2	Nandhagopal S	Coordinator

Outcome

● Pot painting can be a fun and rewarding hobby that allows you to explore your artistic side while gaining various skills and benefits. Such as. **Creativity**: Pot painting is a form of art, and it encourages creativity. You can experiment with different colors, patterns, and designs to create unique and personalized pots. **Fine Motor Skills**: Painting small details on a pot requires precision and control, which can enhance your fine motor skills. **Patience**: Painting intricate designs on a pot can be a time-consuming process, teaching you patience and attention to detail. **Focus and Concentration**: Pot painting requires you to concentrate on your work, blocking out distractions. This can help improve your ability to focus. **Color Theory**: You'll learn about color combinations and how different colors interact with each other. **Stress Relief**: Engaging in creative activities like pot painting can be a form of relaxation and stress relief. It allows you to disconnect from daily pressures and express yourself. **Self-Expression**: Pot painting is a way to express yourself and your personality through art. **Problem-Solving**: When you encounter challenges or mistakes in your painting, you'll learn to problem-solve and adapt your approach. **Cultural Awareness**: Depending on the style of pot painting, you may also gain insights into the cultural significance of different designs and patterns. **Social Interaction**: If you participate in pot painting events or classes, it can provide opportunities for social interaction and networking with others who share your interest.

Event Summary

● On occasion of Engineers day, Department of CSE(AIML), KPRIET organized "Paint a Smile", a pot painting competition on 15th Sep, 2022 in AIML Project Space Hall from 10:30 pm to 11:30 am. The competition was open to all the students of the college. ● The theme of the painting was dependent on the imagination of the participants who were supposed to bring out their creativity for the budding engineers. The pots painted by the participants were demonstrated and kept for public visibility in department. ● The event witnessed an enormous number of participants who came out to be a part of this humble cause. All the participants gave the colourless pots a touch of warmth with their colours, paintbrushes and creative imagination. The judges evaluated all the pots and declared the winners. The event ended with a photo session and everyone feeling happy to be a part of such a noble cause. Overall, Pot painting can be a fun and rewarding hobby that allows you to explore your artistic side while gaining various skills and benefits
