Event Summary

Mr.P.A.Arun, inspector of Police, Cyber crime branch informed that he will support in cyber forensics activities.Ø Create awareness among students about the cyber law and cybercrime.Ø Train the students and faculty members in cyber forensics activities in tie-up with Hackup technology.Ø The department Cyber Cell will able to solve the cyber related activities inside the campus and to the nearby village.Ø The use case and solution will be acquired by the Cyber crime branch, Coimbatore.Ø Based on the use case the Software development will be carried out and integrated with cybercrime framework. Develop and implement an ongoing cybersecurity awareness program to educate students, faculty members, and staff about best practices, threats, and vulnerabilities in the digital landscape. This program should encompass regular workshops, seminars, and online courses.Establish a collaboration with local law enforcement agencies to ensure that the cybercrime cases are reported and handled effectively. This collaboration could involve sharing expertise, knowledge, and resources to combat cyber threats in the local community.Foster connections with industry experts and professionals in the field of cyber forensics. Guest lectures and industry partnerships can bring real-world expertise to the academic environment.
