Event Summary

Dept. of Computer Science and Engineering organizes an industry one credit course on "Foundation course on AR and VR" for the students of II Year CS, a count of 71 students registered for the course. The event was scheduled on 31. 03. 2023 and 01. 04. 2023, Mr. Baran V, CEO and XR solution architect, Yaksha Visual Technologies Pvt Ltd, Chennai and Mr. Durairaj, VR Developer are the resource person for the course. Mr. Baran has completed his B.Tech in IT from PSG College of Technology during 2005, he has more than 18 years of IT experience. He started his Yaksha Visual Technologies by 2013 and he is more passionate about AR and VR application. He is a consultant for IIT Madras in developing XR based solutions. Mr. Durairaj, Technical Lead and solution architect in XR has 8 years of experience in XR domain.

The session started with the introduction of the resource person and about the company. Mr. Baran started the session by giving an introduction to the XR domain, the opportunities in XR domain, history and how the technology has evolved over the years, listed the pioneers in the field and forerunners in both the hardware and software parts. Then Mr. Durairaj explained about the Unity game engine, various features of the Game Engine, some of the concepts like teleport, grabbing objects as a basic for developing the application. He then explained about the settings that have to be done before starting of any AR and VR application. He then started developing an application both AR and VR by detailing on adding the components. Students have cleared doubts with the resource persons.
