Event Summary

The Department of Computer Science and Engineering successfully hosted its much-awaited event, 'Full Stack Mastery: Tools and Techniques for Modern Web Development.' Conducted online, this event was a deep dive into the nuances of modern web development, tailored especially for academia.We were privileged to have Dr. Arulkumar V, a distinguished academician from VIT, Vellore, as our sole resource person. His profound insights and extensive knowledge in the domain brought depth to the discussions, making each session a learning experience. Dr. N Yuvaraj, the convenor of the event, ensured that the proceedings flowed smoothly, creating a conducive environment for learning. The coordinators, Mr. Kathiresan K and Dr. Karthic S, played pivotal roles in seamlessly integrating the various components of the event, ensuring that it was both informative and engaging.The event was graced by the presence of 30 enthusiastic Computer Science students and 5 dedicated faculty members. The sessions were structured to provide comprehensive insights into the latest tools, supplemented by interactive discussions and hands-on workshops, all of which fostered a deeper understanding of the subject.Feedback from the participants was overwhelmingly positive. Many commended the depth of content and the clarity of delivery, appreciating the academic rigor brought in by Dr. Arulkumar V.
