Outcome

An Orientation Program about Rotaract Club for First Year students

Event Summary

Rotaract Club of KPR Institute of Engineering and Technology planned to conduct Orientation program for the first year students of KPRIET. The resource person was Rtr. Vineeth Kumar, District Trainer, Rotaract Club CUG.The event was planned as an interaction session with more fun events to make the first year students more comfortable and clear about Rotaract Club.The new members orientation **'MUDHAL PADI'** with the efforts of District Trainer was an enriching and insightful experience. We are grateful to Rtr Vineeth Kumar for his time and expertise in guiding our new members towards effective leadership and service within Rotaract. The orientation session was structured to cover a wide range of topics pertinent to club leadership and Rotary International's mission and values. The trainer conducted interactive workshops that encouraged participation and engagement from our board members. These hands-on activities allowed for practical learning and skill development. We look forward to implementing the knowledge gained and working together to make a meaningful difference in our community and beyond.This program made the students to understand about What is Rotaract.
