Outcome

Event Outcome: First Aid and CPR Awareness Workshop at KPRIET The Computer Science and Engineering Department at KPRIET successfully organized a pivotal 'First Aid and CPR Awareness Workshop' on March 6, 2024. Held in the esteemed Gitam Hall from 2:00 PM to 3:30 PM, the workshop marked a significant step toward enhancing emergency preparedness within our academic community. This exclusive event, tailored for both faculty members and students, drew a commendable number of participants, eager to learn and master lifesaving skills. The workshop underscored the paramount importance of first aid and CPR, especially in unexpected emergency scenarios that could occur on campus. The session commenced with a comprehensive introduction to basic first aid principles, followed by a detailed demonstration of CPR techniques. Expert instructors, equipped with the latest knowledge and tools, led the hands-on training, ensuring that every attendee had the opportunity to practice and familiarize themselves with these critical skills. Feedback from participants was overwhelmingly positive, with many expressing a newfound confidence in their ability to respond effectively to emergencies. The workshop not only educated but also inspired our faculty and students, fostering a culture of safety and preparedness within the KPRIET community. In conclusion, the 'First Aid and CPR Awareness Workshop' achieved its objective of equipping our academic family with essential lifesaving skills. The CSE Department is proud to have facilitated such an important initiative, reinforcing our commitment to the well-being and safety of everyone on campus. We look forward to organizing more such events in the future, continuing our journey towards creating a safer and more prepared academic environment.

Event Summary

The 'First Aid and CPR Awareness Workshop,' organized by the Computer Science and Engineering Department at KPRIET, was a notable event held on March 6, 2024, in the esteemed Gitam Hall. This significant initiative, designed for faculty members and students, aimed to instill crucial lifesaving skills, with a particular focus on the importance of first aid and CPR in emergency scenarios. The workshop was expertly coordinated by Mr. Premkumar and Ms. Kiruthika, both Assistant Professors in the CSE department. Their dedication and effort were instrumental in the smooth execution of the event, ensuring its success and positive reception among the participants. Graced by the presence of Mr. Venkat from Alert NGO as the chief guest, the event provided attendees with a blend of theoretical knowledge and practical training. The hands-on sessions, led by seasoned instructors, allowed participants to engage directly with the material, practicing CPR techniques and first aid responses. The participation level was high, reflecting the community's eagerness to learn vital skills that could one day save lives. Feedback from the event was exceedingly positive, with many attendees expressing a newfound sense of confidence in their

ability to act effectively in emergencies. Thanks to the diligent coordination by Mr. Premkumar and Ms. Kiruthika, along with the invaluable contributions of Mr. Venkat and the expert instructors, the 'First Aid and CPR Awareness Workshop' has significantly bolstered the preparedness and safety consciousness within the KPRIET community, marking a step forward in creating a safer academic environment.
