Outcome

The inauguration event for the Institution of Engineers (India) typically includes keynote speeches, panel discussions, and networking opportunities for all members, including students. The event provides a platform for students to connect with engineering professionals and learn about the latest developments and trends in the industry. Additionally, the event may provide students with the opportunity to showcase their research work and projects to the broader engineering community.

Event Summary

The Institution of Engineers (India) IEI has been recognized as a Scientific and Industrial Research Organization (SIRO) by the Ministry of Science & Technology, Govt. of India. Besides conducting research, it provides Grant-in-Aid to Engineering Institutes & Universities students. IEI issues membership certification to eligible engineers, technologists and scientists. This Institution also issues Professional Engineer certifications in various engineering disciplines. The State / Local Centre of IEI, spread across the country, organize technical activities and provide a platform for stakeholders, technocrats, policymakers and others to share their expertise to benefit the engineering fraternity. The IEI also offers a range of programs and resources specifically designed for engineering students. These include scholarships, competitions, workshops, and training programs that aim to support students in their academic and professional development.
