout the activities and encouraged them to communicate effectively, share responsibilities, respect different perspectives, and work towards achieving common objectives. The activities also provided opportunities for students to demonstrate leadership and problem-solving abilities in a relaxed and engaging environment.

The programme received active participation from the students and created a positive and energetic atmosphere. The activity helped strengthen peer relationships, improve communication and coordination, and foster a sense of teamwork and belonging among the first-year students.

Overall, the Team Building Activity successfully contributed to the holistic development of students by promoting collaboration, leadership, communication, creativity, and effective team participation.

Event Description

The SC/ST Cell of KPR Institute of Engineering and Technology is organizing an awareness session titled “Strategic Preparation for UPSC: Early Planning for Engineers” exclusively for first-year students. This session aims to introduce students to the vast opportunities offered by the Civil Services and guide them on how to begin their preparation at an early stage.

The session will be handled by Mr. Gughan Veliyappa, a certified corporate trainer and UPSC mentor, who will share valuable insights on exam structure, preparation strategies, time management, and the importance of consistent effort. Students will gain clarity on how engineering knowledge and analytical skills can be effectively aligned with UPSC preparation.

This interactive session is designed to motivate and equip students with the right direction, helping them build a strong foundation for future success in competitive examinations.

Actual Outcome and Report of the Event

The SC/ST Cell successfully organized an awareness session for first-year students on the topic “Strategic Preparation for UPSC: Early Planning for Engineers.” The session was presided over by Mr. Gughan Veliyappa, a certified corporate trainer and UPSC mentor.

The resource person provided valuable insights into the importance of early planning for competitive examinations, particularly the UPSC. He elaborated on effective study strategies, time management techniques, and the significance of building a strong foundation in current affairs and core subjects. The session also highlighted the opportunities available for engineering students in civil services and motivated them to consider UPSC as a viable career option.

Students actively participated in the session and engaged in an interactive discussion, raising queries related to preparation strategies, syllabus coverage, and career pathways. The session helped in enhancing students' awareness, confidence, and motivation towards competitive examinations.

Actual Outcomes: Increased awareness among students about UPSC and civil service career opportunities.

Improved understanding of strategic preparation methods and time management.

Enhanced motivation among first-year students to plan their career goals early.

Active student engagement through interaction and query clarification.

Overall, the session was highly informative and impactful, achieving its objective of guiding students towards structured and goal-oriented preparation for competitive examinations.

Event Description

The Awareness Campaign on the Swadeshi Movement – Impact on Rural Economy was conducted as a General Management activity for MBA students to create awareness about the importance of promoting indigenous products and supporting rural communities. The activity focused on five categories: traditional agricultural and food products, handicrafts and village products, traditional textiles, natural and herbal products, and eco-friendly and sustainable products. Students were encouraged to identify suitable rural products and develop innovative brand names, taglines, packaging concepts, and marketing strategies. Through presentations, they explored customer preferences, product differentiation, digital marketing, competitive pricing, and promotional techniques. The activity enhanced students' managerial, entrepreneurial, communication, and marketing skills while highlighting the role of Swadeshi products in increasing farmers' income, supporting rural artisans, generating employment, preserving traditional skills, and strengthening the rural economy.

Event Description

KPR Institute of Engineering and Technology (KPRIET), Coimbatore, and QSafe Limited, UK, signed a Memorandum of Understanding (MoU) on 30 September 2026 to promote academic–industry collaboration, research, innovation, and professional development.

The MoU focuses on the following key areas:

Project Work and Internships: Providing students with opportunities to undertake live projects, internships, and field studies to enhance practical knowledge and industry readiness.

Research and Development: Promoting joint research, software testing, consultancy services, and knowledge sharing by utilizing the expertise and resources of both institutions.

Entrepreneurship and Innovation: Supporting start-ups through incubation and acceleration programmes, mentorship, networking, and access to resources.

Training and Skill Development: Organizing training programmes for students and faculty, along with executive development programmes tailored to industry

requirements.

Career Opportunities: Giving priority to KPRIET graduates for Graduate Trainee and Management Trainee recruitment, based on QSafe Limited's requirements.

Resource Sharing: Facilitating the mutual use of library, laboratory, and other institutional facilities.

The MoU also establishes a steering committee to coordinate and monitor collaborative activities, with provisions for confidentiality, intellectual property rights, and mutual agreement on financial commitments. It is initially valid for one year, with renewal possible by mutual agreement.

Overall, this MoU aims to strengthen academia–industry partnerships, enhance student employability, promote cybersecurity-related research and innovation, and create opportunities for entrepreneurship and professional growth.

Event Description

The IEEE Engineering in Medicine and Biology Society (EMBS), KPRIET Student Branch, successfully organized an Online Quiz Contest on the Occasion of World Organ Donation Day on 13th August 2026 from 6:00 PM to 7:00 PM in online mode. The event aimed to create awareness about organ donation, transplantation, and its importance in saving lives, while providing students with an engaging platform to enhance their knowledge of this important healthcare topic.

Actual Outcome and Report of the Event

The event was coordinated by Ms. Harshini A, Executive Member and Student Coordinator, with the support of the IEEE EMBS Society members. The quiz received 111 registrations, out of which 59 participants actively took part in the event.

The quiz consisted of multiple-choice questions covering various aspects of organ donation and transplantation. The questions focused on the importance of organ donation, organs and tissues that can be donated, the donation and transplantation process, eligibility, myths and misconceptions, and the role of organ donation in saving and improving lives. The quiz was designed to test participants' existing knowledge while also providing them with valuable information about organ donation.

The online format allowed students to participate conveniently from different locations and encouraged wider involvement. The quiz combined health awareness with interactive learning, making the event both informative and engaging. Participants were encouraged to explore the importance of becoming informed about organ donation and spreading awareness among their peers and communities.

The event also highlighted the significance of World Organ Donation Day in promoting a culture of voluntary organ donation. Through the quiz, students gained a better understanding of how organ donation can provide a second chance at life for individuals suffering from severe organ failure and why awareness is essential for increasing the number of potential donors.

The event concluded successfully after the one-hour quiz session.

To recognize the efforts of all participants, e-certificates were awarded to everyone who took part in the quiz. In addition, the top performers were honoured with special recognition for their outstanding performance:

First Place: Sivasankari – 24BM050, KPR Institute of Engineering and Technology

Second Place: Jenofiya – 25IT071, KPR Institute of Engineering and Technology

Third Place: Lavanya M – 25CB019 & Vithya S – 25CS309, KPR Institute of Engineering and Technology

Overall, the Online Quiz Contest on World Organ Donation Day served as an effective awareness initiative that combined learning and healthy competition. The active participation of 59 students and the support of the IEEE EMBS Society members contributed to the successful execution of the event. The initiative encouraged students to learn more about organ donation and recognize its valuable contribution to healthcare and society.

Event Description

The IEEE Engineering in Medicine and Biology Society (EMBS), KPRIET Student Branch, successfully organized an Online Quiz Contest on World Hepatitis Day on 28th July 2026 from 6:10 PM to 7:10 PM in online mode. The event was conducted to create awareness about hepatitis, its prevention, early diagnosis, treatment, and the importance of maintaining liver health. The quiz also encouraged students to enhance their knowledge of global health issues through an engaging and competitive platform.

Actual Outcome and Report of the Event

The event was coordinated by Ms. Shree Vidya M., VTools and Documentation Lead, with the support of the IEEE EMBS Society members. A remarkable 343 participants registered and 273 participants actively took part in the online quiz, reflecting the overwhelming response and interest from students.

The quiz consisted of thoughtfully designed multiple-choice questions covering various aspects of hepatitis, including its different types, modes of transmission, symptoms, preventive measures, vaccination, diagnosis, treatment options, and global awareness initiatives. The questions ranged from basic awareness to application-based scenarios, encouraging participants to think critically while improving their understanding of the disease.

The online format enabled participants to join conveniently from different locations, ensuring maximum participation and smooth execution of the event. The quiz platform provided a user-friendly experience, allowing participants to complete the contest within the allotted time while maintaining fairness and transparency in the evaluation process.

The primary objective of the event was to promote awareness about hepatitis and highlight the significance of early detection, vaccination, safe healthcare practices, and healthy lifestyle choices in preventing liver diseases. Through this initiative, participants gained valuable knowledge about one of the major global public health concerns and understood the importance of spreading awareness within their communities.

To recognize the efforts of all participants, e-certificates were awarded to everyone who took part in the quiz. In addition, the top performers were honoured with special recognition for their outstanding performance:

First Place: Linette – Joy University

Second Place: Thrishiga Sree A M – Kongu Engineering College

Second Place: Sandhiya B – Sona College

Third Place: Tharuna S – KPR Institute of Engineering and Technology

Overall, the Online Quiz Contest on World Hepatitis Day served as an effective awareness initiative that combined learning with healthy competition. The dedicated efforts of the IEEE EMBS Society members and the efficient coordination by Ms. Shree Vidya M. ensured the successful organization of the event, contributing to the society's mission of promoting healthcare awareness and lifelong learning among students.

Event Description

KPR Business School, KPR Institute of Engineering and Technology, Coimbatore observed International Literacy Day 2026 on 8 September 2026 with a Pledge Taking Ceremony and literacy awareness activities. The programme was organised to create awareness about the importance of literacy, education, lifelong learning, gender equality in education and equal access to knowledge. The official pledge highlighted literacy as a fundamental human right and emphasized inclusive and quality education for all.

The programme witnessed the active participation of faculty members and students. As part of the awareness activity, students displayed hand-prepared charts and posters highlighting literacy, the importance of reading and learning, and awareness related to literacy and equality. The activity encouraged students to creatively express their understanding of literacy and its role in building an empowered society.

A collective pledge-taking ceremony was conducted, in which the students and faculty members participated with commitment. The pledge encouraged everyone to support learners of all ages, promote reading and knowledge sharing, advocate for inclusive education, and contribute towards lifelong learning and bridging educational gaps.

The event concluded with a group photograph involving the participating students and faculty members, marking their collective commitment towards promoting literacy and creating a learning-oriented and inclusive community.

Overall, the International Literacy Day celebration served as a meaningful initiative to reinforce the value of literacy, encourage lifelong learning, and inspire students and faculty to contribute towards a more knowledgeable and empowered society.

Event Description

The Department of General Engineering, KPR Institute of Engineering and Technology, organized a Faculty Upskilling Programme on "Facilitating Self Exploration: Interactive Classroom Practices for Universal Human Values" on 13 August 2026 at CAC Hall, Chanakya Block. The programme was conducted from 11:00 AM to 12:30 PM with the objective of enhancing faculty members' understanding of self-exploration and promoting meaningful, interactive approaches to teaching Universal Human Values. The session featured Dr. Subramanian, Assistant Professor, Department of Engineering Physics, and Dr. Sudha, Associate Professor, Department of Engineering Chemistry, as speakers. The programme provided an engaging platform for faculty members to reflect on personal values, explore human aspirations, and understand practical methods for facilitating value-based discussions in the classroom. Through interactive practices and reflective learning, the session emphasized the importance of creating a supportive classroom environment that encourages self-awareness, mutual understanding, and responsible professional conduct among students.

Actual Outcome and Report of the Event

The Department of General Engineering, KPR Institute of Engineering and Technology, organized a Faculty Upskilling Programme titled "Facilitating Self Exploration: Interactive Classroom Practices for Universal Human Values" on 13 August 2026 at CAC Hall, Chanakya Block. The programme was conducted from 11:00 AM to 12:30 PM with the objective of enhancing faculty members' understanding of self-exploration and strengthening their ability to integrate Universal Human Values into classroom teaching through interactive and reflective methods.

The session featured Dr. Subramanian, Assistant Professor, Department of Engineering Physics, and Dr. Sudha, Associate Professor, Department of Engineering Chemistry, as resource persons. They emphasized the importance of self-awareness, human aspirations, and value-based living in education. Through engaging discussions and participatory activities, the speakers guided faculty members to explore the role of values in shaping attitudes, behavior, and interpersonal relationships.

Participants actively involved themselves in reflective exercises that encouraged deeper understanding of harmony within oneself and with others. The programme also highlighted practical strategies for creating student-centered, value-oriented learning environments that foster holistic development.

The session concluded successfully, leaving faculty members with meaningful insights and actionable approaches to promote Universal Human Values in their teaching practices, thereby contributing to the development of ethically grounded and socially responsible students.

Event Description

Yi Innovation Week 2026 is a flagship initiative organized by Young Indians (Yi), an initiative of the Confederation of Indian Industry (CII), to promote innovation, creativity, and design thinking among college students. Scheduled from 3rd to 8th August 2026, the program brings interactive, on-site workshops directly to college campuses under the Yi-YUVA Colleges initiative. The event aims to ignite young minds and inspire innovation by engaging students in practical, activity-based learning experiences. The workshops are designed to enhance participants' creative thinking, critical thinking, problem-solving, collaboration, and innovation skills, preparing them to address real-world challenges effectively.

The workshop modules are based on Design Thinking principles and include hands-on activities such as:

5 Why Analysis

Reverse Brainstorming

Moonshot Thinking

Empathy Modelling

Six Thinking Hats

These sessions are curated by Yi Innovation experts to ensure maximum student engagement and impact. The program emphasizes experiential learning, encouraging students to generate innovative ideas, work collaboratively, and develop a solution-oriented mindset.

Actual Outcome and Report of the Event

The Yi Innovation Week 2026 workshop on "Moonshot Thinking" was conducted on 7 August 2026 at KPR Institute of Engineering and Technology, under the Yi-YUVA initiative in association with Young Indians (Yi) and the Confederation of Indian Industry (CII). The session was led by Mr. Bala Sabarish, Lead Auditor, who introduced students to the concept of thinking beyond conventional boundaries and encouraged them to develop ambitious, innovative ideas aimed at creating exponential impact. The workshop provided an engaging platform for students to enhance their creativity, critical-thinking, problem-solving, and innovation skills through an interactive learning experience. Participants were motivated to identify real-world challenges, explore unconventional solutions, collaborate effectively, and transform ideas into meaningful outcomes. The session also emphasized the importance of adopting a creator and changemaker mindset, empowering students to think bigger, aim higher, and contribute positively to society. Overall, the workshop successfully fostered an innovation-oriented mindset among the participating students and encouraged them to approach challenges with confidence, creativity, and a vision for impactful change.

Event Description

The Department of Chemical Engineering organized an Orientation Programme for the final-year students (AY 2026–27) to familiarize them with the academic and professional expectations for their graduating year. The session covered the academic regulations, code of conduct, dress code, and essential do's and don'ts to ensure a disciplined learning environment. Students were introduced to institutional initiatives such as STRIDE and CLAIRE, along with opportunities in GATE preparation, AI integration in Chemical Engineering, and the implementation of MATLAB and ASPEN for technical competency. The programme also emphasized placement readiness, career planning, and skill development, motivating students to excel academically and professionally.

Event Description

The Department of Artificial Intelligence and Data Science, KPR Institute of Engineering and Technology, proudly organizes AI NEXUS – Parent-Faculty Connect 2026, an online interactive meeting that strengthens the partnership between parents, faculty members, and students. The event provides a platform to discuss students' academic performance, attendance, skill development, placement preparation, career goals, and overall well-being. Parents will have the opportunity to interact directly with faculty mentors, understand their ward's progress, and receive valuable guidance on supporting their academic and personal growth. Through open communication and collaborative engagement, AI NEXUS aims to build a strong support system that empowers students to excel academically, develop industry-ready skills, and achieve holistic success. Event Schedule III AD A, III AD B & IV Year AD Students: 17 July 2026 | 7:00 PM | Online

Theme: Connecting Parents, Faculty, and Students for Academic Excellence and Future Success.

Objectives : Strengthen parent–faculty collaboration for student success. Review students' academic performance and attendance.

Discuss : skill development, placements, internships, and higher education opportunities. Address concerns related to academics, discipline, and student well-being. Encourage continuous communication between parents and faculty mentors. Expected Outcomes Enhanced parent engagement in students' academic journey. Better understanding of student progress and future goals. Improved collaboration to support holistic student development. Stronger mentor-parent relationships for continuous guidance and success

Actual Outcome and Report of the Event

Actual Outcome -The AI NEXUS – Parent-Faculty Connect 2026 was successfully conducted online for the students of the Department of Artificial Intelligence and Data Science. The event witnessed enthusiastic participation from parents, students, faculty mentors, and the Head of the Department, fostering a collaborative environment focused on student success

The interaction enabled parents to gain a comprehensive understanding of their ward's academic progress, attendance, discipline, placement readiness, and overall development. Faculty members shared constructive feedback and personalized suggestions for improving academic performance, technical competencies, communication skills, and career preparedness. Parents actively participated in the discussion, appreciated the department's mentoring initiatives, and provided valuable feedback and suggestions. The meeting strengthened the trust and communication between parents and faculty, reinforcing a shared commitment towards the holistic development of students. Key Outcomes Strengthened parent–faculty partnership in monitoring student progress. Improved awareness among parents regarding academic performance, attendance, and mentoring activities. Enhanced communication on placement preparation, internships, higher studies, and skill development initiatives. Individual student concerns were identified, and appropriate action plans were proposed. Parents appreciated the department's continuous mentoring and student support system. Students received motivation and guidance to improve academic excellence and professional competencies. The event reinforced the department's commitment to student-centered education and continuous stakeholder engagement.

Event Report

Title of the Event : AI NEXUS – Parent-Faculty Connect 2026 Organized by Department of Artificial Intelligence and Data Science KPR Institute of Engineering and Technology

Mode - Online

Dates - 17 July 2026 – III AD A, III AD B & IV Year Students

Objective :

To establish an effective communication platform between parents and faculty members to discuss students' academic performance, attendance, discipline, mentoring, placement readiness, and overall personal and professional development.

Proceedings :

The Parent-Faculty Connect commenced with a welcome address by the Head of the Department, emphasizing the importance of parental involvement in students' academic journey. Faculty mentors then interacted with parents individually and collectively, presenting updates on students' academic achievements, attendance records, internal assessment performance, project involvement, internships, skill enhancement activities, and placement preparation. Parents were encouraged to share their observations and concerns regarding their wards. Faculty members addressed queries related to academics, career guidance, higher education opportunities, placement training, and student well-being. Constructive suggestions were exchanged to create personalized improvement plans for students requiring additional academic support. The meeting concluded with a vote of thanks, expressing gratitude to all parents for their active participation and continued cooperation in nurturing the academic and professional growth of the students.

The event reinforced the department's commitment to student-centered education and continuous stakeholder engagement.

Event Report

Title of the Event : AI NEXUS – Parent-Faculty Connect 2026 Organized by Department of Artificial Intelligence and Data Science KPR Institute of Engineering and Technology

Mode - Online

Dates - 16 July 2026 – II A, II B & II C AD Students

Objective

To establish an effective communication platform between parents and faculty members to discuss students' academic performance, attendance, discipline, mentoring, placement readiness, and overall personal and professional development.

Proceedings

The Parent-Faculty Connect commenced with a welcome address by the Head of the Department, emphasizing the importance of parental involvement in students' academic journey. Faculty mentors then interacted with parents individually and collectively, presenting updates on students' academic achievements, attendance records, internal assessment performance, project involvement, internships, skill enhancement activities, and placement preparation. Parents were encouraged to share their observations and concerns regarding their wards. Faculty members addressed queries related to

academics, career guidance, higher education opportunities, placement training, and student well-being. Constructive suggestions were exchanged to create personalized improvement plans for students requiring additional academic support. The meeting concluded with a vote of thanks, expressing gratitude to all parents for their active participation and continued cooperation in nurturing the academic and professional growth of the students.

Event Description

The Department of Mechanical Engineering organized the Orientation Programme for II and III Year students to familiarize them with the academic framework, departmental portfolios, student governance structure, career development opportunities, industry engagement activities, research prospects, and

professional growth pathways available during their course of study. The programme commenced with an address by the Head of the Department highlighting the department vision, mission, academic expectations, and opportunities available to students.

The sessions covered mentoring and student governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE initiatives, employability and placement readiness, value-added certifications, innovation and entrepreneurship activities through CIIED, and research and publication opportunities. Students were introduced to industrial visits, internships, higher studies pathways, competitive examinations, professional certifications, startup opportunities, funded projects, technical competitions, and campus automation platform activities. The programme also provided an interactive platform for clarifications, feedback, and action planning, enabling students to understand the resources and support systems available for their academic and professional development.

Actual Outcome and Report of the Event

Actual Outcome of the Event The Orientation Programme was successfully conducted for the students of the Department of Mechanical Engineering. The programme enabled students to gain a comprehensive understanding of the department's academic ecosystem, mentoring framework, student governance structure, and various opportunities available for their professional growth. Students actively interacted with faculty coordinators and mentors, clarified academic and career-related queries, and demonstrated enthusiasm towards participating in departmental activities.

The sessions created awareness about Outcome Based Education (OBE), higher education opportunities, placement preparation strategies, industry collaborations, internships, value-added certifications, innovation and entrepreneurship initiatives, and research activities. Students expressed keen interest in joining professional societies, participating in hackathons, pursuing certifications through NPTEL and SWAYAM, and engaging in research, project development, and publication activities. The programme also facilitated the identification of student representatives and coordinators for various departmental portfolios, thereby strengthening student participation and leadership.

As a result of the programme, students developed a clear roadmap for academic progression, career planning, skill enhancement, and industry readiness. The orientation effectively motivated students to make optimum use of the opportunities provided by the department and institution for achieving academic excellence and professional success.

Report of the Event The Department of Mechanical Engineering, KPR Institute of Engineering and Technology, organized the Orientation Programme for II and III Year students for the Academic Year 2026–2027. The programme commenced with the address by the Head of the Department, who welcomed the students and outlined the department's vision, mission, academic expectations, and opportunities available for holistic development.

The programme included sessions on Mentoring System and Student Governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE Skill Development Initiatives, Employability and Industry Readiness, Certifications and Professional Development, Innovation and Entrepreneurship through CIIED, and Research, Publications, and Career Opportunities. Faculty coordinators presented the objectives, activities, and benefits associated with each portfolio and highlighted the opportunities available for student engagement.

Students were briefed on academic regulations, credit requirements, assessment processes, professional ethics, code of conduct, and campus facilities. Sessions on higher studies, GATE preparation, research fellowships, internships, industrial visits, placement readiness, technical skill development, and entrepreneurship encouraged students to plan their academic and professional careers effectively. The research and innovation session provided insights into project development, publications, patents, funded projects, competitive coding, and participation in national-level competitions.

The programme concluded with an open house interaction where students shared feedback and clarified their queries regarding academics, placements, research, and extracurricular activities. Overall, the event served as an effective platform to orient students towards departmental objectives, enhance awareness of available opportunities, and motivate them to actively participate in academic, research, innovation, and career development activities throughout the academic year.

Event Description

The IEEE Women in Engineering (WIE) Affinity Group is planning to conduct the "WIE Nutrikids" Health and Nutrition Awareness Session for school students at P.R. Sidha Naidu Memorial Matriculation Higher Secondary School, Sidhapudur, Coimbatore, on July 03, 2026. The objective of this program is to create awareness among school students regarding the importance of nutrition, healthy eating habits, personal hygiene, and overall well-being. In this regard, kind approval is requested.

Actual Outcome and Report of the Event

Healthy living awareness means focusing on balanced nutrition, regular physical activity, and good mental well-being to prevent serious illness. Making small daily choices helps protect your body and improves your quality of life.

Core Pillars of Health

Balanced Diet: Eat fresh fruits, green leafy vegetables, whole grains, and lean proteins while cutting down on sugar, salt, and bad fats.

Physical Activity: Stay active with at least 150 minutes of moderate exercise each week, such as walking, cycling, or swimming.

Quality Sleep: Get around 7 to 8 hours of rest each night and keep a fixed sleep schedule.

Mental Health: Manage stress using relaxation techniques, meditation, and staying connected with family and friends.

Preventive Care: Avoid tobacco, limit alcohol use, and go for routine health screenings.

Event Description

FIESTAA 26 is a prestigious international-level technical symposium organized to bring together talented students from across institutions, both internal and external, to showcase their technical acumen and innovative ideas. The event featured a wide array of competitions, workshops, paper presentations, and expert talks spanning various engineering and technology domains. Designed to promote knowledge sharing, critical thinking, and collaboration, FIESTAA 26 served as a vibrant platform for students to engage in hands-on learning, gain industry insights, and foster professional networking in a globally connected environment.

Actual Outcome and Report of the Event

The event successfully fostered innovation, collaboration, and technical excellence among students. With vibrant internal and external participation, FIESTAA 26 provided a dynamic platform for knowledge exchange, showcased emerging talents, and encouraged cross-institutional networking. The symposium enhanced students' confidence, presentation skills, and enthusiasm for research and technology.

Event Description

Engineering Intelligence with Words is an engaging technical event designed to enhance students' communication, analytical thinking, and engineering problem-solving skills through the power of language. The event challenges participants to explain complex engineering concepts, emerging technologies, and real-world innovations using clear, concise, and impactful words. Through activities such as technical presentations, impromptu speaking, concept explanations, and idea pitching, students develop the ability to communicate technical knowledge effectively to diverse audiences. The event fosters creativity, critical thinking, confidence, and professional communication skills, which are essential for successful engineering careers. Participants gain valuable experience in transforming technical intelligence into meaningful and persuasive communication.

Actual Outcome and Report of the Event

Students demonstrated improved technical communication and presentation skills. Participants effectively articulated engineering concepts, innovations, and problem-solving approaches using clear and structured language. The event enhanced critical thinking, creativity, confidence, and public speaking abilities. Students gained exposure to converting technical knowledge into meaningful discussions suitable for both technical and non-technical audiences. The activity encouraged peer learning, knowledge sharing, and professional communication practices essential for engineering careers.

Event Description

A Brain Bid competition/event is usually an idea pitching, quiz, innovation, or problem-solving competition where participants "bid" their knowledge, creativity, or solutions related to academics, technology, business, healthcare, or innovation.

For a biomedical engineering department, a Brain Bid event can be designed as:

Brain Bid – Event Concept Tagline: "Where Ideas Compete and Innovation Wins"

Possible Formats Technical Idea Pitching

Students present innovative healthcare or biomedical ideas.

Example: AI in healthcare, wearable sensors, smart prosthetics.

Rapid-Fire Quiz

Biomedical, biology, electronics, aptitude, and innovation rounds.

Problem-Solving Challenge

Teams solve real healthcare problems within a time limit.

Startup/Innovation Bid

Teams "bid" for funding using presentations judged by experts.

Poster & Prototype Competition

Actual Outcome and Report of the Event

Round 1 – Preliminary Quiz MCQs

Technical aptitude

General science

Round 2 – Brain Battle Rapid-fire questions

Image identification

Case studies

Events

KPR Institute of Engineering and Technology

Round 3 – Innovation Bid3–5 minute idea presentation

Judges evaluate feasibility and creativity

Final Round – Investor PitchTeams pitch solutions as startups

Jury awards virtual funding points

Judging CriteriaInnovation

Technical knowledge

Practical feasibility

Presentation skills

Social/healthcare impact

Suggested ThemesSmart Healthcare

AI in Medicine

Biomedical Innovations

Future Hospitals

Wearable Devices

Digital Health

Event Description

The Short Term Training Programme (STTP) on “Reimagining Pedagogy, Practice, and Professional Roles in the Age of AI” focuses on equipping educators and academic professionals with practical skills to integrate Artificial Intelligence into teaching, learning, research, and administration. The programme introduces participants to AI-powered tools for personalized learning, content creation, assessment, and student engagement, while also addressing ethical considerations and responsible use. It provides hands-on training in applying AI for research support (literature review, data analysis, academic writing) and streamlining administrative tasks such as scheduling, evaluation, and data management. Overall, the STTP aims to enhance digital competence, promote innovative pedagogy, and prepare educators to adapt to evolving professional roles in an AI-driven academic environment.

Actual Outcome and Report of the Event

The Department of Chemical Engineering, KPR Institute of Engineering and Technology, successfully conducted a Short-Term Training Programme on “AI in Engineering Education and Simulation” in four sessions. The programme was organized over two days, with the first two sessions conducted on 7 May 2026 and the remaining two sessions on 14 May 2026.

During the programme, the resource person, Dr. S. Balasubramanian, Professor and Head, Department of Chemical Engineering, provided comprehensive training on the effective use of Artificial Intelligence tools in engineering education. The sessions focused on prompt engineering and demonstrated how AI platforms such as ChatGPT, Gemini, Claude AI, and Perplexity can be utilized for academic activities including syllabus creation, CO–PO mapping, preparation of lecture notes, and development of educational videos.

The resource person also introduced various AI-powered educational applications such as Chalkie, Eduaide, and Edpuzzle, highlighting their applications in assessment, research, teaching–learning processes, and academic administration. Participants gained practical exposure to these tools and learned strategies for integrating AI technologies into their teaching practices to enhance productivity and student engagement.

The programme was highly interactive and well received by the participants. Faculty members expressed appreciation for the hands-on demonstrations and practical insights provided during the sessions. The training enhanced participants' awareness of emerging AI technologies and equipped them with valuable skills to effectively incorporate AI tools into engineering education and institutional activities.

Event Description

The expert talk on "Career Opportunities after Graduation" aims to guide students in exploring diverse career paths aligned with emerging industry trends and global Sustainable Development Goals (SDGs). The session will provide insights into higher education, employment opportunities, entrepreneurship, and skill development required for a successful career.

Actual Outcome and Report of the Event

The expert talk successfully enhanced students' awareness of diverse career opportunities available after graduation in chemical engineering. Students developed a clear understanding of higher education pathways, competitive examinations such as GATE and government jobs, and opportunities in both domestic and international sectors.

Event Description

Session, titled “Understanding Careers, Leadership and Emerging Technologies”, will be designed for First-Year UG students. The objective of this session will be to create early awareness about career pathways, foundational leadership qualities, and emerging technological trends. The expert will introduce students to various career options, highlight the importance of developing both technical and soft skills, and encourage a growth mindset from the beginning of their academic journey.

Actual Outcome and Report of the Event

An Expert Talk on “Understanding Careers, Leadership and Emerging Technologies” was successfully organized by the Department of Artificial Intelligence and Data Science, KPR Institute of Engineering and Technology, on 12th February 2026 at Thanam Hall for II Year UG students.

The session was delivered by Somasundaram Subbu, Founder of CStream.io and Gidy.ai, who shared his rich industry experience and entrepreneurial journey with the students.

Event ProceedingsThe expert talk commenced at 01:40 PM and concluded at 03:15 PM. The speaker emphasized:

The importance of career clarity and goal setting for engineering students

Essential leadership qualities required in today's competitive professional environment

The role and impact of emerging technologies such as Artificial Intelligence, Data Science, Automation, and Cloud Computing

Industry expectations, real-world problem-solving skills, and continuous learning

Real-time industry examples, career roadmap suggestions, and interactive discussions made the session highly engaging and informative.

Actual OutcomeStudents gained practical insights into career opportunities in AI, Data Science, and related emerging technologies.

Awareness about industry-oriented skills, leadership mindset, and entrepreneurship was significantly enhanced.

The session motivated students to focus on skill development, innovation, and lifelong learning.

Participants actively interacted with the speaker, clarifying doubts related to career paths, higher studies, startups, and industry readiness.

ConclusionThe expert talk was highly successful and impactful, fulfilling its objective of bridging the gap between academics and industry expectations. The event added substantial value to students' professional development and inspired them to prepare strategically for future careers.

Event Description

Session, titled “From Campus to Career: Technology, Leadership and Industry Expectations”, will be conducted for Second- and Third-Year UG students. This session will focus on preparing students for the transition from academic learning to professional careers. The expert will discuss current industry expectations, the impact of technology on modern workplaces, and the importance of leadership, adaptability, and continuous skill development. Emphasis will be given to employability skills, professional ethics, and aligning academic knowledge with real-world industry requirements.

Actual Outcome and Report of the Event

The Department of Artificial Intelligence and Data Science, KPR Institute of Engineering and Technology, successfully organized an Expert Talk titled “From Campus to Career: Technology, Leadership and Industry Expectations” on 12th February 2026 at Thanam Hall. The session was conducted for II and III Year UG students.

The expert session was delivered by Somasundaram Subbu, Founder of CStream.io and Gidy.ai, USA, who shared his extensive industry and entrepreneurial experience with the students.

Event ProceedingsThe program commenced at 10:45 AM and concluded at 12:35 PM. During the session, the speaker provided valuable insights on:

Transitioning effectively from academic life to professional careers

The importance of technology awareness and adaptability in the current job market

Leadership skills and professional ethics expected by the industry

Industry expectations in domains such as Artificial Intelligence, Data Science, Software Engineering, and Emerging Technologies

Strategies for skill enhancement, internships, startups, and higher studies

The session was highly interactive, with students actively engaging through questions and discussions related to career planning and industry readiness.

Actual OutcomeStudents developed a clear understanding of industry expectations and career pathways.

Awareness about the significance of technical skills, leadership qualities, and continuous learning was enhanced.

The session motivated students to prepare for real-world challenges, internships, and future job roles.

Participants gained confidence in aligning their academic learning with professional goals.

ConclusionThe expert talk was highly informative and impactful, successfully bridging the gap between campus education and industry requirements. The session significantly contributed to the students' career orientation and professional development, making it a valuable learning experience.

Event Description

■ Pitch Perfect – Spot Selling Challenge !!! ■ “Speak Smart Rule the Stage!”

Think you can sell anything to anyone?

Here's your chance! Step onto the stage, grab a surprise product, and pitch it like the ultimate salesperson. From AirPods to a water bottle – it's not about what you sell, but how you sell it!

Actual Outcome and Report of the Event

- Ø The Pitch Perfect – Spot Selling Challenge was conducted on 16th October 2025 by the Youth Parliament Sangamam at KPRIET.
- Ø The event was designed to help students showcase their spontaneous speaking, marketing ability, and creative persuasion skills.
- Ø Participants were given a surprise product on the spot and had 2 minutes to sell it convincingly to the audience.
- Ø The judging criteria included communication skills and creativity in selling.
- Ø The event encouraged participants to think fast, be confident, and deliver an engaging and convincing sales pitch.

Event Description

For the very first time, Youth Parliament of Sangamam brings you a Hindi Debate Competition - all in Hindi! Join us for an engaging and thought-provoking debate where voices meet ideas and ideas inspire change!

Actual Outcome and Report of the Event

The Youth Parliament of Sangamam organized the first-ever Hindi Debate Competition at KPR Institute of Engineering and Technology (KPRIET). The event took place on 11th October 2025 (Saturday) from 2:00 PM to 4:00 PM. The central theme of the debate was "Effectiveness and Impact of Protests." The competition aimed to encourage students to express their opinions freely and promote the use of the Hindi language on campus. Participants were given topics related to the main theme and spoke either for or against the motion. The event witnessed active participation and enthusiastic responses from students. Participants delivered thought-provoking arguments on the importance and outcomes of protests in society. The competition helped students develop public speaking, critical thinking, and confidence in communicating in Hindi. The event concluded successfully with positive feedback and appreciation from both participants and organizers.

Event Description

The session "Opportunities Beyond Borders" aims to create awareness among aspiring students about the Tamil Nadu Government's Overseas Scholarship Scheme, which offers financial assistance for pursuing higher education abroad. The event will provide comprehensive insights into eligibility criteria, application procedures, scholarship coverage, and documentation requirements.

Students will gain valuable guidance on selecting universities, preparing for international admissions, and leveraging state-sponsored opportunities to enhance their global learning experience. The interactive session will also feature discussions on career prospects, cultural adaptability, and strategies for success in international education.

This initiative encourages students to dream big, explore global horizons, and make the most of the government's support in achieving academic excellence beyond borders.

Actual Outcome and Report of the Event

The expert lecture on "Opportunities Beyond Borders: Tamil Nadu Government's Overseas Scholarship Scheme" provided students with a comprehensive understanding of the scholarship opportunities offered by the Government of Tamil Nadu for pursuing higher education abroad.

The session, conducted by Mr. V. Sathyamoorthy and Mr. Vivekanandan Ragunathan, Co-Founders of The Masters Academy, Coimbatore, enlightened the participants on eligibility criteria, application procedures, documentation, and financial assistance under the scheme. Students gained clarity on choosing suitable universities, preparing competitive applications, and aligning their academic goals with global opportunities.

The speakers also emphasized the importance of career planning, global exposure, and skill enhancement for aspiring scholars. The session inspired I and IV year students to explore international education pathways confidently and make informed decisions about their future academic pursuits.

Event Description

Green Mindset Walkathon supports Sustainable Development Goals among School Children

Actual Outcome and Report of the Event

Event Outcome: Green Mindset Creative Walkathon

As part of the Institution Social Responsibility (ISR) initiative, myself along with 3 students from the Department of Chemical Engineering volunteered in the Green Mindset Creative Walkathon organized by the ANT Foundation. The event was conducted at Corporation Middle School, Masakalipalayam and S.I.H.S. Colony, Coimbatore.

The walkathon aimed to promote environmental awareness, healthy living, and community participation among students and local residents. Volunteers actively engaged in organizing the walk, coordinating participants, and spreading messages on sustainability, cleanliness, and eco-friendly habits.

The event successfully created awareness about the importance of adopting a green lifestyle and encouraged students and the community to take small but meaningful steps towards environmental conservation. It also strengthened the spirit of volunteerism and social responsibility among the student participants.

Outcome Summary:

Enhanced environmental awareness in local schools and communities.

Strengthened collaboration between educational institutions and NGOs.

Promoted student leadership, teamwork, and civic engagement.

Event Description

The Youth Press Conference is a unique simulation event that allows participants to step into the roles of national leaders and sharp reporters. Designed to reflect the dynamism of real political interactions, the event provides a platform for students to debate, defend and decide that is mirroring the high-pressure environment of governance and journalism.

Actual Outcome and Report of the Event

The rehearsal was structured as follows:

Role Play: Participants will be assigned roles such as Prime Minister, Cabinet Ministers, or Opposition Leader etc., two days before the event.

Leadership Speeches: Leaders must present the key activities and initiatives of their ministry before facing the press.

Press Interaction: Fellow participants, acting as reporters, will pose challenging and sharp questions aimed at testing the leader's competency.

Role Switch: After speaking as a leader, each participant will take on the role of a reporter, questioning others and evaluating their responses.

Key Outputs:

Improved Leadership Skills: Participants acting as Prime Minister, Ministers or Opposition Leader developed confidence in presenting ministry activities and defending their viewpoints.

Sharper Questioning Ability: Acting as reporters, students learned to frame sharp, relevant and challenging questions that tested the depth of responses.

Enhanced Public Speaking and Communication: Participants practiced clear, persuasive and impactful speech delivery while handling press-style interactions.

Critical Thinking and Responsiveness: The event encouraged participants to think on their feet and provide wise, well-structured answers under pressure.

Collaborative Learning Experience: The dual role of leader and reporter fostered mutual learning, as participants observed, questioned, and responded to each other in a constructive environment.

Overall, the Youth Press Conference was very successful, giving participants a good opportunity to experience leadership and media interaction. The participants showed enthusiasm, creativity and confidence, which set a strong foundation for future Youth Parliament events.

Event Description

The IICHe Students Chapter organized Collabrix, a fun-based team building activity aimed at enhancing collaboration and communication among students. The event featured a series of engaging team games that encouraged participants to work together, share ideas, and develop problem-solving skills. Students actively participated with great enthusiasm, fostering a spirit of teamwork and mutual support. The activity not only created an enjoyable learning experience but also strengthened interpersonal relationships, leaving participants motivated to carry forward the essence of collaboration in their academic and professional journey.

Actual Outcome and Report of the Event

The IICHe Students Chapter successfully conducted Collabrix, a team building activity that emphasized collaboration and communication. The outcomes of the event included:

Improved teamwork and problem-solving skills among participants.

Enhanced communication and idea-sharing within groups.

Strengthened peer bonding and mutual support.

Development of leadership and coordination abilities.

Increased enthusiasm for participating in future chapter activities.

The event proved to be both enjoyable and impactful, aligning with the chapter's objective of fostering holistic student development.

Event Description

The Civic Policy Showdown will be conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills and creativity in policy formulation.

Actual Outcome and Report of the Event

The Civic Policy Showdown was conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills, and creativity in policy formulation. The format of the event was structured as follows:

1. Opening Session: The event began with a warm welcome to all participants and the judge, followed by an introduction to the competition rules and regulations.
2. Policy Presentation: Each participant delivered a 5-minute presentation (3–5 slides) covering the problem, solution and impact of their proposed policy.
3. Q&A Session: The judge posed insightful questions to participants, testing the depth, feasibility and originality of their ideas.
4. Closing Session: The event concluded with the announcement of winners and final remarks from the judge and coordinators.

The event witnessed enthusiastic participation, with students showcasing creativity, critical thinking and persuasive communication. The Civic Policy Showdown was successfully conducted, providing a valuable platform for students to present innovative policy ideas on real-world challenges. The participants showed great creativity, confidence, and problem-solving skills, reflecting the spirit of youth working towards positive change.

Event Description

The Yi-YUVA Club of KPRIET is organizing an insightful program on "Sensing Youth Towards Disability" to create awareness, empathy, and inclusivity among students. The session aims to sensitize young minds about the challenges faced by persons with disabilities and the importance of building a society that fosters equal opportunities for all. Through interactive discussions, real-life experiences, and engaging activities, the program will highlight the significance of empathy, accessibility, and social responsibility. It will encourage students to reflect on their role in supporting differently-abled individuals and contributing to an inclusive community. This initiative not only seeks to build awareness but also to inspire youth to become advocates of change, ensuring that inclusivity and acceptance become integral values in both academic and social spaces.

Event Description

The special session on "Career Guidance: What Next After 12th?" is designed to empower and guide the 12th-grade girl students of St. John De Britto Girls Higher Secondary School, Sathyamangalam, as they stand at a crucial crossroads in their academic and personal journey. The event aims to provide a clear understanding of the diverse opportunities available after completing higher secondary education, helping students make informed and confident decisions.

Events

KPR Institute of Engineering and Technology

about their future. The session will cover a wide range of options, including higher education streams such as engineering, medicine, arts, commerce, and emerging fields like data science, design, and entrepreneurship. It will also highlight vocational courses, competitive exams, skill-based programs, and scholarships that can support students financially and academically. Through real-life examples and practical insights, students will gain clarity on aligning their strengths, interests, and career goals. In addition to academic pathways, the session will focus on essential skills for success, such as critical thinking, adaptability, and continuous learning. The objective is to inspire students to dream big, plan effectively, and choose a career that matches their passion and potential. This interactive and motivational session promises to be an eye-opener, guiding young minds toward a bright and fulfilling future.

Actual Outcome and Report of the Event

The Career Guidance: What Next After 12th? session conducted for the 12th-grade girl students of St. John De Britto Girls Higher Secondary School, Sathyamangalam, concluded successfully with an overwhelming response from the participants. The session created a significant impact by providing clarity and direction at a crucial stage in the students' academic journey. Students actively engaged throughout the program, asking insightful questions about various career paths, eligibility criteria, and opportunities in higher education. One of the key outcomes was the increased awareness among students about the diverse options available beyond the traditional streams. They gained valuable insights into emerging career fields, competitive exams, vocational programs, and skill-development courses that can open new doors for growth. The session also helped them understand the importance of aligning personal interests and strengths with career choices, rather than following societal pressure or random trends. Many students expressed confidence in planning their future with a clear roadmap and showed enthusiasm toward exploring scholarships, internships, and higher education opportunities. Teachers and faculty appreciated the initiative for motivating the students to think beyond limitations and aim high. Overall, the event successfully empowered young learners to make informed decisions and take their first step toward a successful and fulfilling career.

Event Description

This event aimed to enlighten newly inducted YRC volunteers of Nirmala College on the vision, mission, and purpose of the Youth Red Cross, as well as to inspire them through real-life examples and field experiences

Actual Outcome and Report of the Event

Dr. R. Subramaniyan Raja began the session with a warm address, introducing the legacy of the Indian Red Cross Society and the global Red Cross movement. He emphasized how YRC acts as a bridge between students and society, nurturing compassion, leadership, and civic duty. He also outlined the three fundamental principles of YRC:

- Ø Protection of health and life
- Ø Service to the sick and suffering
- Ø Promotion of national and international friendship

The presentation touched upon a variety of past initiatives undertaken by the YRC unit at KPRIET — from blood donation drives and disaster relief efforts to community development activities and health awareness campaigns. Dr. Raja motivated the students to participate not just as volunteers, but as leaders with empathy.

Adding to the session's impact, Mr. Roopmann V shared his personal journey as a YRC volunteer. His experiences as a student leader, including organizing awareness camps and community outreach, resonated strongly with the audience. He encouraged peers to take initiative, think innovatively, and develop leadership skills while serving society. His enthusiastic delivery and first-hand stories of fieldwork added authenticity and inspiration to the orientation.

A special emphasis was given to the Seven Fundamental Principles of the Red Cross and Red Crescent Movement, which guide all YRC activities globally:

Humanity – Serving people in need without discrimination.

Impartiality – No discrimination based on nationality, race, religion, or political beliefs.

Neutrality – The movement does not take sides in hostilities or controversies.

Independence – YRC remains autonomous while cooperating with governments and institutions.

Voluntary Service – It is a voluntary relief movement not prompted by any desire for gain.

Unity – Only one Red Cross or Red Crescent society exists in one country, open to all.

Universality – All societies have equal status and share equal responsibilities and duties in helping each other.

These principles were discussed in depth, supported with examples from YRC-led initiatives at KPRIET and across the region.

Event Description

Free eye and general health camp for general public

Actual Outcome and Report of the Event

Here's a concise and positive report based on your request:

Report on Free Eye Camp and General Health CampA free eye and general health camp was successfully organized at Balakrishna Kalyana Mandapam, Periyanaickenpalayam, with support from Aravind Eye Hospital and YFCC. The event drew an enthusiastic response, with 756 participants from the local community benefitting from a range of healthcare services.

Eye screenings were conducted extensively, resulting in the recommendation of 113 free cataract surgeries, to be arranged by Aravind Eye Hospital as part of their continued service to public health. In addition to ocular assessments, general health checkups—including blood pressure, diabetes screening, and basic wellness consultations—were provided.

To ensure comfort and dignity for all attendees, free distribution of meals was arranged throughout the day. The initiative not only offered medical relief but also strengthened community bonds through compassionate care and outreach.

The organizing team expressed gratitude to all volunteers, clinicians, and support staff for making the camp a resounding success. This camp stands as a testament to collaborative public service and the shared vision of improving healthcare access for all.

Would you like help converting this into a newsletter, press note, or certificate of appreciation? I'd love to assist!

Event Description

We are pleased to announce the Sustainability Conclave 2025, a series of events aligned with the 17 Sustainable Development Goals (SDGs). The conclave will feature awareness programs, competitions, workshops, and community-driven initiatives to promote sustainability and social responsibility.

? Date: 01.04.2025 – 28.04.2025

? Venue: Various locations across the campus

? Organized by: Team SDG & Team Sangamam

We encourage active participation from all students and faculty to make this initiative a success. Let's work together towards a greener and more sustainable future!

Actual Outcome and Report of the Event

KPRIET's Sustainability Conclave 2025 and MOU with BSG: Igniting Action for a Sustainable Future
COIMBATORE – April 28, 2025 – KPR Institute of Engineering and Technology (KPRIET) successfully completed its Sustainability month through Sustainability Conclave 2025, a month-long initiative dedicated to raising awareness, inspiring action, and fostering collaborations towards the United Nations Sustainable Development Goals (SDGs). The event united students, faculty members, experts, and various organizations in a collective commitment to build a sustainable and equitable future.

The Conclave featured 17 impactful events, each meticulously aligned with one of the 17 SDGs, promoting understanding, encouraging innovation, and showcasing best practices. The Sustainability Conclave 2025 at KPRIET served as a powerful catalyst for fostering a culture of sustainability and inspiring the next generation of leaders to actively contribute to the global agenda for a better future.

As the Sustainability Conclave 2025 drew to a close, a significant Memorandum of Understanding was signed between KPR Institute of Engineering and Technology and Bharat Soka Gakkai (BSG), New Delhi symbolized the strength of partnerships, ensuring that these efforts would continue to thrive. This

collaboration signifies a shared commitment to advancing the Sustainable Development Goals and fostering a more sustainable and equitable future. The partnership aims to leverage the strengths of both Organisation to promote awareness, inspire action, and create impactful initiatives aligned with the SDGs.

Event Description

FIESTAA 25 is a prestigious international-level technical symposium organized to bring together talented students from across institutions, both internal and external, to showcase their technical acumen and innovative ideas. The event featured a wide array of competitions, workshops, paper presentations, and expert talks spanning various engineering and technology domains. Designed to promote knowledge sharing, critical thinking, and collaboration, FIESTAA 25 served as a vibrant platform for students to engage in hands-on learning, gain industry insights, and foster professional networking in a globally connected environment.

Actual Outcome and Report of the Event

he event successfully fostered innovation, collaboration, and technical excellence among students. With vibrant internal and external participation, FIESTAA 25 provided a dynamic platform for knowledge exchange, showcased emerging talents, and encouraged cross-institutional networking. The symposium enhanced students' confidence, presentation skills, and enthusiasm for research and technology.

Event Description

KPR Institute of Engineering Technology, Department of Civil Engineering, IEEE GRSS, IEEE SIGHT and IEEE KPRIET Student Branch (SB) Jointly Organizes SDGATHON 2025 - A Hackathon on Global Goals

Actual Outcome and Report of the Event

A Hackathon to popularise the United Nations’s sustainable development goals among the engineering students named SDGATHON 25 was conducted by the Civil department of KPR institute of engineering and technology Coimbatore in association with IEEE,IEEE SIGHT and the student chapter of IEEE of the institute. A total of 377 students from selected engineering colleges state wide participated in the event and submitted their innovative software, products, proof of concept, and working models. Of them, the outstanding 20 projects were awarded prizes and the topmost four were awarded special and cash prizes. Every participant was gifted with a tree sapling and a brochure related to water conservation marking the International Water Day. For the successful conduct of the event, on behalf of Dr.K.P. Ramasamy, the Chairman, and Coordinators of the event of Civil department.

Event Description

The Department of Computer Science and Engineering, in association with the IEEE Computer Society Student Branch at KPR Institute of Engineering and Technology, is organizing a one-day outreach program titled "Innovative Extension Activities to Promote Accessibility." This initiative aims to foster inclusivity and technological empowerment for differently-abled individuals by introducing innovative solutions and interactive activities.

Actual Outcome and Report of the Event

Empowerment and Motivation – The event will provide a platform for differently-abled individuals to engage in inspiring and interactive activities, boosting their confidence and self-esteem.

Promotion of Inclusivity – By hosting this event, KPR Campus will reinforce its commitment to inclusivity and equal opportunities for all, fostering a sense of belonging among the participants.

Community Engagement and Awareness – The event will enhance awareness among students and faculty about the challenges faced by differently-abled individuals, encouraging empathy and proactive support.

Skill Development and Interaction – Through various activities, participants will have the opportunity to learn new skills, engage in social interactions, and build valuable connections within the community.

Support and Well-being – Providing transportation, refreshments, and meals will ensure a comfortable and enjoyable experience for the attendees, demonstrating our commitment to their well-being.

Strengthening Institutional Social Responsibility (ISR) – This initiative will enhance the social responsibility efforts of the IEEE CS Chapter and KPR Campus, setting an example for future community-focused events.

Positive Impact on Participants – The event aims to leave a lasting impact on the participants, instilling hope, encouragement, and a sense of achievement.

Sustainable Initiatives – This event can serve as a stepping stone for more such inclusive programs, encouraging long-term engagement and support for differently-abled individuals in the community.

Event Description

The hackathon on November 7-9 focused on developing innovative educational aids for special children, encouraging participants to design solutions that enhance interactive learning and real-time tracking. With workshops on the first day, the hackathon brought together tech enthusiasts to create apps and tools for smart exercise aids and engaging learning experiences. The event aimed to provide practical solutions to improve the educational experience for special children, combining creativity and technology.

Actual Outcome and Report of the Event

The event provided hands-on experience in designing apps and tools that support real-time tracking and personalized learning, demonstrating the potential of technology to create inclusive educational environments.

Actual Outcome and Report of the Event

Day 1: Workshop

The symposium began with a workshop on November 7, 2024, featuring keynote speaker Smt. Nalini Jayaprakash, Principal of the Amrit Centre for Special Needs in Coimbatore. Known for her dedication to children with special needs, she discussed strategies to foster independence and life skills in children with disabilities. Her session was well-received, as she shared practical approaches, including assistive devices to enhance communication and mobility. Participants found her insights motivational, gaining valuable understanding on how to create inclusive environments for children with disabilities. Following her session, Prof. Arun Kumar from KPRIET led an interactive session on "Design Thinking." This session introduced attendees to the core stages of design thinking—empathizing, defining, ideating, prototyping, and testing. Prof. Arun encouraged active engagement by inviting participants to share their thoughts on real-world challenges, reinforcing the relevance of design thinking in problem-solving.

The day concluded with a hands-on session on "Mobile App Development" led by Mr. S. Ganaprakash, a mobile application development expert. This session covered the essentials of app creation for Android, iOS, and cross-platform environments like Flutter. Participants explored UI/UX principles, frameworks, and backend tools like Firebase, laying a solid foundation for future app developers. The session was highly appreciated for providing practical insights and technical knowledge.

Day 2: Hackathon

The hackathon kicked off on November 8 at Raagam Hall, starting with an inaugural ceremony at 9:00 a.m. This segment of IGNUZ'24 encouraged participants to apply their skills to real-time challenges. The day included various technical and creative contests, such as a CAD modeling competition ("Sketch Sphere") and a paper presentation ("Paper Pioneer"), both of which tested participants' technical skills and innovation. Networking sessions throughout the day facilitated knowledge exchange among engineering students and mentors.

The participants were engaged in creative activities such as "Bridge Building" (Engineering Connections) and memory-based games, which emphasized teamwork and strategic thinking.

Day 3: Hackathon and Valedictory

The final day of the event, November 9, focused on completing and presenting projects. Participants demonstrated significant progress, and their work was evaluated by an esteemed jury Mr.Shankar Subbaih S, expertise in Assistive Technology, ICT, and Accessibility and a a consultant with Agate Infotek in Chennai. Projects were assessed on creativity, technical depth, and practical application, making this a valuable learning experience for all participants.

The valedictory ceremony took place at the DIC Lab, formally closing IGNUZ'24. The Principal of KPRIET Dr. D. Saravanan honored the winners and awarded cash prizes to outstanding teams in recognition of their dedication and achievements. The top three teams were awarded cash prizes: the first prize winner received ₹10,000, the second prize winner received ₹7,000, and the third prize winner received ₹5,000.

Event Description

The event 'Sneak a Peek' is organized by IEEE Reliability Society as a part of IEEE Day Celebration on 08.10.2024. It is team event, where the participants are participating in teams. The winners and runners will be honoured with the Shields.

Actual Outcome and Report of the Event

Outcome:
Participants can be able to improve their teamwork capabilities.
Report:

The IEEE KPRIET Reliability Society, IEEE KPRIET Industry Applications Society and IEEE KPRIET Aerospace Electronic System Society organized the Sneak a Peek: Creative Engineering Challenge on 08/10/2024. The event took place in Gitam Hall from 10:00 AM to 1:00 PM and was attended by a group of enthusiastic participants and esteemed judges.

The event commenced with a warm welcome, acknowledging the society advisors, office bearers, and all the participants. Following this, the rules of the challenge were explained. In this challenge, teams were tasked with replicating iconic structures using ice sticks, with only one team member allowed to sneak a peek at the structure and communicate the details to the other members.

Participants showcased their creativity and engineering skills as they worked within the given time to replicate the assigned structures. Advantage Tasks and Fun Tasks were also conducted, offering participants a chance to earn advantages in the main challenge.

As the time has extended double times and second extension concluded, the judges evaluated the structures based on the accuracy and level of replication. The prize distribution ceremony followed, with Memento and given to the winners.

The event concluded with a vote of thanks, where the efforts of all participants, judges, and organizers were acknowledged. Certificates were distributed to all participants to recognize their involvement in the event. The day ended on a high note with plans for future events and initiatives being discussed.

Event Description

As part of our ongoing commitment to Institutional Social Responsibility (ISR), we had the privilege of engaging with students at Government Higher Secondary School, Bujaganur. Our goal was to educate and raise awareness on some of the most important societal issues that impact the current and future generations.

This initiative was aimed at empowering young minds through informative and interactive sessions on topics that are essential in shaping an informed, responsible, and empowered community.

Actual Outcome and Report of the Event

As part of our ongoing commitment to Institutional Social Responsibility (ISR), we had the privilege of engaging with students at Government Higher Secondary School, Bujaganur. Our goal was to educate and raise awareness on some of the most important societal issues that impact the current and future generations.

This initiative was aimed at empowering young minds through informative and interactive sessions on topics that are essential in shaping an informed, responsible, and empowered community.

Objectives of the ISR Activity:

- To raise awareness about substance abuse and its harmful effects.
- To provide foundational knowledge on financial ethics, specifically focusing on money laundering and its consequences.
- To promote gender equality and empower students by introducing them to stories of strong women role models.

The initiative was a resounding success, both in terms of student participation and feedback. It was a powerful reminder of the importance of social responsibility initiatives that focus on educating and empowering young minds. Such sessions play a crucial role in shaping an informed, responsible, and empathetic future generation .We look forward to continuing our efforts in spreading awareness on crucial societal issues, fostering a culture of learning, and contributing positively to the community. A big thank you to all those involved in making this initiative a success!

Event Description

On August 10, 2024, a notable event was organized Youth Parliament, Sangamam .The day, marked by anticipation and enthusiasm, saw participants gathering from various departments. The event began in the morning at 11:00am in CARE Studio, with attendees streaming in early with their doubts and waited till the event began to gain as much knowledge as possible on Civic of India

The highlight of the event was the arrival of the guest, Mr.Ganesh Subramanian, ex- IAF Officer Mr.Ganesh Subramanian was cordially received by the club coordinators, Dhanyaa RS and Prabhakaran SR, who personally welcomed him to the venue. The official program kicked off promptly at 11:00am. The timing of the event was carefully planned, allowing a smooth flow, making the experience enjoyable and informative for everyone present.

Mr.Ganesh Subramanian is renowned for his exemplary work and contributions to the Indian Air Force. As his current role as an Educationist, he has made significant strides in guiding the blind students to clear various government exams. With a career spanning 20 years, he has become a beacon of knowledge and inspiration as a Senior non-commissioned officer in IAF. Mr.Ganesh Subramanian has been recognized with numerous awards and honors. The audience was thrilled to have such a distinguished personality among them, for him being the inspiration of associating with the National Federation of the Blind to help the needy to find their place in Government jobs for free of cost.

In Mr.Ganesh Subramanian's interactive speech, he addressed the gathering on the topic Civic Of India. He eloquently discussed Civilians in India, the education System, the need for education, the survival rate in our nation and plotted out the various dimensions of career, delving deep into the intricacies of his own life. His speech covered various dimensions of the topic, including feminism and its importance. The chief guest emphasized the quality of life, encouraging the audience to have high dreams to persuade them one day. The speech was not just informative but also deeply motivational and thought provoking. Mr.Ganesh Subramanian also shared personal anecdotes and experiences, making the session both relatable and impactful.

The event concluded with a reflection on the immense value that Mr.Ganesh Subramanian's speech brought to the audience. The insights shared were particularly useful for those whoever is wanting to create an impact in the world and understand the actual civic of India, offering them new perspectives and actionable strategies. The participants left the venue feeling enlightened and motivated, with many expressing how they planned to implement the lessons learned into their own lives and work. The event was widely regarded as a success, fulfilling its purpose of educating, inspiring, and bringing together a community of like-minded individuals eager to learn and grow.

Target Participants

III Year ECE Students and Faculty Members

Objectives

To introduce emerging technologies in the electronics domain.

To create awareness about innovation and product development.

To motivate students towards entrepreneurship and startup culture.

To explain the process of converting innovative ideas into successful ventures.

To familiarize students with industry expectations and technology trends.

Expected Learning Outcomes

After attending the session, participants will be able to:

Understand current trends in modern electronics.

Recognize opportunities for innovation and technology commercialization.

Gain knowledge about entrepreneurship ecosystems and startup support.

Learn the importance of industry collaboration and product development.

Develop an entrepreneurial mindset for future career opportunities.
