## Outcome

The Data Palooza 2023 provided a platform for students to showcase their innovative solutions, receive valuable feedback from industry experts, and network with each other. We are committed to providing more opportunities for students to learn, grow, and develop their skills in the future.

## Event Summary

In the **2023 Data Palooza** event, over 20 teams of 50 students from diverse backgrounds came together to showcase their innovative solutions and ideas to a panel of judges, including two esteemed industry leaders.

The teams presented their projects to the judges, who evaluated them based on three criteria: **Most Innovative**, **Most Impactful**, and **Best Presentation**. The presentations covered a broad range of topics, from addressing social and environmental issues to developing new technology solutions.

The judges were thoroughly impressed by the high level of creativity and originality displayed by the participants, as well as their effective and confident presentations. After careful consideration, the winners were announced with **Team Uvira** taking home the award for Most Innovative, **Team Brainy Badgers** for Most Impactful, and **Team Protos Tech** for Best Presentation.

We would like to extend our sincere thanks to the judges for their valuable expertise and contributions to the event. We also extend our gratitude to all the participating teams for making the event a great success.

The Data Palooza 2023 provided a platform for students to showcase their innovative solutions, receive valuable feedback from industry experts, and network with each other. We are committed to providing more opportunities for students to learn, grow, and develop their skills in the future.
