Outcome

Students learnt new concept to create new product with waste materials

Event Summary

The event was successfully conducted with 25 students across the department. Initially, a welcome speech was given by the arts club coordinator, Mr. Kamalesh. A presentation was given about the craft's usefulness and interest. All participants were shown videos on how to make crafts, and the craft was started with ice cream sticks, paper cups, cardboard, and colored papers.

All the students were given the craft materials and the way of doing the craft was explained by the arts club coordinators, and the same was executed by all the participants.

All the students did one craft with the given materials. The feedback session was held at the end, where all the participants gave wonderful feedback and expected us to conduct more events. photographs of all the craft were taken and posted in all the social medias, finally vote of thanks was given by arun, club coordinator.
