1	Karthikeyan S	Convenor
2	Pandiya Rajan G	Coordinator
3	Janani M	Coordinator

Outcome

Students acquired knowledge about the evolution of operating systems and their impact on the future.

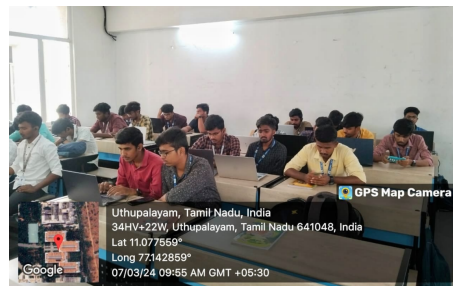

Event Summary

The online 'Industry Expert Talk on Behind the Code: The Evolution of Operating Systems' on March 7, 2024, was an enriching session, spearheaded by the Department of CSE (Artificial Intelligence and Machine Learning) at KPR Institute of Engineering and Technology. Dr. G. Kothai graciously welcomed the distinguished guest, Ms. Revathi M from AstraZeneca, Chennai, who led the expert talk with profound insights into the development of operating systems. The event, coordinated by Mr. Pandiya Rajan G and Ms. Janani M, drew numerous students and faculty members into an enlightening discussion about the intricate evolution from simple to complex OS structures. Ms. Revathi's expertise demystified core concepts and historical advancements, engaging a virtual auditorium of technophiles. The industry expert talk session, noted for its depth and educational value, succeeded in igniting a passion for OS learning among attendees. It was a testament to the seamless blend of academia and industry knowledge, further enhanced by the animated Q&A that followed. The webinar concluded on a high note, leaving participants inspired and more informed about the bedrock technologies of computing.

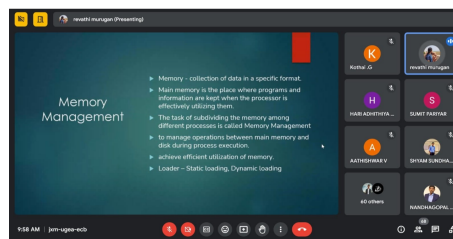

The poster is for an industry expert talk. It features the KPR Institute of Engineering and Technology logo at the top left. The main title is "INDUSTRY EXPERT TALK ON Behind the Code: The Evolution of Operating Systems". The date and time are "07.03.2024" and "9.30 AM - 11.30 AM". The guest is "Ms. Revathi M, Consultant, AstraZeneca, Chennai". The department is "DEPARTMENT OF CSE (Artificial Intelligence and Machine Learning)". The poster also includes social media links and a QR code.
