CODERS CONQUEST

Event No	CS001
Organizing Department	Computer Science and Engineering
Associate Dept. NSC	CSE Association
Date	19/08/2023
Time	09:00 AM to 10:00 AM
Event Type	Association Activity
Event Level	Dept. Level
Venue	GV LABgv
Total Participants	34
Faculty - Internal	2
Students - Internal	32

Outcome

TECH PATRONSWINNERS Sri SaiRam R K(21CS159), Subash A L(21CS163) Kowsalaya

E(21CS90),Joshika B(21CS071) Coders Conquest, hosted by Tech Patrons, was a remarkable event that fused intellectual challenges with technological intrigue. The two engaging rounds—Debugging and Tech Quiz—underscored participants' coding skills and tech knowledge while providing an enjoyable experience through interactive elements. With enthusiastic participation and the leadership of the event coordinators, the event was a resounding success, leaving participants eagerly anticipating the next edition of this coding odyssey.

Event Summary

Tech Patrons, the renowned club for tech enthusiasts, successfully hosted the gripping event 'Coders Conquest' on August 19, 2023. The event was a fusion of intellect and excitement, designed to challenge and engage participants in the realm of coding and technology. Comprising two riveting games, Coders Conquest kicked off with the 'Debugging' round. In this round, participants were presented with four intricate sets of Java programs, each cunningly embedded with bugs and errors. The participants' sharp analytical skills were put to the test as they meticulously uncovered the hidden glitches and corrected the programs. This round not only demanded coding proficiency but also a keen eye for detail, as participants raced against the clock to spot and rectify the errors. The event's second round, the 'Tech Quiz,' was conducted via an online platform. Engaging participants in a digital battlefield of wits, this round featured a collection of thought-provoking questions covering a diverse range of technological topics. The quiz was ingeniously interspersed with fun mini-games, adding a layer of amusement to the proceedings and ensuring a captivating experience for all participants. The online format not only facilitated seamless participation but also highlighted the club's commitment to adapting to the evolving technological landscape. Over the course of the event, the atmosphere was charged with enthusiasm and the thrill of competition. The participation of approximately 12 teams further intensified the excitement, as teams of coding connoisseurs from various backgrounds vied for supremacy. Each team brought their unique perspectives and expertise, contributing to the dynamic and vibrant aura of the event. The event was meticulously organized and executed under the guidance of the event coordinators, Monisha Chitharthana S from III-CSE-B and Brijesh A Ba from III-. Their dedication and leadership ensured the event's success, creating an environment where participants could showcase their coding prowess, critical thinking, and teamwork.
