Students - External	10

Related SDG**Involved Staffs**

Sl	Name	Role
1	Dhivya K	Coordinator
2	Rajeshkumar V	Co-convenor

Outcome

Students script writing competition was identified.

Event Summary

India celebrates Independence Day on August 15. It is the day we remember the sacrifices made by the brave freedom fighters who struggled for our independence. India got freedom from British rule on this day in 1947. **Freedom is the soul of our country.** If you want freedom forever, never let go the freedom of country. Independence is more valuable than anything else; protect it more than everything else. It is a day to celebrate independence, with pride and confidence. Script writing competition was organized by film club in view of Independence Day. As part of Independence Day Celebrations 2020, the Ministry of Information & Broadcasting along with NFDC is organizing and hosting an Online Short Film Competition to create a patriotic mood surrounding this year's Independence Day in the context of the challenges being faced by the nation. The movie Independence Day teaches us that **victory is more important than principles.** **The Short Film Award recognises short-form works with a unique cinematic voice and a confident handling of chosen theme and content.** The term **featurette** originally was used for a movie or film longer than a short subject, but shorter than a standard feature film. Documentaries are almost always short films. Short films provide an outlet for creative expression, an opportunity for learning and the chance to be discovered. Totally 30 scripts received in which 20 scripts from internal and 10 scripts from external. Students actively take part in the competition. The best shorfilm was rewarded to motivate and encourage students.

MISSION SUCCESSFULLY...

SCRIPT name :

MISSION SUCCESSFULLY FAILED

Story :

" This story is based on a real life incident that happened in our college ...

that a student committed suicide considering his breakup with his schoolmate (who are in the same class in college too)he constantly thought that his girlfriend had an affair with someone)

The person continued to try getting back on his girlfriend again and again (even after the breakup) but the girl doesn't wanna be his lover anymore.

He (might have had depression) tried various things/methods to kill himself...but he was fortunately unfortunate in all those attempts.

The things he attempted include consuming various chemicals as poison and cutting the blood vessels in his hand and so and so on (he was rescued by his neighbors and hospitalized for many days)

He doesn't have a father and he's the only child to his mother. His family wasn't rich too but yet he refused to thank of his mother

Despite his mental conditions & suicidal nature...he looked good & got good attention among the students...

He sits in the last seat on the way back home (village area) daily on the college bus. His friends & bus makes tried to convince him & motivate him when they got to know about his suicidal actions.

They tried their level best and said every possible sentence that could motivate him like "Unakum innum nalla ponnu keacappa" "Friends naangaam sukomba", "Suicide panna maanen nu sathibiyam pannu" to live on but he didn't took any of them seriously.

And a few months later...He killed himself by consuming another poison!

With his girlfriend is still studying in that same class & everyone knowing this matter...he made her suffer even after his death

Even Though he succeeded in his mission...But his Life failed miserably!!

My Personal notes:

- I was one of his busmates (before I bought my bike)
- (Not yet very close friend)and I never took his problem seriously until his death!
- He is senior to me (he was a lateral entry student in mechanical (he was in 2nd yr and I was in 2nd yr that time)
- I'm not an expert in this incident until I don't know his life story completely...this script is completely of my own thoughts on this incident.
- And still I know it: "His life wasn't meant to end like that and this happens to many youngsters now a days...they grow up watching movies normalising suicidal love feelings."
