CAC017**NBA Accredited**
(CSE, ECE, EEE,
MECH, CIVIL)**HEALTH, SAFETY & ENVIRONMENT PROFESSION AS CAREER OPTION**

Event No	CAC017
Organizing Department	Career Advancement Cell
Associate Dept. NSC	Chemical Engineering
Date	14/10/2022
Time	02:30 PM to 03:30 PM
Event Type	Webinar
Event Level	Dept. Level
Venue	Online mode
Meeting Medium	
Meeting Link	https://meet.google.com/sky-emzb-juq
Total Participants	82
Faculty - Internal	2
Students - Internal	80

Related SDG

Involved Staffs

Sl	Name	Role
1	Murugesan K	Convenor

Outcome

Students gained basic knowledge about industry and environmental safety in chemical engineering.

Event Summary

A report on - HSE) Health, safety & Environment profession as a career option.

Safety precautions, only in chemical industries? Only in industries? We have to follow safety precautions even in our day-to-day life as well as workplace wherever it is like Educational institution, any kind of office etc. and not only in industries. We are chemical engineers and talking safety in chemical industry only? No. Any industry we have to follow Health, Safety and Environmental (HSE) aspect things. So, this webinar give an insight to the buddy engineers to know about the HSE. We are organizing seminars and webinars not only from our country also from global industry persons. Here one of the milestone.

Career Advancement cell and Department of chemical Engineering jointly organized Industrial Lecture on “(HSE) Health , safety & Environment profession as a career option” in association with IChE Student Chapter. 140 students had attended the program held at an online meet ,presented his talk and inspired the students with his experience and expression knowledge on Health aspects and safety management in industries that should be followed and the various opportunities chemical engineers had in these sectors .At the end of the session, Mr. Raghavendra Kiran interacted with the students and faculty members, and cleared their doubts in Health , safety & Environment and helped us in learning chemical engineering aspects in it .It was a very useful and interacting session for students and faculty members. Finally, students gained basic knowledge about industry and environmental safety in chemical engineering.
