Outcome

Participants gained hands-on experience in iOS development, enhancing their ability to design and implement sophisticated mobile applications using the latest tools and technologies provided by Apple.

Event Summary

The KPR Institute of Engineering and Technology successfully concluded its Industry One Credit Course on iOS Development, conducted from April 25th to April 26th, 2024. The one credit course, hosted by the Department of Computer Science and Engineering (Artificial Intelligence & Machine Learning), was held at the Data Science Lab and attracted the participants keen on deepening their understanding of iOS app development. The course was led by Rizwan Ahmad and Adithya Balaji, both distinguished figures from Zoho Corporation, Chennai. Mr. Ahmad, a Lead Software Engineer, and Mr. Balaji, a Product Manager, shared their vast knowledge and practical insights, covering advanced topics tailored to equip the participants with the skills needed to excel in the field of mobile development. Dr. Karthikeyan S, the convenor, and Ms. Janani M, the coordinator, played pivotal roles in the seamless execution of this program, ensuring a conducive learning environment. The event highlighted the latest trends in iOS development and offered hands-on sessions, which were highly appreciated by the attendees. Overall, the course was a resounding success, fostering an environment of learning and innovation, and setting a benchmark for future industry-related courses at the institute.
