Event Description

The Department of Computer Science and Engineering (Cyber Security), KPR Institute of Engineering and Technology, is organizing a webinar on "Transforming Data into Insights: Data-Driven Storytelling with Tableau" on 13.10.2026 from 06:30 PM to 08:00 PM through Zoom.

The resource person is Mr. S. Saran Petchi Muthu, Consultant, Atri Insights Pvt. Ltd., Hyderabad.

In a world where organizations generate huge volumes of data, the ability to turn raw numbers into clear, actionable insight is a core skill. The session aims to introduce students to data storytelling, which combines data, visualization, and narrative. It will also show how Tableau can be used to build interactive visualizations, dashboards, and story points that support decision-making.

The webinar is open to students and faculty who want to build foundational skills in data analytics and visualization.

Actual Outcome and Report of the Event

The Department of Computer Science and Engineering (Cyber Security) successfully conducted the webinar on "Transforming Data into Insights: Data-Driven Storytelling with Tableau" on 13.10.2026 from 06:30 PM to 08:00 PM on Zoom. The resource person was Mr. S. Saran Petchi Muthu, Consultant, Atri Insights Pvt. Ltd., Hyderabad. Around 50 participants attended the session, which was recorded.

The speaker began by explaining that a data story needs three elements: data (what happened?), visualization (what does it look like?), and narrative (why does it matter?). Without visuals the story is hidden and hard to read, without narrative the audience asks "so what?", and without data the story is fiction.

He then explained the progression from Data → Information → Insight → Action. Using a sales example, 10,000 transactions became the information that sales rose 18%. The insight was that the growth came mainly from the South region, and the action was to increase inventory and marketing there. He stressed that good analytics must answer "Why?" and "What next?", not only "What happened?".

Through a "sales grow but profit falls" case, he showed how curiosity drives drill-down analysis. The analysis moves from company-level performance to regional analysis and then to the root cause, with each story point leading the audience to the next question.

In the live demonstration, he built worksheets, dashboards, and story points in Tableau, including area charts of amount by country and bar charts of sales by salesperson. He also showed a Power BI "Import Summary" dashboard with KPIs, quarter-wise trends, and filters, so participants could see how the same principles apply across BI tools. The session ended with an interaction round in which participants asked questions.

Outcome Participants understood that effective data storytelling needs data, visualization, and narrative together.

They learned the Data → Information → Insight → Action framework and how to move beyond descriptive analytics to "Why?" and "What next?".

They saw how drill-down analysis finds the root cause behind trends such as growing sales with falling profit.

They gained hands-on exposure to building worksheets, dashboards, and story points in Tableau, and to an interactive Power BI dashboard.

They became aware of data analytics and BI tools as career skills and gained motivation to explore them through practice and certifications. The session strengthened industry-academia interaction between the department and a working analytics consultant.

Event Description

An interactive meeting conducted with first-year Class Representatives to understand student concerns, gather feedback, discuss academic and campus-related matters, and strengthen communication between students and Student Affairs.

Actual Outcome and Report of the Event

- Established an effective communication channel between Class Representatives, students, and Student Affairs.
- Helped identify and address student-related concerns.
- Improved student participation in institutional feedback and communication.

Event Description

This is to bring to your kind notice that the Department of AI- DS, & AI-ML in association with CIIED and Sangamam is organising AI Tech Conference & Tech Founders Summit 2026, scheduled to be held on 11th September 2026 in association with Arimugathirai Media, Chennai.

Actual Outcome and Report of the Event

Industry–Academia Connect – Strengthen meaningful interaction between KPRIET students, faculty, technology companies, startups, and industry leaders.

Exposure to Emerging Technologies – Provide participants with insights into the latest developments in Artificial Intelligence, Machine Learning, Data Science, Digital Technologies, and Media Technology.

Entrepreneurship and Startup Awareness – Motivate students to explore entrepreneurship, innovation, startups, and technology-based business opportunities through interaction with successful founders.

Knowledge Sharing – Facilitate exchange of ideas, experiences, and best practices among technology professionals, academicians, entrepreneurs, and students.

Innovation and Ideation – Encourage students to develop innovative solutions and identify real-world problems that can be addressed through AI and emerging technologies.

Career and Skill Development – Create awareness about emerging career pathways, industry expectations, required skills, internships, and employment

opportunities in the technology sector.

Industry Collaboration – Provide a platform for identifying potential industry partnerships, MoUs, internships, projects, and collaborative initiatives.

Government–Industry–Academia Interaction – Enable participants to understand government initiatives, policies, and opportunities related to AI, MSMEs, entrepreneurship, and digital transformation.

Student Networking – Facilitate direct interaction and networking between students and technology founders, industry experts, entrepreneurs, and other professionals.

Institutional Visibility and Branding – Enhance KPRIET’s visibility as an institution promoting technology, innovation, entrepreneurship, interdisciplinary collaboration, and industry engagement.

Empowering Student Leadership – Provide students with opportunities to organize, coordinate, communicate, and participate in a large-scale professional technology event.

Creation of a Sustainable Innovation Ecosystem – Establish a platform for continued engagement among KPRIET, startups, industries, government bodies, media organizations, and technology professionals beyond the conference.

Actual Outcome and Report of the Event

The awareness session successfully sensitized the participants about the harmful effects and consequences of ragging and drug abuse. The programme created awareness among students about the importance of maintaining a safe, disciplined, respectful, and drug-free campus environment. The session encouraged students to take responsibility and stand against ragging and substance abuse.

An awareness session titled "Be the Change – Stand Against Ragging & Drug Abuse" was conducted on 22 August 2026 at the Sanskriti Auditorium, KPR Institute of Engineering and Technology.

The session was delivered by Mr. P. Thiyagarajan, Inspector of Police, Neelambur Police Station. The resource person addressed the participants on the serious consequences of ragging and drug abuse and emphasized the importance of prevention and responsible behaviour among students.

The programme created awareness about building a safe, respectful, and drug-free educational environment. The session was informative and impactful, motivating the participants to "Be the Change" and take a firm stand against ragging and drug abuse.

Actual Outcome and Report of the Event

The webinar on Exploring Funding Opportunities in IEEE Education Society provided participants with a clear understanding of the various funding, scholarship, and professional development opportunities available through the IEEE Education Society. It highlighted how students, researchers, and faculty members can utilize IEEE resources to support academic, research, and educational initiatives.

Key Outcomes

Awareness of Funding Opportunities
Participants learned about grants, scholarships, travel funding, and project support available through IEEE societies and educational programs. Information on proposal submission processes and eligibility criteria was discussed.

Understanding Research Support Mechanisms

The session introduced opportunities for funding educational research, innovative teaching practices, and student-led technical projects. Participants gained insights into identifying suitable IEEE and external funding agencies.

Enhanced Knowledge of IEEE Benefits

Attendees explored the advantages of IEEE membership, including access to professional networks, conferences, publications, scholarships, and volunteer opportunities.

Exposure to Academic and Professional Growth Pathways

The webinar emphasized opportunities for leadership development, collaboration with global researchers, and participation in international IEEE activities.

Guidance on Proposal Development

Participants received practical suggestions for preparing competitive funding proposals, developing impactful projects, and aligning objectives with funding agency expectations.

Motivation for Active IEEE Engagement

The session encouraged students and faculty members to actively engage in IEEE societies, technical chapters, and educational initiatives to maximize available opportunities

Staffs Involved

Table with 3 columns: No, Full Name, Role. Row 1: 1, EE042 - RAVI KUMAR P, Convenor.

Event Description

The objective of the Voter ID Mela is to promote electoral awareness and facilitate the registration and correction of voter ID cards for eligible individuals within the institution. This initiative ensures that students, faculty, and staff can conveniently apply for new voter IDs, update existing details, and fulfill their civic duty as responsible citizens.

Actual Outcome and Report of the Event

The Voter ID Mela held on 20th May 2025 at the SA Office was a well-organized and impactful civic engagement initiative. The event provided a convenient and efficient platform for all eligible individuals in the campus community to register for voter IDs, make corrections, and gain awareness about their voting rights.

Staffs Involved

Table with 3 columns: No, Full Name, Role. Rows: 1. SH053 - CHARLY JEROME J, Coordinator; 2. SH153 - MALAVIKA M P, Coordinator.

Event Description

Criminal Chronicles is an exciting mystery-based event that challenges participants to step into the role of investigators. Participants analyse clues, examine evidence, identify suspects, and use logical reasoning, observation, critical thinking, and teamwork to solve a fictional crime. Objective To provide participants with an immersive experience that develops critical thinking, problem-solving, teamwork, decision-making, and effective communication through an exciting crime-investigation theme.

Events

Actual Outcome and Report of the Event

Criminal Chronicles, conducted as part of Ignitron, provided participants with an engaging and interactive crime-solving experience. The participants actively analysed clues, examined evidence, identified possible suspects, and used logical reasoning to unravel the mystery.

The event successfully enhanced critical thinking, observation, problem-solving, decision-making, teamwork, and communication skills among the participants. The investigative challenges and time-bound tasks created an engaging and competitive atmosphere, encouraging participants to think creatively and work collaboratively.

Overall, Criminal Chronicles was successfully conducted and received enthusiastic participation and positive feedback, making it an engaging and intellectually stimulating event under Ignitron.

Event Description

The IEEE Engineering in Medicine and Biology Society (EMBS), KPRIET Student Branch, successfully organized an Online Quiz Contest on the Occasion of World Organ Donation Day on 13th August 2026 from 6:00 PM to 7:00 PM in online mode. The event aimed to create awareness about organ donation, transplantation, and its importance in saving lives, while providing students with an engaging platform to enhance their knowledge of this important healthcare topic.

Actual Outcome and Report of the Event

The event was coordinated by Ms. Harshini A, Executive Member and Student Coordinator, with the support of the IEEE EMBS Society members. The quiz received 111 registrations, out of which 59 participants actively took part in the event.

The quiz consisted of multiple-choice questions covering various aspects of organ donation and transplantation. The questions focused on the importance of organ donation, organs and tissues that can be donated, the donation and transplantation process, eligibility, myths and misconceptions, and the role of organ donation in saving and improving lives. The quiz was designed to test participants' existing knowledge while also providing them with valuable information about organ donation.

The online format allowed students to participate conveniently from different locations and encouraged wider involvement. The quiz combined health awareness with interactive learning, making the event both informative and engaging. Participants were encouraged to explore the importance of becoming informed about organ donation and spreading awareness among their peers and communities.

The event also highlighted the significance of World Organ Donation Day in promoting a culture of voluntary organ donation. Through the quiz, students gained a better understanding of how organ donation can provide a second chance at life for individuals suffering from severe organ failure and why awareness is essential for increasing the number of potential donors.

Events

KPR Institute of Engineering and Technology

The event concluded successfully after the one-hour quiz session.

To recognize the efforts of all participants, e-certificates were awarded to everyone who took part in the quiz. In addition, the top performers were honoured with special recognition for their outstanding performance:

First Place: Sivasankari – 24BM050, KPR Institute of Engineering and Technology

Second Place: Jenofiya – 25IT071, KPR Institute of Engineering and Technology

Third Place: Lavanya M – 25CB019 & Vithya S – 25CS309, KPR Institute of Engineering and Technology

Overall, the Online Quiz Contest on World Organ Donation Day served as an effective awareness initiative that combined learning and healthy competition. The active participation of 59 students and the support of the IEEE EMBS Society members contributed to the successful execution of the event. The initiative encouraged students to learn more about organ donation and recognize its valuable contribution to healthcare and society.

Event Description

The IEEE Engineering in Medicine and Biology Society (EMBS), KPRIET Student Branch, successfully organized a Workshop on 3D Printing & Basics of Blender on 4th July 2026 from 10:00 AM to 12:45 PM. The workshop aimed to introduce students to the fundamentals of 3D modelling, digital manufacturing, and the complete workflow involved in 3D printing. The event was coordinated by Ms. Linghadharinee (IV BME) with the support of the IEEE EMBS Society members.

Actual Outcome and Report of the Event

The session was conducted by Mr. Sanjai and Mr. Sunilkumar, Final Year Biomedical Engineering students, who shared their knowledge and practical experience in 3D modelling and additive manufacturing. The workshop witnessed the active participation of 18 students.

The workshop commenced with an introduction to 3D printing technology, covering its working principles, printing methods, commonly used materials, and applications in engineering, healthcare, and biomedical engineering. The speakers explained how digital models are transformed into physical objects through layer-by-layer fabrication.

Participants were then introduced to Blender, an open-source 3D modelling software. The session covered the Blender interface, navigation tools, object manipulation, scaling, rotation, and basic modelling techniques. With hands-on guidance from the speakers, each participant successfully designed an individual 3D model, enabling them to apply the concepts learned during the session.

The speakers also demonstrated Sketchfab, an online platform for viewing, sharing, and presenting interactive 3D models. Students learned how completed models can be uploaded and visualized in an interactive environment. The workshop further covered Cura, a slicing software used to prepare 3D models for printing. Participants learned how to import models, configure print settings, generate G-code, and understand key slicing parameters such as layer height, infill density, print speed, support structures, and build plate adhesion.

The workshop concluded with an interactive question-and-answer session, where participants clarified their doubts regarding 3D modelling and additive manufacturing. Overall, the event provided valuable practical exposure to Blender, Sketchfab, Cura, and 3D printing technologies. The active participation of the students and the efforts of the IEEE EMBS Society members contributed to the successful execution of the workshop, making it an informative and engaging learning experience.

Event Description

KPR Institute of Engineering and Technology proudly celebrates the 80th Independence Day of India with a grand and patriotic event.

The celebration will feature a variety of cultural programmes, including a special dance performance, showcasing the spirit of patriotism, unity, and the rich cultural heritage of India. Students will present vibrant and energetic dance performances as part of the festivities.

Chief Guest: Dr. K. Kulandaivel

Former Chancellor and Lifetime Trust Member of Avinashilingam Institute for Home Science and Higher Education for Women

■ Date: 15 August 2026

■ Time: 8:00 AM

■ Venue: Phoenix Circle

All are cordially invited to join us in celebrating the spirit of freedom and patriotism

Actual Outcome and Report of the Event

The 80th Independence Day Celebration was conducted by KPR Institute of Engineering and Technology on 15 August 2026 at 8:00 AM at Phoenix Circle. The event was organized with the objective of fostering patriotism, national pride, unity, and cultural awareness among the students and staff.

The celebration was graced by Dr. K. Kulandaivel, Former Chancellor and Lifetime Trust Member of Avinashilingam Institute for Home Science and Higher Education for Women, as the Chief Guest.

As part of the celebrations, students actively participated in various cultural programmes. A patriotic dance performance was conducted, in which students presented a vibrant and well-coordinated performance reflecting the spirit of India's independence and cultural diversity. The performance received appreciation from the audience and added enthusiasm to the celebrations.

Actual OutcomeThe event was conducted successfully with active participation from students and staff.

The patriotic dance performance was completed successfully and was well received by the audience.

The programme created a strong sense of patriotism, unity, and national pride among the participants.

Students gained an opportunity to showcase their talent, creativity, teamwork, and stage confidence.

The event encouraged students to appreciate India's freedom struggle, cultural heritage, and national values.

The celebration concluded on a positive and memorable note, contributing to a greater sense of community and togetherness within the institution.

Event Description

The CHUEX – Awareness on Mental Health & Well-being session was organized for the first-year students of BME, CHE, VLSI, MI, and EE departments on 28.08.2026, from 1.30 p.m. to 4.15 p.m. at Ragam Hall, KPRIET. The session was conducted by Mr. S. Yogesh, Psychologist, with the objective of creating awareness among students about the importance of mental health and emotional well-being.

Actual Outcome and Report of the Event

The CHUEX – Awareness on Mental Health & Well-being session was organized for the first-year students of BME, CHE, VLSI, MI, and EE departments on 28.08.2026 from 1.30 p.m. to 4.15 p.m. at Ragam Hall, KPRIET. The session was conducted by Mr. S. Yogesh, Psychologist, to sensitize students to the importance of mental health and emotional well-being.

The programme provided students with valuable insights into maintaining good mental health while managing academic, personal, and social challenges. Mr. S. Yogesh explained the common factors that may contribute to stress among students and discussed practical approaches for managing stress and maintaining emotional balance.

The resource person emphasized the importance of recognizing early signs of emotional distress and encouraged students to communicate openly and seek appropriate support whenever required. The session also highlighted the role of self-care, positive thinking, healthy routines, empathy, peer support, and resilience in promoting overall well-being.

The session was interactive and informative, allowing students to actively participate and clarify their concerns. The programme successfully created awareness among the participating students and encouraged them to adopt a positive and balanced approach towards their mental health and personal development.

Event Description

The Department of General Engineering, KPR Institute of Engineering and Technology, organized a Faculty Upskilling Programme on “Facilitating Self Exploration: Interactive Classroom Practices for Universal Human Values” on 13 August 2026 at CAC Hall, Chanakya Block. The programme was conducted from 11:00 AM to 12:30 PM with the objective of enhancing faculty members’ understanding of self-exploration and promoting meaningful, interactive approaches to teaching Universal Human Values. The session featured Dr. Subramanian, Assistant Professor, Department of Engineering Physics, and Dr. Sudha, Associate Professor, Department of Engineering Chemistry, as speakers. The programme provided an engaging platform for faculty members to reflect on personal values, explore human aspirations, and understand practical methods for facilitating value-based discussions in the classroom. Through interactive practices and reflective learning, the session emphasized the importance of creating a supportive classroom environment that encourages self-awareness, mutual understanding, and responsible professional conduct among students.

Actual Outcome and Report of the Event

The Department of General Engineering, KPR Institute of Engineering and Technology, organized a Faculty Upskilling Programme titled “Facilitating Self Exploration: Interactive Classroom Practices for Universal Human Values” on 13 August 2026 at CAC Hall, Chanakya Block. The programme was conducted from 11:00 AM to 12:30 PM with the objective of enhancing faculty members’ understanding of self-exploration and strengthening their ability to integrate Universal Human Values into classroom teaching through interactive and reflective methods.

The session featured Dr. Subramanian, Assistant Professor, Department of Engineering Physics, and Dr. Sudha, Associate Professor, Department of Engineering Chemistry, as resource persons. They emphasized the importance of self-awareness, human aspirations, and value-based living in education. Through engaging discussions and participatory activities, the speakers guided faculty members to explore the role of values in shaping attitudes, behavior, and interpersonal relationships.

Participants actively involved themselves in reflective exercises that encouraged deeper understanding of harmony within oneself and with others. The programme also highlighted practical strategies for creating student-centered, value-oriented learning environments that foster holistic development.

The session concluded successfully, leaving faculty members with meaningful insights and actionable approaches to promote Universal Human Values in their teaching practices, thereby contributing to the development of ethically grounded and socially responsible students.

Event Description

Lens of Liberty – Campus Edition, presented by Shutterbugs, the Photography Club of KPR Institute of Engineering and Technology, is a campus photography contest celebrating the spirit of freedom and patriotism through creative photography.

Actual Outcome and Report of the Event

The Lens of Liberty event encourages students to explore and express their understanding of freedom, equality, rights, and social responsibility through creative and engaging activities. It promotes critical thinking, awareness of individual rights, respect for diverse perspectives, and responsible citizenship. The event helps participants develop confidence in expressing their views while fostering values of inclusion, equality, and mutual respect.

Event Description

The Institutional Social Responsibility (ISR) activity titled “Healthy Mind & Smart Online Habits: Mental Well-being and Cyber Safety for Students” was conducted to create awareness among higher secondary students on maintaining mental well-being and practicing responsible digital behaviour. The session addressed key aspects such as stress management, digital discipline, cyber safety, and safe online practices. Delivered through interactive discussions, demonstrations, and real-life examples, the programme aimed to equip students with the knowledge and skills required to make informed decisions, balance their digital and personal lives, and become responsible digital citizens.

Actual Outcome and Report of the Event

The Institutional Social Responsibility (ISR) programme on “Healthy Mind & Smart Online Habits: Mental Well-being and Cyber Safety for Students” had a positive impact on the participating higher secondary students. The session successfully created awareness about the importance of maintaining mental well-being and practicing responsible digital behaviour.

Students demonstrated increased understanding of managing stress, reducing excessive screen time, and maintaining a balanced lifestyle. They were able

to identify common cyber threats such as phishing, OTP scams, and cyberbullying, and learned practical strategies to handle such situations safely. The interactive nature of the session encouraged active participation, enabling students to share their experiences and clarify doubts. The programme also helped students develop a sense of responsibility towards safe internet usage, improved decision-making skills, and awareness of the consequences of digital misuse. Overall, the activity contributed to enhancing students' confidence, awareness, and preparedness to handle both personal and digital challenges effectively.

Event Description

The Department of Engineering Chemistry in association with the Outreach Committee of KPR Institute of Engineering and Technology organized an exclusive awareness seminar titled "**■■■■■■■■■■■■■■■■■■■■ ■■■■■■■■■■ ■■■ – ■■■■■■■■■■ ■■■■■■■■■■**" for the students of AVAT Higher Secondary School on 06 August 2026 at 03:00 PM.

The session was delivered by Dr. S. Thangamani, Assistant Professor, Department of Chemistry, with the objective of guiding school students on higher education opportunities, career planning, and the pathway from school to university. The seminar highlighted the importance of setting academic goals and choosing suitable higher education programmes.

Actual Outcome and Report of the Event

The Department of Engineering Chemistry, in association with the Outreach Committee, organized an awareness seminar titled "Palliyilirundhu Palkalaikazhagam Varai" for the students of AVAT Higher Secondary School. The resource person delivered an interactive session emphasizing the importance of higher education, career planning, skill development, and lifelong learning.

Students developed a better understanding of the importance of pursuing higher education. Awareness regarding engineering courses, admission procedures, and career opportunities was significantly enhanced. Students gained confidence in setting educational and career goals. Participants became aware of scholarship opportunities and government initiatives supporting higher education. The session motivated many students, particularly those from rural and economically weaker backgrounds, to aspire for university education. Students actively interacted with the resource person, reflecting increased interest in higher studies. The programme strengthened the institutional outreach initiative and established a positive academic connection between KPRIET and AVAT Higher Secondary School.

Event Description

Ride Safe, Drive Safe – Student Safety Awareness Event

Our club successfully organized the "Ride Safe, Drive Safe" awareness event to educate students about responsible riding and safe driving practices.

The event focused on the importance of:

Wearing helmets and seat belts.

Following traffic rules and road signs.

Avoiding mobile phone usage while driving.

Never driving under the influence of alcohol or drugs.

Maintaining vehicle safety and practicing defensive driving.

Through awareness sessions and student interaction, participants learned how responsible road behavior can prevent accidents and save lives. The event encouraged every student to become a responsible road user and contribute to a safer campus and community.

"Safety begins with you—Ride Safe, Drive Safe!"

Event Description

The Faculty Development Workshop on Best Practices in Outcome-Based Education equipped newly joined faculty members with essential strategies for effective teaching, assessment, and outcome attainment.

The sessions emphasized Outcome-Based Assessment, Bloom's Taxonomy, CO mapping, and CO–PO attainment to enhance academic quality.

The workshop provided practical insights to help faculty implement OBE practices effectively in curriculum planning and student evaluation.

Actual Outcome and Report of the Event

Enhanced understanding of Outcome-Based Education (OBE) principles.

Improved competency in CO mapping and Bloom's Taxonomy.

Developed skills in CO–PO attainment analysis.

Strengthened outcome-based teaching and assessment practices.

Promoted continuous quality improvement in academic delivery.

Event Description

The Department of Artificial Intelligence and Data Science, KPR Institute of Engineering and Technology, proudly organizes AI NEXUS – Parent-Faculty Connect 2026, an online interactive meeting that strengthens the partnership between parents, faculty members, and students. The event provides a platform to discuss students' academic performance, attendance, skill development, placement preparation, career goals, and overall well-being. Parents will have the opportunity to interact directly with faculty mentors, understand their ward's progress, and receive valuable guidance on supporting their academic and personal growth. Through open communication and collaborative engagement, AI NEXUS aims to build a strong support system that empowers students to excel academically, develop industry-ready skills, and achieve holistic success. Event Schedule III AD A, III AD B & IV Year AD Students: 17 July 2026 | 7:00 PM | Online

Theme: Connecting Parents, Faculty, and Students for Academic Excellence and Future Success.

Objectives : Strengthen parent–faculty collaboration for student success. Review students' academic performance and attendance.

Discuss : skill development, placements, internships, and higher education opportunities. Address concerns related to academics, discipline, and student well-being. Encourage continuous communication between parents and faculty mentors. Expected Outcomes Enhanced parent engagement in students' academic journey. Better understanding of student progress and future goals. Improved collaboration to support holistic student development. Stronger mentor-parent relationships for continuous guidance and success

Actual Outcome and Report of the Event

Actual Outcome -The AI NEXUS – Parent-Faculty Connect 2026 was successfully conducted online for the students of the Department of Artificial Intelligence and Data Science. The event witnessed enthusiastic participation from parents, students, faculty mentors, and the Head of the Department, fostering a collaborative environment focused on student success

The interaction enabled parents to gain a comprehensive understanding of their ward's academic progress, attendance, discipline, placement readiness, and overall development. Faculty members shared constructive feedback and personalized suggestions for improving academic performance, technical competencies, communication skills, and career preparedness. Parents actively participated in the discussion, appreciated the department's mentoring initiatives, and provided valuable feedback and suggestions. The meeting strengthened the trust and communication between parents and faculty, reinforcing a shared commitment towards the holistic development of students. Key Outcomes Strengthened parent–faculty partnership in monitoring student progress. Improved awareness among parents regarding academic performance, attendance, and mentoring activities. Enhanced communication on placement preparation, internships, higher studies, and skill development initiatives. Individual student concerns were identified, and appropriate action plans were proposed. Parents appreciated the department's continuous mentoring and student support system. Students received motivation and guidance to improve academic excellence and professional competencies. The event reinforced the department's commitment to student-centered education and continuous stakeholder engagement.

Event Report

Title of the Event : AI NEXUS – Parent-Faculty Connect 2026 Organized by Department of Artificial Intelligence and Data Science KPR Institute of Engineering and Technology

Mode - Online

Dates - 17 July 2026 – III AD A, III AD B & IV Year Students

Objective :

To establish an effective communication platform between parents and faculty members to discuss students' academic performance, attendance, discipline, mentoring, placement readiness, and overall personal and professional development.

Proceedings :

The Parent-Faculty Connect commenced with a welcome address by the Head of the Department, emphasizing the importance of parental involvement in students' academic journey. Faculty mentors then interacted with parents individually and collectively, presenting updates on students' academic achievements, attendance records, internal assessment performance, project involvement, internships, skill enhancement activities, and placement preparation. Parents were encouraged to share their observations and concerns regarding their wards. Faculty members addressed queries related to academics, career guidance, higher education opportunities, placement training, and student well-being. Constructive suggestions were exchanged to create personalized improvement plans for students requiring additional academic support. The meeting concluded with a vote of thanks, expressing gratitude to all parents for their active participation and continued cooperation in nurturing the academic and professional growth of the students.

Event Description

Events

KPR Institute of Engineering and Technology

Enhanced Awareness: Students gained a clear understanding of the harmful effects of drug abuse on physical health, mental well-being, academic performance, and future career prospects.

Prevention Through Education: The program empowered students to recognize risk factors, resist peer pressure, and make informed, healthy lifestyle choices.

Positive Behavioral Change: Students developed a stronger commitment to adopting a drug-free lifestyle by understanding the importance of self-discipline, responsibility, and good decision-making.

Improved Social Responsibility: The awareness session encouraged students to support their peers, promote a safe school environment, and actively participate in anti-drug initiatives within their community.

Long-Term Community Impact: The program fostered a culture of awareness and prevention, inspiring students to become ambassadors for drug-free living and contribute to building healthier families and communities.

Actual Outcome and Report of the Event

The Drug Awareness Program was conducted successfully for school students to create awareness about the dangers of drugs and promote a healthy, drug-free lifestyle. During the session, students actively listened to the speaker and showed keen interest in understanding the topic. Real-life examples and practical discussions helped them relate the issue to everyday situations and understand the serious consequences of substances.

The program effectively enhanced students' awareness of the importance of making wise decisions, resisting peer pressure, and maintaining physical and mental well-being. It also motivated them to become responsible individuals who can spread awareness among their peers, families, and society. Overall, the event achieved its purpose by inspiring students to choose a positive path and contribute towards building a drug-free future.

Event Description

The Department of Mechanical Engineering organized the Orientation Programme for II and III Year students to familiarize them with the academic framework, departmental portfolios, student governance structure, career development opportunities, industry engagement activities, research prospects, and professional growth pathways available during their course of study. The programme commenced with an address by the Head of the Department highlighting the department vision, mission, academic expectations, and opportunities available to students.

The sessions covered mentoring and student governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE initiatives, employability and placement readiness, value-added certifications, innovation and entrepreneurship activities through CIIED, and research and publication opportunities. Students were introduced to industrial visits, internships, higher studies pathways, competitive examinations, professional certifications, startup opportunities, funded projects, technical competitions, and campus automation platform activities. The programme also provided an interactive platform for clarifications, feedback, and action planning, enabling students to understand the resources and support systems available for their academic and professional development.

Actual Outcome and Report of the Event

Actual Outcome of the EventThe Orientation Programme was successfully conducted for the students of the Department of Mechanical Engineering. The programme enabled students to gain a comprehensive understanding of the department's academic ecosystem, mentoring framework, student governance structure, and various opportunities available for their professional growth. Students actively interacted with faculty coordinators and mentors, clarified academic and career-related queries, and demonstrated enthusiasm towards participating in departmental activities.

The sessions created awareness about Outcome Based Education (OBE), higher education opportunities, placement preparation strategies, industry collaborations, internships, value-added certifications, innovation and entrepreneurship initiatives, and research activities. Students expressed keen interest in joining professional societies, participating in hackathons, pursuing certifications through NPTEL and SWAYAM, and engaging in research, project development, and publication activities. The programme also facilitated the identification of student representatives and coordinators for various departmental portfolios, thereby strengthening student participation and leadership.

As a result of the programme, students developed a clear roadmap for academic progression, career planning, skill enhancement, and industry readiness. The orientation effectively motivated students to make optimum use of the opportunities provided by the department and institution for achieving academic excellence and professional success.

Report of the EventThe Department of Mechanical Engineering, KPR Institute of Engineering and Technology, organized the Orientation Programme for II and III Year students for the Academic Year 2026–2027. The programme commenced with the address by the Head of the Department, who welcomed the students and outlined the department's vision, mission, academic expectations, and opportunities available for holistic development.

The programme included sessions on Mentoring System and Student Governance, Outcome Based Education (OBE), Career Advancement Cell (CAC), Industry Institute Partnership Cell (IIPC), STRIDE Skill Development Initiatives, Employability and Industry Readiness, Certifications and Professional Development, Innovation and Entrepreneurship through CIIED, and Research, Publications, and Career Opportunities. Faculty coordinators presented the objectives, activities, and benefits associated with each portfolio and highlighted the opportunities available for student engagement.

Students were briefed on academic regulations, credit requirements, assessment processes, professional ethics, code of conduct, and campus facilities.

Events

KPR Institute of Engineering and Technology

Sessions on higher studies, GATE preparation, research fellowships, internships, industrial visits, placement readiness, technical skill development, and entrepreneurship encouraged students to plan their academic and professional careers effectively. The research and innovation session provided insights into project development, publications, patents, funded projects, competitive coding, and participation in national-level competitions.

The programme concluded with an open house interaction where students shared feedback and clarified their queries regarding academics, placements, research, and extracurricular activities. Overall, the event served as an effective platform to orient students towards departmental objectives, enhance awareness of available opportunities, and motivate them to actively participate in academic, research, innovation, and career development activities throughout the academic year.

Events

KPR Institute of Engineering and Technology

Event Description

The IEEE Women in Engineering (WIE) Affinity Group is planning to conduct the "WIE Nutrikids" Health and Nutrition Awareness Session for school students at P.R. Sidha Naidu Memorial Matriculation Higher Secondary School, Sidhapudur, Coimbatore, on July 03, 2026. The objective of this program is to create awareness among school students regarding the importance of nutrition, healthy eating habits, personal hygiene, and overall well-being. In this regard, kind approval is requested.

Actual Outcome and Report of the Event

Healthy living awareness means focusing on balanced nutrition, regular physical activity, and good mental well-being to prevent serious illness. Making small daily choices helps protect your body and improves your quality of life.

Core Pillars of Health

Balanced Diet: Eat fresh fruits, green leafy vegetables, whole grains, and lean proteins while cutting down on sugar, salt, and bad fats.

Physical Activity: Stay active with at least 150 minutes of moderate exercise each week, such as walking, cycling, or swimming.

Quality Sleep: Get around 7 to 8 hours of rest each night and keep a fixed sleep schedule.

Mental Health: Manage stress using relaxation techniques, meditation, and staying connected with family and friends.

Preventive Care: Avoid tobacco, limit alcohol use, and go for routine health screenings.

Event Description

Mother's Day is a special day celebrated worldwide to honor mothers, motherhood, maternal bonds, and the contributions of mothers in society. It is observed on different dates in various countries, but many nations, including India, celebrate it on the second Sunday of May every year.

In 2026, Mother's Day falls on Sunday, May 10, 2026. IEEE WIE AG celebrated the International Mothers day at our KPRIET campus on May 9th 2026.

Mother's Day is often celebrated by:

Giving gifts, flowers, or greeting cards

Spending quality time with mothers and family

Organizing school or community events

Expressing gratitude and love through messages and acts of care

The modern celebration of Mother's Day became popular through the efforts of Anna Jarvis in the United States during the early 20th century.

A simple Mother's Day quote:

"A mother's love is the heart of a family."

Actual Outcome and Report of the Event

Strengthened Family Bonding

The event helped participants express love, gratitude, and respect toward mothers, strengthening emotional connections within families.

Increased Awareness of Mothers' Contributions

Participants gained awareness about the sacrifices, care, and important role of mothers in personal and social development.

Promotion of Values and Respect

The celebration encouraged values such as compassion, gratitude, responsibility, and respect for parents among students and participants.

Enhanced Participation and Team Spirit
Activities conducted during the event improved communication, creativity, teamwork, and active participation.
Emotional Well-being and Happiness
The program created joyful memories and emotional satisfaction for mothers, students, and organizers.
Development of Social and Cultural Awareness
The event promoted cultural appreciation of motherhood and highlighted the importance of women in society.
Improved Creativity and Confidence
Competitions, speeches, performances, and card-making activities helped participants improve their creativity and self-confidence.

Event Description

A Brain Bid competition/event is usually an idea pitching, quiz, innovation, or problem-solving competition where participants “bid” their knowledge, creativity, or solutions related to academics, technology, business, healthcare, or innovation.

For a biomedical engineering department, a Brain Bid event can be designed as:

Brain Bid – Event Concept Tagline: “Where Ideas Compete and Innovation Wins”

Possible Formats Technical Idea Pitching

Students present innovative healthcare or biomedical ideas.

Example: AI in healthcare, wearable sensors, smart prosthetics.

Rapid-Fire Quiz

Biomedical, biology, electronics, aptitude, and innovation rounds.

Problem-Solving Challenge

Teams solve real healthcare problems within a time limit.

Startup/Innovation Bid

Teams “bid” for funding using presentations judged by experts.

Poster & Prototype Competition

Actual Outcome and Report of the Event

Round 1 – Preliminary Quiz MCQs

Technical aptitude

General science

Round 2 – Brain Battle Rapid-fire questions

Image identification

Case studies

Round 3 – Innovation Bid 3–5 minute idea presentation

Judges evaluate feasibility and creativity

Final Round – Investor Pitch Teams pitch solutions as startups

Jury awards virtual funding points

Judging Criteria Innovation

Technical knowledge

Practical feasibility

Presentation skills

Social/healthcare impact

Suggested Themes Smart Healthcare

AI in Medicine

Biomedical Innovations
Future Hospitals
Wearable Devices
Digital Health
Assistive Technologies

2	SH159 - SUSHMITHA RAJA	Coordinator

Actual Outcome and Report of the Event

The ultimate outcome of the debate over India's nuclear status is a delicate balance between strategic necessity and moral responsibility. Proponents successfully argue that in an increasingly volatile geopolitical landscape, a credible minimum deterrent is an essential safeguard that has effectively prevented full-scale regional wars through the principle of Mutually Assured Destruction. Conversely, the opposition highlights the sobering reality that the mere existence of such weapons creates a permanent risk of catastrophic miscalculation and diverts vast resources from critical social development. Ultimately, India's position is defined by its No First Use doctrine, which attempts to reconcile these two sides by framing the arsenal not as a tool of aggression, but as a silent, defensive pillar of national sovereignty.

Event Description

This event about reaching SDG 16 among the people

Actual Outcome and Report of the Event

The Department organized two impactful events aligned with SDG 16 – Peace, Justice and Strong Institutions to promote awareness and critical thinking among students.

1. Expert Talk

An expert talk was conducted on the theme “Peace, Justice & Institutions: Pillars of a sustainable and equitable world” The session focused on the importance of justice, transparency, ethical governance, and the role of youth in strengthening institutions. Participants gained insights into real-world challenges and the need for responsible citizenship.

2. Debate Session

A debate was organized on the topic “Is Justice the Foundation of a peaceful society”. Students actively participated, presenting diverse perspectives on governance, accountability, and social justice. The session encouraged analytical thinking, public speaking, and constructive discussion on contemporary societal issues.

Event Description

A Digital Security Awareness Programme was conducted on 23.03.2026 from 11.00 AM to 12.30 PM for the students of 6th, 7th and 8th standards. The session was handled by Dr. R. Jagadeeswari, Assistant Professor, department of Chemistry, Mr. M. Saravanan and Ms. R. Logeswari, First Year Mechanical Engineering students. The programme focused on safe use of mobile phones, secure internet usage, protection of personal information, cyber bullying awareness, social media safety, online gaming safety, digital discipline and digital footprint. Students were informed about the importance of not sharing passwords, OTPs and personal details online, and were guided on how to respond to cyber bullying using the steps Stop, Block, Report and Tell. The session created awareness among students about responsible and safe use of digital devices and internet, and students actively participated and interacted during the programme.

Actual Outcome and Report of the Event

Students gained awareness about digital security, safe mobile phone usage, and secure internet practices.

Students understood the importance of protecting personal information and not sharing passwords, OTPs, or personal details online.

Awareness was created about cyber bullying, social media safety, and online gaming risks, and students learned how to respond using Stop, Block, Report, and Tell.

Students learned about digital discipline, digital footprint, and responsible online behaviour.

Overall, the programme helped students become aware, responsible, and safe digital users.

Event Description

International Conference on Multidisciplinary Breakthroughs and NextGen Technologies (ICMBNT 2026) is designed to integrate perspectives from Science, Technology, Medical and Healthcare, Management, social sciences, Education, sports and environmental studies to develop holistic solutions for global issues.

Also in a rapidly evolving digital-first business world, global organizations are highly influenced by next generation technologies. Future technological advancements, developments, and innovations enabled by the internet, software, and services are known as next generation technologies. These include advanced robotics, AI, IoT, RPA, quantum computing, 3-D printing, 5G wireless networks, virtual reality and augmented reality, and blockchain.

ICMBNT 2026 will be a central hub for esteemed Research experts worldwide and can anticipate unparalleled opportunities to network, gain invaluable insights, showcase their hidden potential, present significant research findings, receive due credit and recognition for their contributions.

Actual Outcome and Report of the Event

The 2nd International Conference on Multidisciplinary Breakthroughs and NextGen Technologies (ICMBNT 2026) was successfully conducted on 12–13 March 2026 in Bali, Indonesia, bringing together researchers, academicians, and industry experts from diverse disciplines to share innovative ideas and discuss emerging technological advancements. The conference was jointly organized by the Society for Cyber Intelligent Systems (SCIS) and ISIUS, in collaboration with Udayana University, Department of CSE KPR Institute of Engineering and Technology, Universitas Pelita Bangsa, and SRM University, with the objective of promoting interdisciplinary research and global academic collaboration. The inaugural ceremony was graced by distinguished dignitaries including the Rector of Udayana University, the Dean of the Faculty of Mathematics and IT, the Principal of KPR Institute of Engineering and Technology, and the President of SCIS. The conference featured around 70 international research paper presentations across various technical tracks, providing a vibrant platform for scholars and practitioners to exchange knowledge, present research findings, and initiate future collaborations between participating institutions and researchers worldwide.

1	Chief Guest	Dr Sheik Muhammad Sultan	ASSISTANT PROFESSOR DEPUTY DIRECTOR OF CENTRE FOR TRANSPORT RESEARCH	sheik.sulthan@utb.edu.bn	Universiti Teknologi Brunei

Event Description

KPR Institute of Engineering and Technology (KPRIET), Coimbatore, India, entered into a Memorandum of Understanding (MoU) with Universiti Teknologi Brunei (UTB), Brunei Darussalam, with the objective of fostering international academic and research collaboration. The MoU serves as a strategic framework to promote cooperation in higher education, research, innovation, and capacity building between the two institutions.

The agreement emphasizes collaborative activities such as exchange of undergraduate and postgraduate students, faculty and researcher exchange, joint research projects, and organization of international conferences, seminars, and workshops in areas of mutual academic interest. It also encourages shared supervision of research scholars, collaborative publications, and development of interdisciplinary research initiatives.

This MoU reflects the shared vision of both institutions to strengthen global academic partnerships, enhance cross-cultural learning, and promote excellence in education and research. By leveraging complementary strengths and resources, the collaboration aims to contribute to knowledge creation, innovation, and international exposure for students and faculty members.

The partnership is expected to play a significant role in advancing international academic cooperation, promoting research-driven learning, and supporting the long-term institutional goals of both KPRIET and UTB.

Actual Outcome and Report of the Event

The signing of the Memorandum of Understanding (MoU) between Universiti Teknologi Brunei (UTB), Brunei Darussalam, and KPR Institute of Engineering and Technology (KPRIET), Coimbatore, India, resulted in the successful establishment of an international academic partnership. The MoU created a formal platform for collaboration in education, research, training, and innovation.

As an immediate outcome, both institutions mutually agreed to initiate faculty exchange programs, joint research activities, and collaborative academic events such as international conferences, seminars, and workshops. The MoU also paved the way for student exchange opportunities, enabling undergraduate and postgraduate students to gain international exposure and research experience.

The agreement strengthened institutional ties and enhanced global visibility for both universities. It opened new avenues for interdisciplinary research, joint publications, and collaborative project proposals. Overall, the MoU significantly contributed to KPRIET's internationalization strategy and reinforced UTB's commitment to global academic cooperation.

Event Description

The Department of Electronics and Communication Engineering, KPR Institute of Engineering and Technology, organized a 30-hour course titled “U21OEC12 – RF Energy Harvesting Systems” for II Year ECE (IV Semester) students of the 2024–2028 batch during the academic year 2025–2026. The program was conducted in two phases from 12.12.2025 to 13.12.2025 and 18.12.2025 to 19.12.2025 at the IoT Laboratory, from 08:45 AM to 04:15 PM. The course aimed to provide students with strong theoretical foundations and hands-on exposure in RF energy harvesting, frequency selective surfaces (FSS), microwave absorbers, and electromagnetic simulation techniques using CST Studio Suite. Sessions covered CST simulation workflows, unit cell design fundamentals, boundary condition setup for periodic structures, equivalent circuit modeling, and interpretation of electromagnetic behavior using RLC analogs.

Actual Outcome and Report of the Event

The Department of Electronics and Communication Engineering, KPR Institute of Engineering and Technology, successfully conducted a hands-on course titled “Exploring Frequency Selective Surfaces using CST Studio Suite and Equivalent Circuit Design” as part of the course U21OEC12 – RF Energy Harvesting Systems for II ECE (IV Semester) students during 12.12.2025 to 13.12.2025 and 18.12.2025 to 19.12.2025 at the VLSI Laboratory. The program provided comprehensive exposure to electromagnetic simulation workflows using CST Studio Suite, with special emphasis on Frequency Selective Surfaces (FSS) and microwave absorbers. The sessions covered unit cell design fundamentals, periodic boundary condition setup, and interpretation of EM behavior through equivalent circuit (RLC) modeling. Students gained practical understanding of reflection, transmission, and absorption characteristics, along with parameter extraction and performance evaluation. Industry expertise was added through sessions by Er. Praveen Kumar Palaniyappan, Application Engineer, Advanced Reality Solutions, Chennai, who demonstrated real-time simulation techniques, optimization of geometrical and material parameters, and validation of simulation results. As an outcome, students developed strong competency in EM simulation, FSS analysis, and equivalent circuit interpretation, bridging theoretical concepts with practical design skills. The course significantly enhanced students’ readiness for RF, microwave, antenna, and research-oriented projects, fulfilling the objectives of outcome-based education and industry relevance.

Event Description

The 10th International Conference on Human Values in Higher Education (ICHVHE-2025) will be held from December 19 to 21, 2025, bringing together academicians, researchers, and thought leaders from across the globe to deliberate on integrating human values into the fabric of higher education. The conference aims to foster dialogue on nurturing ethical, compassionate, and socially responsible individuals through value-based education. Sessions will include keynote addresses, paper presentations, panel discussions, and interactive workshops focusing on themes such as holistic development, emotional intelligence, sustainability, and ethical leadership. ICHVHE-2025 provides an enriching platform for sharing innovative pedagogical practices, research insights, and institutional experiences that promote humanistic approaches to education. By emphasizing the harmony between knowledge, values, and action, the conference seeks to inspire transformative educational paradigms aligned with global well-being and peace.

Actual Outcome and Report of the Event

“Building Empathy, Integrity, and Togetherness among Faculty and Students”

Role of the Participant Institutional Sharing Presenter

1. Introduction The International Conference on Human Values in Higher Education (ICHVHE 2025) was organized as an online academic forum to deliberate on the importance of human values in contemporary higher education systems. The conference brought together academicians, administrators, researchers, and educators from diverse institutions to share best practices, research insights, and institutional initiatives that foster ethical, emotional, and value-based education.

As part of the conference, an institutional sharing session was conducted focusing on the theme “Building Empathy, Integrity, and Togetherness among Faculty and Students.” The session emphasized the role of value-driven educational practices in nurturing holistic development and positive institutional culture.

2. Objectives of the Institutional Sharing The institutional sharing aimed to:

Highlight the importance of empathy and integrity in higher education environments

Share institutional practices that promote ethical behavior and mutual respect

Demonstrate strategies to strengthen faculty–student relationships

Encourage togetherness and collaborative learning culture

Inspire other institutions to adopt value-based initiatives

3. Summary of the Presentation The presentation addressed the growing need for human values alongside academic excellence. Key aspects covered include:

Empathy in Education:

Creating emotionally safe classrooms

Understanding student diversity and individual challenges

Faculty mentorship and student support mechanisms

Integrity as a Core Institutional Value:

Academic honesty and ethical conduct

Role modeling by faculty members

Transparent evaluation and fair academic practices

Togetherness and Collaborative Culture:

Faculty–student collaboration beyond classrooms

Team-based learning and participative activities

Institutional events promoting unity and inclusiveness

Real-time examples and institutional initiatives were shared to demonstrate how value-based practices positively influence student behavior, academic engagement, and overall institutional harmony.

4. Actual Outcomes of the Event The event resulted in the following significant outcomes:

Enhanced Awareness: Participants gained deeper insights into the role of empathy and integrity in shaping responsible graduates.

Knowledge Sharing: Institutions shared diverse value-based practices, enabling cross-learning and adoption of best practices.

Positive Participant Engagement: The institutional sharing session received active participation, with meaningful discussions and reflective feedback.

Strengthened Faculty–Student Perspective: The session reinforced the importance of nurturing respectful, trust-based relationships between faculty and students.

Motivation for Value-Based Initiatives: Participants expressed interest in implementing structured human values programs in their respective institutions.

Academic and Ethical Alignment: The conference highlighted the need to align academic excellence with ethical and emotional intelligence development.

5. Learning and Takeaways Human values are essential for sustainable and meaningful education.

Faculty play a crucial role as role models in inculcating integrity and empathy.

Togetherness enhances institutional culture, student confidence, and learning outcomes.

Value-based education strengthens emotional intelligence and social responsibility among students.

6. Conclusion The ICHVHE 2025 conference successfully emphasized the integration of human values in higher education. The institutional sharing on “Building Empathy, Integrity, and Togetherness among Faculty and Students” effectively conveyed practical approaches and real-world experiences that contribute to holistic education.

The event served as a valuable platform for reflection, collaboration, and commitment towards nurturing ethically grounded, empathetic, and socially responsible academic communities.

Overall Impact: The conference and institutional sharing session were highly impactful, reinforcing the importance of human values as the foundation of quality higher education.

Event Description

The CHAKRAVYUHA-25 Poster Designing Contest was organized to encourage creative visual communication and artistic representation centred around a unique theme, announced at the start of the event. Each team consisted of four members, allotted three hours comprising two hours for poster design and one hour for evaluation. Participants were required to submit original and impactful posters, adhering to dimensions and templates provided during the competition. Plagiarism or copying existing designs was strictly prohibited, supporting a fair and innovative environment. All teams were required to report to the venue promptly, and non-compliance with protocols led to disqualification. The contest aimed to foster originality, creativity, and thematic relevance through visual design. Date & Time: 13.10.2025 (Monday) | 09:30 AM -12:30 PM. Venue: IV yr Mechatronics Classroom. Coordinators: Thenmozhi M - 94437 20517 | Rokesh Kannan K – 88072 91695.

Actual Outcome and Report of the Event

The event witnessed enthusiastic participation from multiple teams, with each poster evaluated on criteria such as creativity, originality, innovative representation, relevance to the theme, neatness, clarity, and overall impact. After a competitive round, the jury, whose decision was final and binding, selected the winning entries based on authentic execution and thematic connection. The contest successfully encouraged teamwork, expressive design, and thoughtful interpretation of the given theme. First prize was secured by Jaya Saru Nethera S P of team PIXELONE and Second prize was secured by Arun S of team CIVIL STARS. Winners were recognized and awarded, while all participants were appreciated for their effort and engagement in promoting artistic innovation within the student community.

Event Description

■ Pitch Perfect – Spot Selling Challenge !!! ■ “Speak Smart Rule the Stage!”
Think you can sell anything to anyone?
Here’s your chance! Step onto the stage, grab a surprise product, and pitch it like the ultimate salesperson. From AirPods to a water bottle – it’s not about what you sell, but how you sell it!

Actual Outcome and Report of the Event

- Ø The Pitch Perfect – Spot Selling Challenge was conducted on 16th October 2025 by the Youth Parliament Sangamam at KPRIET.
Ø The event was designed to help students showcase their spontaneous speaking, marketing ability, and creative persuasion skills.
Ø Participants were given a surprise product on the spot and had 2 minutes to sell it convincingly to the audience.
Ø The judging criteria included communication skills and creativity in selling.
Ø The event encouraged participants to think fast, be confident, and deliver an engaging and convincing sales pitch.

Event Description

The Youth Press Conference is a unique simulation event that allows participants to step into the roles of national leaders and sharp reporters. Designed to reflect the dynamism of real political interactions, the event provides a platform for students to debate, defend and decide that is mirroring the high-pressure environment of governance and journalism.

Actual Outcome and Report of the Event

The rehearsal was structured as follows:

Role Play: Participants will be assigned roles such as Prime Minister, Cabinet Ministers, or Opposition Leader etc., two days before the event.

Leadership Speeches: Leaders must present the key activities and initiatives of their ministry before facing the press.

Press Interaction: Fellow participants, acting as reporters, will pose challenging and sharp questions aimed at testing the leader's competency.

Role Switch: After speaking as a leader, each participant will take on the role of a reporter, questioning others and evaluating their responses.

Key Outputs:

Improved Leadership Skills: Participants acting as Prime Minister, Ministers or Opposition Leader developed confidence in presenting ministry activities and defending their viewpoints.

Sharper Questioning Ability: Acting as reporters, students learned to frame sharp, relevant and challenging questions that tested the depth of responses.

Enhanced Public Speaking and Communication: Participants practiced clear, persuasive and impactful speech delivery while handling press-style interactions.

Critical Thinking and Responsiveness: The event encouraged participants to think on their feet and provide wise, well-structured answers under pressure.

Collaborative Learning Experience: The dual role of leader and reporter fostered mutual learning, as participants observed, questioned, and responded to each other in a constructive environment.

Overall, the Youth Press Conference was very successful, giving participants a good opportunity to experience leadership and media interaction. The participants showed enthusiasm, creativity and confidence, which set a strong foundation for future Youth Parliament events.

Visit to temple for the course Essence of Indian Traditional knowledge

Actual Outcome and Report of the Event

Students gained firsthand experience of Indian architectural heritage, symbolism, and rituals, deepening their understanding of the cultural and spiritual dimensions of temples.

They observed traditional practices, art forms, and community engagement that illustrate how Indian knowledge systems integrate science, art, and spirituality.

The visit helped students appreciate values such as harmony with nature, sustainability, and collective well-being embedded in traditional practices.

It enhanced awareness of India's intangible heritage and its relevance to modern life, fostering respect for cultural diversity and traditional wisdom.

Event Description

The Civic Policy Showdown will be conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills and creativity in policy formulation.

Actual Outcome and Report of the Event

The Civic Policy Showdown was conducted on 23rd August 2025 by the Youth Parliament Sangamam. The event was designed to provide young leaders with an opportunity to step into the shoes of policymakers and propose innovative solutions to real-world social problems. Participants presented policy proposals that either introduced new ideas or enhanced existing regulations, showcasing their knowledge, analytical skills, and creativity in policy formulation. The format of the event was structured as follows:

1. Opening Session: The event began with a warm welcome to all participants and the judge, followed by an introduction to the competition rules and regulations.
2. Policy Presentation: Each participant delivered a 5-minute presentation (3–5 slides) covering the problem, solution and impact of their proposed policy.
3. Q&A Session: The judge posed insightful questions to participants, testing the depth, feasibility and originality of their ideas.
4. Closing Session: The event concluded with the announcement of winners and final remarks from the judge and coordinators.

The event witnessed enthusiastic participation, with students showcasing creativity, critical thinking and persuasive communication.

The Civic Policy Showdown was successfully conducted, providing a valuable platform for students to present innovative policy ideas on real-world challenges. The participants showed great creativity, confidence, and problem-solving skills, reflecting the spirit of youth working towards positive change.

Event Description

The special session on "Career Guidance: What Next After 12th?" is designed to empower and guide the 12th-grade girl students of St. John De Britto Girls Higher Secondary School, Sathyamangalam, as they stand at a crucial crossroads in their academic and personal journey. The event aims to provide a clear understanding of the diverse opportunities available after completing higher secondary education, helping students make informed and confident decisions about their future. The session will cover a wide range of options, including higher education streams such as engineering, medicine, arts, commerce, and emerging fields like data science, design, and entrepreneurship. It will also highlight vocational courses, competitive exams, skill-based programs, and scholarships that can support students financially and academically. Through real-life examples and practical insights, students will gain clarity on aligning their strengths, interests, and career goals. In addition to academic pathways, the session will focus on essential skills for success, such as critical thinking, adaptability, and continuous learning. The objective is to inspire students to dream big, plan effectively, and choose a career that matches their passion and potential. This interactive and motivational session promises to be an eye-opener, guiding young minds toward a bright and fulfilling future.

Actual Outcome and Report of the Event

The Career Guidance: What Next After 12th? session conducted for the 12th-grade girl students of St. John De Britto Girls Higher Secondary School, Sathyamangalam, concluded successfully with an overwhelming response from the participants. The session created a significant impact by providing clarity and direction at a crucial stage in the students' academic journey. Students actively engaged throughout the program, asking insightful questions about various career paths, eligibility criteria, and opportunities in higher education. One of the key outcomes was the increased awareness among students about the diverse options available beyond the traditional streams. They gained valuable insights into emerging career fields, competitive exams, vocational programs, and skill-development courses that can open new doors for growth. The session also helped them understand the importance of aligning personal interests and strengths with career choices, rather than following societal pressure or random trends. Many students expressed confidence in planning their future with a clear roadmap and showed enthusiasm toward exploring scholarships, internships, and higher education opportunities. Teachers and faculty appreciated the initiative for motivating the students to think beyond limitations and aim high. Overall, the event successfully empowered young learners to make informed decisions and take their first step toward a successful and fulfilling career.

Event Description

The Department of Chemical Engineering is delighted to organize Family Foot Print – Parents Teachers Meeting on 26th July 2025 for second, third, and final-year students. This initiative aims to strengthen the bond between parents, teachers, and students by sharing academic progress, achievements, and career guidance. The meeting will provide a platform for parents to interact with faculty, understand the curriculum, and discuss students' holistic development. It also offers an opportunity to address queries, share feedback, and collaborate in shaping the future of our young engineers. Your presence and support will make this event more meaningful and impactful.

Actual Outcome and Report of the Event

The Department of Chemical Engineering successfully conducted the Family Foot Print – Parents Teachers Meeting on 26th July 2025 for second, third, and final-year students. The event witnessed enthusiastic participation from parents, students, and faculty members, creating a collaborative and interactive environment. Parents were briefed on their ward's academic progress, co-curricular participation, and overall performance. Faculty members highlighted the department's initiatives, including industry visits, research projects, skill development programs, and career opportunities in the chemical engineering field. Constructive discussions were held on enhancing student discipline, academic consistency, and professional readiness. Parents expressed appreciation for the department's continuous efforts to nurture students both academically and personally. They also shared valuable suggestions for strengthening industry linkages, soft skill training, and placement preparation. The interactive sessions helped bridge the communication gap between faculty and families, fostering a shared vision for student success. Several parents acknowledged the positive growth in their wards since joining the program. The event concluded with a collective commitment from faculty, parents, and students to work together towards academic excellence, holistic development, and career advancement. Overall, the program successfully achieved its objective of building strong partnerships with families and reinforcing the department's dedication to student success.

Event Description

The Farewell Function is a heartfelt occasion organized to bid an emotional goodbye to the outgoing students of the Department of Electronics and Communication Engineering (2021-25 batch), KPRIET- Coimbatore. This event serves as a celebration of the time and memories shared during their academic journey and marks the beginning of a new chapter in their lives. The program is designed to be a blend of nostalgia, gratitude, and joy, featuring inspiring speeches, cultural performances, student reflections, and the ceremonial handing over of mementos. Faculty members, mentors, and junior students join together to express their best wishes and offer guidance for the future.

This farewell is not just a goodbye—it's a warm send-off filled with appreciation, pride, and hope for the graduates' continued success in their personal and professional lives.

Actual Outcome and Report of the Event

The Farewell Celebration for the outgoing batch of Electronics and Communication Engineering , 2021-25 batch , KPRIET- Coimbatore was held with great enthusiasm and emotional fervor at Dhanam Hall on 03.05.2025. The event aimed to honor the achievements and contributions of the graduating students and to send them off with warm wishes for their future endeavors. The celebration commenced with a welcome address by Head of the department(EC-A division) Dr.M.Kalamani and address the gathering by Dr.M.Kathirvelu , Professor&Head (EC-B division) followed by an invocation song by students. A series of speeches by faculty members reminisced about the students' time in college, acknowledged their academic and extracurricular achievements, and offered motivational advice for the future.

Outcomes of the event

Provided students and faculty with a platform to reflect on shared memories and experiences

Inspiring speeches and testimonials encouraged students to pursue their future goals with confidence

The interactive and cultural elements helped strengthen the bond between juniors and seniors

Created a tradition of celebrating student success, reinforcing a positive institutional culture.

Event Description

We are pleased to announce the Sustainability Conclave 2025, a series of events aligned with the 17 Sustainable Development Goals (SDGs). The conclave will feature awareness programs, competitions, workshops, and community-driven initiatives to promote sustainability and social responsibility.
? Date: 01.04.2025 – 28.04.2025
? Venue: Various locations across the campus
? Organized by: Team SDG & Team Sangamam
We encourage active participation from all students and faculty to make this initiative a success. Let's work together towards a greener and more sustainable future!

Actual Outcome and Report of the Event

KPRIET's Sustainability Conclave 2025 and MOU with BSG: Igniting Action for a Sustainable Future
COIMBATORE – April 28, 2025 – KPR Institute of Engineering and Technology (KPRIET) successfully completed its Sustainability month through Sustainability Conclave 2025, a month-long initiative dedicated to raising awareness, inspiring action, and fostering collaborations towards the United Nations Sustainable Development Goals (SDGs). The event united students, faculty members, experts, and various organizations in a collective commitment to build a sustainable and equitable future.

The Conclave featured 17 impactful events, each meticulously aligned with one of the 17 SDGs, promoting understanding, encouraging innovation, and showcasing best practices. The Sustainability Conclave 2025 at KPRIET served as a powerful catalyst for fostering a culture of sustainability and inspiring the next generation of leaders to actively contribute to the global agenda for a better future.

As the Sustainability Conclave 2025 drew to a close, a significant Memorandum of Understanding was signed between KPR Institute of Engineering and Technology and Bharat Soka Gakkai (BSG), New Delhi symbolized the strength of partnerships, ensuring that these efforts would continue to thrive. This collaboration signifies a shared commitment to advancing the Sustainable Development Goals and fostering a more sustainable and equitable future. The partnership aims to leverage the strengths of both Organisation to promote awareness, inspire action, and create impactful initiatives aligned with the SDGs.

Event Description

The Pongal Celebration '25 is organized to foster cultural values, traditional spirit, and community bonding among students and faculty members. This celebration aims to highlight the significance of Pongal — a harvest festival — and create a festive and inclusive environment through various traditional and fun-filled competitions.

Actual Outcome and Report of the Event

Pongal Celebration '25 was a grand success, achieving its goal of celebrating tradition, unity, and fun. The event not only honored the festival's significance but also fostered a joyful and inclusive campus atmosphere. It is highly recommended to continue such cultural celebrations annually with even more community involvement.

Event Description

A Music Debugging Event is a creative, interactive event where participants troubleshoot and "debug" music-related problems. It can be structured as a competition or a fun, educational activity, often aimed at developing problem-solving skills in the context of music production, performance, or analysis. The event may involve identifying and correcting issues in music compositions, arrangements, audio mixing, or live performances. This can be a great way to engage participants with both their technical and creative sides. Music debugging event offers an excellent opportunity to develop hands-on skills, gain practical experience, and network with others in the music and production industry.

Actual Outcome and Report of the Event

On March 14, 2025, the Department of Electronics and Communication Engineering, in partnership with IETE and Spatranz, organized the exciting event "Music Debugging" at D-108 on campus. Led by the guidance of Murugan Sir, this vibrant event took place from 2:00 PM to 3:30 PM, attracting 70 participants who competed in teams of two or three.

The event was designed to test participants' musical expertise and creativity through three unique rounds. Round 1 - Tune Detective required teams to identify songs solely based on background music. In Round 2 - Missing Piece, participants showcased their lyrical knowledge by completing missing sections of popular songs. Lastly, Round 3 - Reverse Journey added a twist by challenging them to determine the starting line of a song from its middle verse.

"Music Debugging" celebrated a passion for music while emphasizing the importance of teamwork, quick thinking, and collaboration. The engaging format allowed students to demonstrate their musical acumen in a lively and competitive environment. The event succeeded in fostering creativity, camaraderie, and a shared love for music, reinforcing Spatranz's mission to enhance both learning and enjoyment.

This high-energy event left participants with cherished memories and an appreciation for their shared musical journey.

Event Description

KPR Institute of Engineering Technology, Department of Civil Engineering, IEEE GRSS, IEEE SIGHT and IEEE KPRIET Student Branch (SB) Jointly Organizes SDGATHON 2025 - A Hackathon on Global Goals

Actual Outcome and Report of the Event

A Hackathon to popularise the United Nations's sustainable development goals among the engineering students named SDGATHON 25 was conducted by the Civil department of KPR institute of engineering and technology Coimbatore in association with IEEE, IEEE SIGHT and the student chapter of IEEE of the institute. A total of 377 students from selected engineering colleges state wide participated in the event and submitted their innovative software, products, proof of concept, and working models. Of them, the outstanding 20 projects were awarded prizes and the topmost four were awarded special and cash

prizes. Every participant was gifted with a tree sapling and a brochure related to water conservation marking the International Water Day. For the successful conduct of the event, on behalf of Dr.K.P. Ramasamy, the Chairman, and Coordinators of the event of Civil department.

Event Description

SSB Capsule

Actual Outcome and Report of the Event

Students understood the complete 5-day SSB selection process including screening, psychology, GTO, and personal interview rounds. Improved communication skills, including body language, articulation, and confidence in public speaking.

Events

KPR Institute of Engineering and Technology

Developed leadership qualities and teamwork skills through group tasks and command exercises.
Gained exposure to psychological tests like TAT, WAT, SRT, and SD, improving self-awareness and quick thinking.
Built mental resilience and decision-making skills under pressure through scenario-based activities.
Received individual feedback on personality traits and strategies for improvement.
Understood the structure and preparation methods for OIR (Officers Intelligence Rating) tests.
Increased motivation and clarity about pursuing a career in the Indian Armed Forces.
Identified personal strengths and weaknesses relevant to the SSB assessment parameters.
Some students expressed interest in appearing for NDA/CDS/AFCAT after the capsule.

Event Description

Aikiyam'24 was a vibrant cultural fest organized exclusively for the international students of KPRIET. The event aimed to celebrate cultural diversity, foster inclusivity, and provide a platform for international students to showcase their heritage and traditions.

Actual Outcome and Report of the Event

Event Highlights:

- Welcome Speech: The Principal addressed the audience, emphasizing the importance of cultural diversity and unity in fostering a global perspective.
- Cultural Performances: Students showcased their unique talents through traditional dances, musical performances, and storytelling sessions.
- Interactive Activities: Fun games and cultural quizzes were organized to engage participants.
- Networking Session: A special networking session allowed students from various countries to interact and build connections.
- Feedback and Outcome: The event was highly appreciated by both participants and attendees for its organization and lively ambiance. International students expressed gratitude for the opportunity to share and celebrate their cultures. The Principal commended the team for their efforts in making the event a success and encouraged more such initiatives. Aikiyam'24 was a grand success, achieving its objective of uniting students from diverse backgrounds. It highlighted the essence of unity in diversity, leaving participants with cherished memories and a sense of belonging.

Event Description

The Parents-Teachers Meeting (PTM) for the 2024-25 odd semester for II, III, and IV-year students serves as an important platform for academic collaboration between educators and parents. The meeting aims to discuss student progress, attendance, and any concerns regarding performance or behavior. Teachers will share insights into the curriculum, extracurricular activities, and upcoming academic milestones. Parents can voice their queries and

Events

KPR Institute of Engineering and Technology

feedback, fostering a strong partnership for the students' development. The session helps in identifying areas of improvement and ensures that students receive the necessary support both at school and home for academic success.

Actual Outcome and Report of the Event

Academic Performance:

Faculty members shared the internal test results and continuous assessment scores. Individual strengths and areas for improvement were discussed.

Attendance:

Attendance reports were reviewed. Parents of students with lower attendance were requested to ensure regularity and punctuality.

Behavioral Feedback:

Overall student behavior was found to be satisfactory. A few instances of distraction and lack of focus were addressed with concerned parents.

Parental Feedback:

Parents appreciated the commitment of faculty towards student development.

Requests for additional doubt clarification sessions and mock interviews were raised.

Suggestions were made for more industry exposure and internship opportunities.

Faculty Suggestions to Parents:

Encourage a healthy study routine at home.

Monitor screen time and social media usage.

Support in improving soft skills and communication.

Outcomes of the Meeting Strengthened parent-faculty collaboration

Enhanced awareness among parents regarding students' academic and behavioral status

Identification of support areas for at-risk students

Several actionable suggestions from parents were noted for further implementation

Plans initiated for remedial classes, mentorship support, and career counseling sessions

Conclusion The Parents-Teachers Meeting was highly fruitful, providing a transparent platform for discussion and collaboration. It ensured that parents and teachers work together with a shared goal of holistic student development. The feedback received will be instrumental in enhancing the academic environment and support system for students.

Event Description

The department of Electrical and Electronics Engineering is conducting a Capsule Course on "Harmony on Nature and Society" on 19.10.2024 (Saturday) from 09.00 AM to 04.00 PM. Any student from any year of any department from KPRIET can register and attend the course. This capsule course is a 6-7 hour free Offline course, conducted by Ms.B.Lalitha, AP II/EEE, Dr.V.S.Chandrika, Professor/EEE and Mr.C.Dinesh, AP II/EEE. This course is to uproot or enhance the knowledge on the subject to the students. This course will be reflected in the Grade sheet as Satisfactory if the course is successfully completed by the student with a minimum of 50% mark.

Actual Outcome and Report of the Event

The departmet of Electrical and Electronics Enginnering organized capsule course on "Harmony on Nature and Society" on 19/10/2024. Totally 22 students were benefited through this course. The session ended with assessment and feedback.

Event Description

On August 10, 2024, a notable event was organized Youth Parliament, Sangamam .The day, marked by anticipation and enthusiasm, saw participants gathering from various departments. The event began in the morning at 11:00am in CARE Studio, with attendees streaming in early with their doubts and waited till the event began to gain as much knowledge as possible on Civic of India

The highlight of the event was the arrival of the guest, Mr.Ganesh Subramanian, ex- IAF Officer Mr.Ganesh Subramanian was cordially received by the club

coordinators, Dhanyaa RS and Prabhakaran SR, who personally welcomed him to the venue. The official program kicked off promptly at 11:00am. The timing of the event was carefully planned, allowing a smooth flow, making the experience enjoyable and informative for everyone present.

Mr.Ganesh Subramanian is renowned for his exemplary work and contributions to the Indian Air Force. As his current role as an Educationist, he has made significant strides in guiding the blind students to clear various government exams. With a career spanning 20 years, he has become a beacon of knowledge and inspiration as a Senior non-commissioned officer in IAF. Mr.Ganesh Subramanian has been recognized with numerous awards and honors. The audience was thrilled to have such a distinguished personality among them, for him being the inspiration of associating with the National Federation of the Blind to help the needy to find their place in Government jobs for free of cost.

In Mr.Ganesh Subramanian's interactive speech, he addressed the gathering on the topic Civic Of India. He eloquently discussed Civilians in India, the education System, the need for education, the survival rate in our nation and plotted out the various dimensions of career, delving deep into the intricacies of his own life. His speech covered various dimensions of the topic, including feminism and its importance. The chief guest emphasized the quality of life, encouraging the audience to have high dreams to persuade them one day. The speech was not just informative but also deeply motivational and thought provoking. Mr.Ganesh Subramanian also shared personal anecdotes and experiences, making the session both relatable and impactful.

The event concluded with a reflection on the immense value that Mr.Ganesh Subramanian's speech brought to the audience. The insights shared were particularly useful for those who ever is wanting to create an impact in the world and understand the actual civic of India, offering them new perspectives and actionable strategies. The participants left the venue feeling enlightened and motivated, with many expressing how they planned to implement the lessons learned into their own lives and work. The event was widely regarded as a success, fulfilling its purpose of educating, inspiring, and bringing together a community of like-minded individuals eager to learn and grow.
