Outcome

Participants enhanced SketchUp skills, learned new techniques, and shortcuts for detailed interior models. Networking opportunities facilitated connections with peers for collaborations and knowledge-sharing. They completed design projects, receiving constructive feedback for skill refinement. Exposure to diverse design concepts inspired creativity and exploration in interior projects. Organizers provided resources and tools for ongoing SketchUp and design endeavors.

Event Summary

Event started with a welcome address, Welcome address given by Ms. Nandhini from second year civil engineering, after that presidential address given by Dr. G. Anusha Head of the Department, Department of Civil Engineering, After presidential address the session handed over to guest from dream sketch interiors. Mr. Devendhiran and team take over the full session with lot of new technologies and fun filled. The following topics and technologies are trained by guest from dream sketch interiors. Participants engaged in hands-on sessions, mastering advanced techniques, shortcuts, and best practices for detailed interior models in SketchUp. Attendees connected with peers, industry professionals, and SketchUp experts, facilitating collaborations, job opportunities, and knowledge-sharing. Participants tackled various design projects, guided by experienced instructors, showcasing their creativity and newfound skills. Instructors and peers provided valuable feedback, fostering continuous learning and skill development. Exposure to diverse design concepts sparked creativity and inspired future interior projects. Last fifteen minutes of the session given for Queries and doubts. Students asking many doubts. During the workshop real life projects are showcased by guest team. After the queries clarification event finished by 12 pm.
