Outcome

The main objective of this activity is to encourage students to create a 3D building plan with a variety of facilities in accordance with the provided instructions.

Event Summary

On 04/06/2022, the KPR Institute of Engineering and Technology's Department of Civil Engineering held the "Sketch It 1.0" competition. The main goal of this contest is to force students to create and sketch a 3D building plan in accordance with the specifications and to gauge their level of inventiveness when it comes to outlining basic and sophisticated facilities in the construction industry. The event was attended by a total of 16 internal contestants and 24 external contestants from different colleges in India, including NIT-Calicut, NIT Rourkela, IIST Shibpur, and Lovely Provisional University-Punjab. Participants in this competition are asked to design the overall layout of the house in original ways, adding extra features such a backyard, kids' play area, lawn and lounging space, and a garden. Instructed to write an abstract nor more than 250 words describing a practicable way for the project to become sustainable and ecologically beneficial.
