Outcome

An ISR activity for the general public

Event Summary

The eye camp was conducted by KPR medical center in association with young friends Cricket club , Periyanaicken palayam, Coimbatore. A team of specialists from Aravind eye hospital Coimbatore catered the medical needs for conducting the eye camp. Masonic medical center had sent a team of staff members to check the general health of all the patients. happy to bring to notice that KPR Medical Center, in collaboration with Masonic Medical Center, hosted a free General Health Checkup and Eye Camp, in association with Aravind Eye Hospital! This noble initiative aims to provide much-needed medical services to the underprivileged and those unable to access healthcare facilities in the city. We are humbled by the overwhelming response, with a total of 778 participants benefiting from the health checkup. It warms our hearts to witness the positive impact this event has had on the lives of so many individuals, ensuring they receive the attention they deserve for their health. In our efforts to address critical eye health concerns, 138 individuals have been recommended for free cataract surgery. This gesture reflects our commitment to offering comprehensive care and support to those who need it most. None of this would have been possible without the invaluable support of Masonic Medical Center and Aravind Eye Hospital. Their collaboration has been instrumental in making this outreach program a resounding success, touching the lives of countless individuals and families. At KPR Medical Center, we firmly believe in serving the community and leaving no one behind when it comes to healthcare. As we move forward, we remain dedicated to extending our assistance and support to those in need. We express our deepest gratitude to all the volunteers, medical professionals, and everyone involved for their selfless contributions, making this endeavor a beacon of hope for the underserved. Together, we can make a difference in the lives of others, and we look forward to more opportunities to serve and uplift the community in the future.
