Outcome

Participants gained a deeper understanding of the key elements of research paper writing, including structure, citation, and writing style. Attendees learned effective strategies for selecting a research topic and conducting a literature review. The event provided practical tips and insights for enhancing the quality and readability of research papers.

Event Summary

On 19.10.2023, an expert talk on the 'Art of Research Paper Writing' was held at Raagam Hall. The event aimed to provide best practices for crafting high-quality research papers. The expert speaker, Dr R Maheswar, shared their expertise, and the event covered various essential aspects of research paper writing. Key Topics Discussed: 1. The event kicked off with an introduction to the significance of research paper writing in the academic and professional world. 2. The session delved into the structure of a research paper, covering key sections such as the abstract, introduction, methodology, results, discussion, and conclusion. Professor Dr R Maheswar highlighted the significance of each section in conveying the research findings effectively. 3. The event emphasized the importance of integrating existing literature into research papers and provided guidance on conducting a comprehensive literature review. 4. The session concluded with insights into the process of submitting research papers to journals, selecting the right journal, and understanding the publication process. Q&A Session: The event concluded with an interactive Q&A session, during which attendees had the opportunity to engage with the expert speaker and seek clarification on specific questions related to research paper writing.
