Outcome

The crash course is provided focused and intensive preparation platform for aspiring GATE 2024 candidates

Event Summary

The 'Crash Course for GATE 2024' in the subject of Engineering Mathematics, organized by the Career Advancement Cell at KPRIET (KPR Institute of Engineering and Technology) in collaboration with Ace Academy, took place from October 4, 2023, to October 11, 2023. This intensive course was held daily from 02:00 PM to 04:00 PM. The primary objective of this event was to offer dedicated and comprehensive preparation for individuals aiming to appear in the GATE 2024 examination. The focus was on the subject of Engineering Mathematics, which is a vital component of the GATE examination. Students were provided with a structured and rigorous curriculum, guided by experienced instructors from Ace Academy. Throughout the week-long course, participants had the opportunity to delve deep into the core concepts of Engineering Mathematics and receive valuable insights into solving GATE-specific problems. The course aimed to enhance students' understanding of the subject and improve their problem-solving skills, all within the context of the upcoming GATE 2024 examination. By organizing this crash course, the Career Advancement Cell at KPRIET and Ace Academy aimed to empower GATE aspirants with the knowledge and skills necessary to excel in the Engineering Mathematics section of the GATE exam. It provided a valuable platform for students to gain confidence and strengthen their preparation for this highly competitive examination.
