·   GitHub is a for-profit company that offers a cloud-based Git repository hosting service. Essentially, it makes it a lot easier for individuals and teams to use Git for version control and collaboration.

·   A LinkedIn profile is a great way for you to let people know who you are, what you stand for, and what you're interested in.

·   It helps to create the GitHub and LinkedIn Profile Creation. The Students came to know about profile update and how to create a space to work.
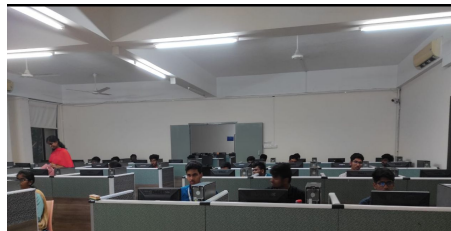

The content of workshop includes:

1)   Importance of GitHub profile
2)   Impact of GitHub profile
3)   Git hub profile Creation
4)   Importance of LinkedIn profile
5)   Impact of LinkedIn profile
6)   LinkedIn profile Creation
7)   Networking people
8)   Digital profile benefits

It helps to exchange academic information among students, faculty and industry professionals. They can use the profiles for showcasing their achievements.

Ø The event was organized by Dr. R.Devi Priya HoD/Computer science and Business Systems and Dr.T.RajaSekaran, Associate Head / Computer science and Business Systems

Ø   The session was handled by C.S Shiran, student / Computer Science and Business Systems and VP.Hari Harran, D.K Pranneth and L. Tharunika, Student Coordinators / Computer Science and Business Systems.
